Good Morning

I acknowledge receipt of your letter dated 31<sup>st</sup> March 2017 regarding the above.

Our records show that we do have apparatus located in the proposed development of working in Suffolk in certain area. As your documents do not state what sort of works you are looking to commence I cannot comment on whether these assets will be affected and how. If us wish to have the copy's of our GIS records please let me know

We have no objection to this development subject to compliance with our requirements, consent is given to the development on the condition that a water connection is made onto our Company network for the new dwelling for revenue purposes.
