Introduction

1. My name is Gordon Bird. I am the Ramblers Footpath Secretary covering Brentwood District. I have held this post for eight years. I have been a keen walker for over 50 years. I have lived in Essex for 46 years and have regularly walked the local footpath network.

2. Ms Bullivant was the Ramblers Footpath Secretary covering Havering London Borough in September 2017 (when her proof of evidence was submitted in advance of the Inquiry commencing in October 2017) but during the adjournment she has moved on from her position and involvement with the Ramblers. As noted in paragraph 3 of her proof, her evidence represented the view of the Ramblers Essex Area Footpath Committee.

2.

3. In reviewing Network Rail's proposed closure of HA4 Eves level crossing both Ms Bullivant and I undertook a joint visit, on 1st September 2017. Ms Bullivant's observations from this site visit are listed in her Proof of Evidence at paragraphs 7 to 13, 16 to 25 and 29 to 32 My observations mirror hers.
4. I have re-read the proof of evidence of Ms Bullivant on HA4 Eve's Crossing (OBJ/148/W-025).

5. I note that I agree with and, through this proof of evidence, formally adopt the statements made by Ms Bullivant in her proof of evidence.

Update to the Lower Thames Crossing

6. Public consultations have commenced regarding the Lower Thames Crossing (LTC) development. I attended the consultation held in Orsett on Tuesday 16th October 2018. and discussed with LTC representatives the plans and proposals for PROW's affected by the development. Although the plans are still subject to change, at this stage Footpath 252 which uses HA4 Eves level crossing is unaffected.

Conclusion

7. Following on from the above, the Ramblers maintains its position, as set out in paragraphs 29 – 34 and 36 of Ms Bullivant's proof of evidence, and, through this proof of evidence, I formally adopt the statements made in these paragraphs on behalf of the Ramblers.
