Dear Sir,

Thank you for your e-mail. Is it possible you could provide a postal address so that we can formally register you as an objector to this application.

Kind regards
Caroline O'Neill

Re: E41 Paget Road and E42

Sand Pit Arlesford Pedestrian Crossings Wivenhoe Essex

I wish to again add my name to

the list of local residents protesting against the proposed closure of the pedestrian crossings at the above named points in Wivenhoe: 1) both are HEAVILY used; 2) there is excellent extensive visibility in BOTH directions; 3) and there has never in all their long history of many many decades been an injury to any person. Please keep these crossings open, they are vital for continuing the fluidity of local movement, and their closure, just to please Network Rail's profits, would very negatively impact many, many people in the lower end of the village. The

alternative route to Paget Road, up and down the steep unpaved Anglesea Road, is a third again as long as crossing at Paget Road, and the top of Queens Road is VERY steep, both routes very difficult to negotiate. So we are relying on government to keep these access points open, particularly that on |Paget Road..

Thank you for
your consideration which is much appreciated!
Yours sincerely,

Dr L J Bartholomew .
