

TRANSPORT AND WORKS ACT 1992

THE NETWORK RAIL (ESSEX AND OTHERS LEVEL CROSSING REDUCTION) ORDER
("THE ORDER") INQUIRY 13.02.2019

NOTE ON FILLED-UP ORDER DATED 29.01.2019

1 Changes to Filled-Up Order dated 13.02.2019

- 1.1 This note explains the further amendments to the Order dated 13.02.2019 submitted to the inquiry on that date. These changes are in addition to those in the filled-up Order (FUO) submitted to the Inspector on 18.10.2017 (NR-101), on 2.10.2018 (NR-128) which were described in explanatory note (NR-127) and the filled up Order dated 29.1.19 (NR 170) and accompanying note (NR 169).

Further amendments arising as a result of discussions with landowners**1.2 Crossing E12 Wallaces**

As explained in NR 169 and at inquiry on Day 41 Network Rail has reached agreement with Audley End Estate on closure of crossing of E12 Wallaces privately, without the need to rely on powers in the Order. Network Rail has withdrawn the crossing from the Order, and the amendments to reflect that are:

- (a) Article 25(2): deletion of paragraph (b) entry for "Wallaces";
- (b) Schedule 5, deletion of the whole entry for the Parish of Wendens Ambo, and
- (c) Schedule 6, on the third page, deletion within the entry for Parish of Wendens Ambo, to "plots 4 and 6 Worksite".

The Inspector should therefore disregard sheet 20 of the Order plans.

Crossing E26 Barbara Close

- 1.3 As explained at inquiry on Day 44 the necessary works to the highway within Order limits at Ironwell Lane, District of Rochford and Parish of Hawkwell have already been undertaken. As a result Network Rail has removed the references to Ironwell Lane in Schedule 8 (Streets subject to Street Works) and Schedule 9 (Streets to be temporarily stopped up).

Other minor changes to the Order

- 1.4 Minor corrections have been made:

- 1.4.1 In article 13(2), the cross-reference in the first to correctly refer to paragraphs (3) and (5)
- 1.4.2 Following discussion during the Order modifications session and in response to concerns raised initially by the Ramblers and supported by Essex County Council, Network Rail has amended the Order to include the additional wording in article 14 agreed between the parties and submitted in NR 186.

(2) Without limitation on the scope of the specific powers conferred by paragraph (1) but subject to paragraph (3), Network Rail may, for the purposes of constructing and maintaining any authorised work, alter the layout of any street within the Order limits and the layout of any street having a junction with such a street; and, without limitation on the scope of that power, Network Rail may—

(3) Network Rail must restore to the reasonable satisfaction of the street authority any street which has been temporarily altered under this article.

(5) If within 28 days of receiving an application for consent under paragraph (4) a street authority fails to notify Network Rail of its decision or refuses consent without giving any grounds for its refusal that street authority is deemed to have granted consent.

Power to execute street works

8.—(1) Network Rail may, for the purposes of the authorised works, enter on any of the streets specified in Schedule 8 (streets subject to street works) as are within the Order limits to the extent necessary and may—

- (b) place apparatus in the street;
- (c) maintain apparatus in the street or change its position; and

(2) In this article “apparatus” has the same meaning as in Part 3 of the 1991 Act.

Temporary stopping up of streets

9.—(1) Network Rail, during and for the purposes of the execution of the authorised works, may temporarily stop up, alter or divert any street and may for any reasonable time—

- (a) divert the traffic from the street; and

(b) subject to paragraph (3), prevent all persons from passing along the street.

(2) Without limitation on the scope of paragraph (1), Network Rail may use any street stopped up under the powers conferred by this article within the Order limits as a temporary working site.

(3) Network Rail must provide reasonable access for pedestrians going to or from premises abutting on a street affected by the temporary stopping up, alteration or diversion of a street under this article if there would otherwise be no such access.

(4) Without limitation on the scope of paragraph (1), Network Rail may temporarily stop up, alter or divert the streets specified in columns (1) and (2) of Schedule 9 (streets to be temporarily stopped up) to the extent specified, by reference to the letters and numbers shown on the deposited plans, in column (3) of that Schedule.

(5) Network Rail must not exercise the powers conferred by this article—

(a) in relation to any street specified as mentioned in paragraph (4) without first consulting the street authority; and

(b) in relation to any other street without the consent of the street authority which may attach reasonable conditions to any consent, but such consent must not be unreasonably withheld.

(6) Any person who suffers loss by the suspension of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(7) If within 28 days of receiving an application for consent under paragraph (5)(b) a street authority fails to notify Network Rail of its decision or refuses consent without giving any grounds for its refusal that street authority is deemed to have granted consent.

Construction and maintenance of new or altered streets

10.—(1) This article applies to streets which are not a byway open to all traffic, restricted byway, bridleway or footpath.

(2) Where a street is altered or diverted under this Order, the altered or diverted part of the street must, when completed to the reasonable satisfaction of the street authority, unless otherwise agreed with the street authority, be maintained by and at the expense of Network Rail for a period of 12 months from its completion and from the expiry of that period by and at the expense of the street authority.

(3) Paragraph (2) does not apply in relation to the structure of any bridge or tunnel carrying a street over or under any railway of Network Rail and except as provided in those paragraphs Network Rail is not liable to maintain the surface of any street under or over which the scheduled works are constructed, or the immediate approaches to any such street.

(4) In any action against Network Rail in respect of loss or damage resulting from any failure by it to maintain a street under this article, it is a defence (without affecting any other defence or the application of the law relating to contributory negligence) to prove that Network Rail had taken such care as in all the circumstances was reasonably required to secure that the part of the street to which the action relates was not dangerous to traffic.

(5) For the purposes of a defence under paragraph (4), the court must in particular have regard to the following matters—

(a) the character of the street and the traffic which was reasonably to be expected to use it;

(b) the standard of maintenance appropriate for a street of that character and used by such traffic;

(c) the state of repair in which a reasonable person would have expected to find the street;

(d) whether Network Rail knew, or could reasonably have been expected to know, that the condition of the part of the street to which the action relates was likely to cause danger to users of the street; and

(e) where Network Rail could not reasonably have been expected to repair that part of the street before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that Network Rail had arranged for a competent person to carry out or supervise the maintenance of the part of the street to which the action relates unless it is also proved that Network Rail had given the competent person proper instructions with regard to the maintenance of the street and that the competent person had carried out those instructions.

(6) Nothing in this article—

- (a) affects the operation of section 87 (prospectively maintainable highways) of the 1991 Act; and Network Rail is not by reason of any duty under this article to maintain a street to be taken to be a street authority in relation to that street for the purposes of Part 3 of that Act; or

- (b) with the approval of the highway authority, form and lay out such other means of access or improve existing means of access, at such locations within the Order limits as Network Rail reasonably requires for the purposes of the authorised works.

(2) If a highway authority fails to notify Network Rail of its decision within 28 days of receiving an application for approval under paragraph (1)(b), that highway authority is deemed to have granted approval.

Highways subject to redesignation

12.—(1) Subject to the provisions of this article, the highways specified in column (2) of Schedule 4 (redesignation of highways) shall, on completion of works, cease to be highways of the description specified on the definitive map and statement as specified in column (3) and are designated as highways as described in column (4) of Schedule 4.

(2) In each case where a highway has been redesignated, the redesignation is to have effect as if that highway had been stopped up and immediately redesignated as described in column (4) of Schedule 4.

(3) Expressions used in this article and the Wildlife and Countryside Act 1981(a) have the same meaning in this article as in that Act.

Closure of level crossings subject to opening of new rights of way

13.—(1) Subject to paragraphs (3) and (5), the level crossings specified in column (2) of Part 1 of Schedule 2 (Closure of level crossings) are stopped-up and discontinued.

- (a) any rights of way over those crossings are extinguished to the extent specified in column (2) of Part 1 in Schedule 2; and
- (b) any public rights of way specified in column (3) of Part 1 of Schedule 2 are extinguished to the extent specified, by reference to the numbers and letters shown on the deposited plans.

(a) 1981 c.69

specified by reference to the numbers and letters shown on the deposited plans, to the reasonable satisfaction of the highway authority in accordance with article 15 (creation and maintenance of new highway) and is open for use.

(4) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(5) This article does not apply so as to extinguish the rights of statutory undertakers.

Closure of level crossings

14.—(1) Subject to paragraphs (3), (4) and (5), the level crossings listed in column (2) of Part 2 of Schedule 2 (Closure of level crossings) are stopped-up and discontinued.

(2) Upon the stopping up and discontinuance of the level crossings referred to in paragraph (1)—

- (a) any rights of way over those crossings are extinguished; and
- (b) any public rights of way specified in column (3) of Part 2 of Schedule 2 are extinguished to the extent specified, by reference to the numbers and letters shown on the deposited plans.

(3) Any person who suffers loss by the suspension or extinguishment of any private right of way under this article is entitled to compensation to be determined, in case of dispute, under Part 1 of the 1961 Act.

(4) This article does not apply so as to extinguish the rights of statutory undertakers to maintain their apparatus.

listed in that Part of that Schedule, such alterations to existing highway authorised by this Order as agreed with the highway authority has been constructed and completed within Order limits to the reasonable satisfaction of the highway authority in accordance with article 15 (creation and maintenance of new highway) and is open for use.

Creation and maintenance of new highway

15.—(1) The new highways specified in column (4) of Part 1 in Schedule 2 (closure of level crossings) are to be completed to the reasonable satisfaction of the highway authority and are to be maintained by and at the expense of Network Rail for a period of 12 months from their completion and after the expiry of that period by and at the expense of the highway authority.

(2) On completion of each new highway in accordance with paragraph (1), and subject to article 29 (Traffic regulation), it is to have the legal status specified in column (4) of Part 1 in Schedule 2.

(3) Section 28 (compensation for loss caused by public path creation order) of the 1980 Act is to apply to each new highway specified in column (4) of Part 1 in Schedule 2 as if that new highway had been created by a public path creation order.

(4) In its application by virtue of paragraph (3), section 28 of the 1980 Act is to have effect with the modifications mentioned in paragraphs (5) to (7):

(5) In sub-section (1), substitute the words “Network Rail” for the words “the authority by whom the Order was made”.

(6) For sub-section (2), substitute—

“(2) A claim for compensation under this section is to be made to Network Rail in writing before the end of the period of 6 months beginning with the day on which the public right of way first becomes exercisable and is to be served on Network Rail by delivering it at, or

by sending it by pre-paid post to [the registered office of Network Rail Infrastructure Limited].”

(7) Sub-section (3) is omitted.

(8) For the purposes of paragraphs (3) to (7), section 307 (disputes as to compensation which are to be determined by Lands Tribunal and related provisions) of the 1980 Act, in its application to section 28 by virtue of section 307(1), is to have effect as if in sub-section (2) for the words “the authority from whom the compensation in question is claimed”, the words “Network Rail” are substituted.

(9) In any action against Network Rail in respect of loss or damage resulting from any failure by it to maintain the new highway, it is a defence (without affecting any other defence or the application of the law relating to contributory negligence) to prove that Network Rail had taken such care as in all the circumstances was reasonably required to secure that the part of the new highway to which the action relates was not dangerous to traffic.

(10) For the purposes of a defence under paragraph (9), the court must in particular have regard to the following matters—

- (a) the character of the new highway and the traffic which was reasonably to be expected to use it;
- (b) the standard of maintenance appropriate for a highway of that character and used by such traffic;
- (c) the state of repair in which a reasonable person would have expected to find the new highway;
- (d) whether Network Rail knew, or could reasonably have been expected to know, that the condition of the part of the new highway to which the action relates was likely to cause danger to users of the new highway;
- (e) where Network Rail could not reasonably have been expected to repair that part of the new highway before the cause of action arose, what warning notices of its condition had been displayed,

but for the purposes of such a defence it is not relevant to prove that Network Rail had arranged for a competent person to carry out or supervise the maintenance of the part of the new highway to which the action relates unless it is also proved that Network Rail had given the competent person proper instructions with regard to the maintenance of the new highway and that the competent person had carried out those instructions.

(11) The new highways are to be treated as completed to the satisfaction of the highway authority for the purpose of paragraph (1) if it fails to reply to a request for certification that it is satisfied with the work within 28 days of receiving the request.

(12) Where any highway created under this article passes over a scheduled work, the highway extends to include the scheduled work.

Supplemental Powers

Discharge of water

16.—(1) Network Rail may use any watercourse or any public sewer or drain for the drainage of water in connection with the construction, operation or maintenance of the authorised works and for that purpose may lay down, take up and alter pipes and may, on any land within the Order limits, make openings into, and connections with, the watercourse, public sewer or drain.

(2) Any dispute arising from the making of connections to or the use of a public sewer or drain by Network Rail under paragraph (1) is to be determined as if it were a dispute under section 106 (right to communicate with public sewers) of the Water Industry Act 1991(a).

(a) 1991 c. 56. Section 106 was amended by sections 35(1) and (8) and 43(2) of, and Schedule 2 to, the Competition and Service (Utilities) Act 1992 (c. 43), sections 36(2) and 99 of the Water Act 2003 (c. 37) and paragraph 16(1) of Schedule 3 to the Flood and Water Management Act 2010 (c. 29).

(3) Network Rail must not discharge any water into any watercourse, public sewer or drain except with the consent of the person to whom it belongs; and such consent may be given subject to such terms and conditions as that person may reasonably impose, but must not be unreasonably withheld.

(4) Network Rail must not make any opening into any public sewer or drain except—

- (a) in accordance with plans approved by the person to whom the sewer or drain belongs, but such approval must not be unreasonably withheld; and
- (b) where that person has been given the opportunity to supervise the making of the opening.

(5) Network Rail must not, in the exercise of the powers conferred by this article, damage or interfere with the bed or banks of any watercourse forming part of a main river.

(6) Network Rail must take such steps as are reasonably practicable to secure that any water discharged into a watercourse or public sewer or drain under the powers conferred by this article is as free as may be practicable from gravel, soil or other solid substance, oil or matter in suspension.

(7) Nothing in this article overrides the requirement for an environmental permit under regulation 12(1)(b) of the Environmental Permitting (England and Wales) Regulations 2016(a).

(8) If a person who receives an application for consent or approval fails to notify Network Rail of a decision within 28 days of receiving an application for consent under paragraph (3) or approval under paragraph (4)(a) that person is deemed to have granted consent or given approval, as the case may be.

(9) In this article—

- (a) “public sewer or drain” means a sewer or drain which belongs to a sewerage undertaker, the Environment Agency, an internal drainage board, or a local authority; and
- (b) other expressions, excluding watercourse, used both in this article and in the Water Resources Act 1991(b) have the same meaning as in that Act.

Power to survey and investigate land

17.—(1) Network Rail may for the purposes of this Order—

- (a) survey or investigate any land shown within the Order limits;
- (b) without limitation on the scope of sub-paragraph (a), make trial holes in such positions on the land as Network Rail thinks fit to investigate the nature of the surface layer and subsoil and remove soil samples;
- (c) without limitation on the scope of sub-paragraph (a), carry out ecological or archaeological investigations on such land;
- (d) place on, leave on and remove from the land apparatus for use in connection with the survey and investigation of land and making of trial holes; and
- (e) enter on the land for the purpose of exercising the powers conferred by sub-paragraphs (a) to (d).

(2) No land may be entered or equipment placed or left on or removed from the land under paragraph (1) unless at least 7 days’ notice has been served on every owner and occupier of the land.

(3) Any person entering land under this article on behalf of Network Rail—

- (a) must, if so required, before or after entering the land produce written evidence of authority to do so including any warrant issued under paragraph (4);
- (b) may not use force unless a justice of the peace has issued a warrant under paragraph (4) authorising the person to do so; and

(a) S.I. 2016/1154.

(b) 1991 c.57.

- (c) may take onto the land such vehicles and equipment as are necessary to carry out the survey or investigation or to make the trial holes.
- (4) A justice of the peace may issue a warrant authorising a person to use force in the exercise of the power conferred by this article if satisfied—
- (a) that another person has prevented or is likely to prevent the exercise of that power, and
 - (b) that it is reasonable to use force in the exercise of that power.
- (5) The force that may be authorised by the warrant is limited to that which is reasonably necessary.
- (6) A warrant authorising the person to use force must specify the number of occasions on which Network Rail can rely on the warrant when entering and surveying or valuing land.
- (7) The number specified must be the number which the justice of the peace considers appropriate to achieve the purpose for which the entry and survey or valuation are required.
- (8) Any evidence in proceedings for a warrant under this article must be given on oath.
- (9) No trial holes are to be made under this article—
- (a) in a carriageway or footway without the consent of the highway authority; or

- (11) If either a highway authority or a street authority which receives an application for consent fails to notify Network Rail of its decision within 28 days of receiving the application for consent—
- (a) under paragraph (9)(a) in the case of a highway authority; or
 - (b) under paragraph (9)(b) in the case of a street authority,
- that authority is deemed to have granted consent.

(6) Any dispute as to a person's entitlement to compensation under paragraph (5), or as to the amount of the compensation, is to be determined under Part 1 of the 1961 Act.

(7) Without affecting article 36 (no double recovery), nothing in this article affects any liability to pay compensation under section 10(2)(a) (further provision as to compensation for injurious affection) of the 1965 Act or under any other enactment in respect of loss or damage for which compensation is payable under paragraph (5).

(8) Where Network Rail takes possession of land under this article, it is not required to acquire the land or any interest in it.

- (a) any interest in land; or
- (b) any enhancement of the value of any interest in land by reason of any building erected, works executed or improvement or alteration made on relevant land,

if the tribunal is satisfied that the creation of the interest, the erection of the building, the execution of the works or the making of the improvement or alteration was not reasonably necessary and was undertaken with a view to obtaining compensation or increased compensation.

(2) In paragraph (1) “relevant land” means the land acquired from the person concerned or any other land with which he is, or was at the time when the building was erected, the works executed or the improvement or alteration made, directly or indirectly concerned.

- (iii) Network Rail's entry onto; or
- (iv) Network Rail's taking temporary possession of,

the land, that any or all of those paragraphs do not apply to any right of way specified in the notice; and

(8) If any such agreement as is mentioned in sub-paragraph (7)(b) is expressed to have effect also for the benefit of those deriving title from or under the person in or to whom the right of way in question is vested or belongs, it is effective in respect of the persons so deriving title, whether the title was derived before or after the making of the agreement.

Extinguishment of private rights over accommodation crossings

25.—(1) Subject to paragraphs (3) and (4) all private rights of way (if any) over the level crossings specified in paragraph (2) are extinguished.

(2) The powers conferred by article 20 (power to acquire new rights) and article 21 (temporary use of land for construction of works) cease at the end of the period referred to in paragraph (1), except that nothing in this paragraph prevents Network Rail remaining in possession of land after the end of that period, if the land was entered and possession was taken before the end of that period.

PART 4

TRAFFIC REGULATION

28.—(1) Network Rail may, for the purposes of or in connection with the construction or operation of the authorised works, place or maintain traffic signs on any street within the Order limits, or on any street in connection with any instrument made under article 29 (traffic regulation) or any other street as reasonably required for conveying information to traffic.

(2) Network Rail—

(3) Any power conferred by section 65 of the 1984 Act to give directions to a traffic authority or local traffic authority as to traffic signs includes a power to give directions to Network Rail as to traffic signs under this article; and, accordingly, the powers conferred by paragraph (1) are exercisable subject to and in conformity with any directions given under that section.

(4) Expressions used in this article and in the 1984 Act have the same meaning in this article as in that Act.

Traffic regulation

29.—(1) Subject to the provisions of this article and the consent of the traffic authority in whose area the road concerned is situated, such consent not to be unreasonably withheld, Network Rail may, in so far as may be necessary or expedient for the purposes of, in connection with, or in consequence of the construction, maintenance or operation of the authorised works—

(3) Network Rail must consult the chief officer of police and the traffic authority in whose area the road is situated before complying with the provisions of paragraph (4).

(4) Network Rail must not exercise the powers conferred by paragraph (1) unless it has—

- (a) given not less than—

(1) In the provisions of the 1990 Act, as applied by sub-paragraph (1), references to the appropriate Minister are references to the Secretary of State.

(2) Where any apparatus of public utility undertakers or of a public communications provider is removed in pursuance of a notice or order given or made under section 271, 272 or 273 of the 1990 Act, as applied by sub-paragraph (1), any person who is the owner or occupier of premises to which a supply was given from that apparatus is entitled to recover from Network Rail compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of effecting a connection between the premises and any other apparatus from which a supply is given.

(3) Sub-paragraph (3) does not apply in the case of the removal of a public sewer but where such a sewer is removed in pursuance of such a notice or order as is mentioned in that paragraph, any person who is—

- (a) the owner or occupier of premises the drains of which communicated with that sewer; or
- (b) the owner of a private sewer which communicated with that sewer,

is entitled to recover from Network Rail compensation in respect of expenditure reasonably incurred by that person, in consequence of the removal, for the purpose of making the drain or sewer belonging to that person communicate with any other public sewer or with a private sewerage disposal plant.

(4) The provisions of the 1990 Act mentioned in sub-paragraph (1), as applied by that sub-paragraph, do not have effect in relation to apparatus as respects which paragraph 2, or Part 3 of the 1991 Act, applies.

(5) In this paragraph—

“public communications provider” has the same meaning as in section 151(1) of the 2003 Act; and

“public utility undertakers” has the same meaning as in the 1980 Act (c), and

“apparatus” has the same meaning as in Part 3 of the 1991 Act.

(a) Sections 272 to 274 were amended by paragraph 103(1) and (2) of Schedule 17 to the Communications Act 2003 (c. 21).

 (c) The definition of “public utility undertakers” was amended by section 190(3) of, and part 1 of Schedule 27 to, the Water Act 1989 (c. 15) and section 112(4) of, and Schedule 18 to, the Electricity Act 1989 (c. 29).

MODIFICATION OF COMPENSATION AND COMPULSORY PURCHASING ENACTMENTS FOR CREATION OF NEW RIGHTS

Compensation enactments

1. The enactments for the time being in force with respect to compensation for the compulsory purchase of land apply, with the necessary modifications as respects compensation, in the case of a compulsory acquisition under this Order of a right by the creation of a new right, as they apply as respects compensation on the compulsory purchase of land and interests in land.

2.—(1) Without limitation on the scope of paragraph 1, the 1961 Act has effect subject to the following modification set out in sub-paragraph (2).

(2) For section 5A (5A) of the 1961 Act (relevant valuation date), substitute—

“(5A) If—

- (a) the acquiring authority enters on land for the purpose of exercising a right in pursuance of a notice of entry under section 11(1) of the 1965 Act (as modified by paragraph 5(5) of Schedule 12 to the Network Rail (Essex and Others Level Crossing Reduction) Order 201[X] (“the 201[X] Order”);
- (b) the acquiring authority is subsequently required by a determination under paragraph 12 of Schedule 2A to the 1965 Act (as substituted by paragraph 5(8) of Schedule 12 to the Network Rail (Essex and Others Level Crossing Reduction) Order 201[X]) to acquire an interest in the land, and
- (c) the acquiring authority enters on and takes possession of that land,

the authority is deemed for the purposes of subsection (3)(a) to have entered on that land when it entered on that land for the purpose of exercising that right.”

3.—(1) Without limitation on the scope of paragraph 1, the Land Compensation Act 1973(a) has effect subject to the modifications set out in sub-paragraph (2).

(2) In section 44(1) (compensation for injurious affection), as it applies to compensation for injurious affection under section 7 (measure of compensation in case of severance) of the 1965 Act as substituted by paragraph 5(3)—

- (a) for the words “land is acquired or taken” substitute “a right over land is purchased”; and
- (b) for the words “acquired or taken from him” substitute “over which the right is exercisable”.

Application of Part 1 of the 1965 Act

4. Part 1 (compulsory purchase under Acquisition of Land Act 1946) of the 1965 Act, as applied by article 18, applies to a compulsory acquisition of rights under article 20(1) (power to acquire new rights)—

- (a) with the modifications specified in paragraph (5), and
- (b) with such other modifications as may be necessary.

5.—(1) The modifications referred to in paragraph 4(a) are as follows.

(2) References in the 1965 Act to land are, in appropriate contexts, to be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired, or

(a) 1973 c. 26.

(b) the land over which the right is, or is to be, exercisable.

(3) For section 7 of the 1965 Act substitute—

“7. Measure of compensation in purchase of new right

In assessing the compensation to be paid by the acquiring authority under this Act, regard shall be had, not only to the extent (if any) to which the value of the land over which the right is acquired is depreciated by the acquisition of the right, but also to the damage (if any) to be sustained by the owner of the land by reason of its severance from other land of the owner, or injuriously affecting that other land by the exercise of the powers conferred by this or the special Act.”

(4) The following provisions of the 1965 Act (which state the effect of a deed poll executed in various circumstances where there is no conveyance by persons with interests in the land)—

section 9(4) (failure of owners to convey),

paragraph 10(3) of Schedule 1 (owners under incapacity),

paragraph 2(3) of Schedule 2 (absent and untraced owners), and

paragraphs 2(3) and 7(2) of Schedule 4 (common land),

are modified so as to secure that, as against persons with interests in the land which are expressed to be overridden by the deed, the right which is to be acquired compulsorily is vested absolutely in the acquiring authority.

(5) Section 11(a) (powers of entry) of the 1965 Act is modified so as to secure that, where the acquiring authority has served notice to treat in respect of any right as well as the notice required by subsection (1) of that section, it has power, exercisable in the same circumstances and subject to the same conditions, to enter for the purpose of exercising that right; and sections 11A(b) (powers of entry further notices of entry), 11B(c) (counter-notice requiring possession to be taken on a specified date), 12(d) (penalty for unauthorised entry) and 13(e) (entry on warrant in the event of obstruction) of that Act are modified accordingly.

(6) Section 20(f) (tenants at will etc.) of the 1965 Act applies with the modifications necessary to secure that persons with such interests in land as are mentioned in that section are compensated in a manner corresponding to that in which they would be compensated on a compulsory acquisition of the land, but taking into account only the extent (if any) of such interference with such interests as is actually caused, or likely to be caused, by the exercise of the right in question.

(7) Section 22 (interests omitted from purchase) of the 1965 Act (as modified by article 18(7)) is modified so as to enable the acquiring authority, in circumstances corresponding to those referred to in that section, to continue to be entitled to exercise the right acquired, subject to compliance with that section as respects compensation.

(8) For Schedule 2A to the 1965 Act substitute—

-
- (a) Section 11 was amended by section 34(1) of, and Schedule 4 to, the Acquisition of Land Act 1981 (c.67), section 3 of, and part 1 of Schedule 1 to, the Housing (Consequential Provisions) Act 1985 (c. 71), section 14 of, and paragraph 12(1) of Schedule 5 to, the Church of England (Miscellaneous Provisions) Measure 2006 (No. 1) and S.I. 2009/1307.

- (e) Section 13 was amended by sections 62(3), 139(4) to (9) and 146 of, and paragraphs 27 and 28 of Schedule 13 and part 3 of Schedule 23 to, the Tribunals, Courts and Enforcement Act 2007 (c.15).
- (f) Section 20 was amended by paragraph 4 of Schedule 15 to the Planning and Compensation Act 1991 and S.I. 2009/1307.

“SCHEDULE 2A COUNTER-NOTICE REQUIRING PURCHASE OF LAND

Introduction

1. This Schedule applies where an acquiring authority serve a notice to treat in respect of a right over a house, building or factory.

2. In this Schedule, “house” includes any park or garden belonging to a house.

Counter-notice requiring purchase of land

3. A person who is able to sell the house, building or factory (“the owner”) may serve a counter-notice requiring the authority to purchase the owner’s interest in the house, building or factory.

4. A counter-notice under paragraph 3 must be served within the period of 28 days beginning with the day on which the notice to treat was served.

Response to counter-notice

5. On receiving a counter-notice, the acquiring authority must decide whether to—

- (a) withdraw the notice to treat,
- (b) accept the counter-notice, or
- (c) refer the counter-notice to the Upper Tribunal.

6. The authority must serve notice of its decision on the owner within the period of 3 months beginning with the day on which the counter-notice is served (“the decision period”).

7. If the authority decide to refer the counter-notice to the Upper Tribunal it must do so within the decision period.

8. If the authority does not serve notice of a decision within the decision period it is to be treated as if it had served notice of a decision to withdraw the notice to treat at the end of that period.

9. If the authority serve notice of a decision to accept the counter-notice, the Network Rail (Essex and Others Level Crossing Reduction) Order 201X and the notice to treat are to have effect as if they included the owner’s interest in the house, building or factory.

Determination by Upper Tribunal

10. On a referral under paragraph 7, the Upper Tribunal must determine whether the acquisition of the right would—

- (a) in the case of a house, building or factory, cause material detriment to the house, building or factory, or
- (b) in the case of a park or garden, seriously affect the amenity or convenience of the house to which the park or garden belongs.

11. In making its determination, the Upper Tribunal must take into account—

- (a) the effect of the acquisition of the right,
- (b) the use to be made of the right proposed to be acquired, and
- (c) if the right is proposed to be acquired for works or other purposes extending to other land, the effect of the whole of the works and the use of the other land.

12. If the Upper Tribunal determines that the acquisition of the right would have either of the consequences described in paragraph 10, it must determine how much of the house, building or factory the authority ought to be required to take.

13. If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the Network Rail (Essex and Others Level Crossing Reduction) Order 201X and the notice to treat are to have effect as if they included the owner's interest in that land.

14.—(1) If the Upper Tribunal determines that the authority ought to be required to take some or all of the house, building or factory, the authority may at any time within the period of 6 weeks beginning with the day on which the Upper Tribunal makes its determination withdraw the notice to treat in relation to that land.

(2) If the acquiring authority withdraws the notice to treat under this paragraph they must pay the person on whom the notice was served compensation for any loss or expense caused by the giving and withdrawal of the notice.

(3) Any dispute as to the compensation is to be determined by the Upper Tribunal.”

The 1981 Act and compensation enactments

6.—(1) The 1981 Act, as applied by article 19 applies to a compulsory acquisition of a right under article 20 (power to acquire new rights) —

- (a) with the modifications specified in paragraph 7; and
- (b) with such other modifications as may be necessary.

(2) The enactments relating to compensation for the compulsory purchase of land also apply to a compulsory acquisition of a right under article 20.

7.—(1) The modifications referred to in paragraph 6(1)(a) are as follows.

(2) References in the 1981 Act to land are, in appropriate contexts, to be read (according to the requirements of the particular context) as referring to, or as including references to—

- (a) the right acquired or to be acquired; or
- (b) the land over which the right is, or is to be, exercisable.

(3) References in the 1981 Act to the 1965 Act are to be read as references to that Act as it applies to a compulsory acquisition of a right under article 20.

(4) Section 8(1) of the 1981 Act (vesting, and right to enter and take possession) is modified so as to secure—

- (a) that a general vesting declaration in respect of any right vests the right in the acquiring authority on the vesting date; and
- (b) that, as from the vesting date, the acquiring authority have power, exercisable in the same circumstances and subject to the same conditions, to enter land for the purpose of exercising that right as if the circumstances mentioned in section 8(1)(a) and (b) of the 1981 Act had arisen.

(5) Section 9(2) of the 1981 Act (right of entry under section 8(1) not exercisable in respect of land subject to certain tenancies, unless notice has been served on occupiers of the land) is modified so as to require a notice served by the appropriate authority under that provision to refer to the authority's intention to enter land specified in the notice in order to exercise the right.

(6) In section 10(1) of the 1981 Act (acquiring authority's liability on vesting of land), the reference to the acquiring authority's taking possession of the land under section 11(1) of the 1965 Act is to be read instead as a reference to the authority's exercising the power to enter the land under that provision as modified by paragraph 5(5) of this Schedule.

(7) Schedule A1 to the 1981 Act (counter-notice requiring purchase of land not in general vesting declaration) has effect as if—

- (a) in paragraph 1(1), for “part only of” there were substituted “only the acquisition of a right over”;
- (b) paragraph 1(2) were omitted;
- (c) references to the land proposed to be acquired were (subject to paragraph (e) below) to the right proposed to be acquired;
- (d) references to the additional land were to the house, building or factory over which the right is proposed to be exercisable;
- (e) in paragraphs 14 and 15, references to the severance of the land proposed to be acquired were to the acquisition of the right; and
- (f) in paragraph 15, after “in addition to” there were inserted “or in substitution for”.

“plans” includes sections, drawings, specifications and method statements;

“specified work” means a category 1 specified work or a category 2 specified work

2.—(1) Before beginning to construct any specified work, Network Rail must submit to the drainage authority plans of the specified work and such further particulars available to it as the drainage authority may within 28 days of the receipt of the plans reasonably require.

(2) Any such specified work must not be constructed except in accordance with such plans as may be approved in writing by the drainage authority, or determined under paragraph 12.

(3) Any approval of the drainage authority required under this paragraph—

- (a) must not be unreasonably withheld;
- (b) is deemed to have been given if it is neither given nor refused within 2 months of the receipt of the plans for approval and, in the case of a refusal, accompanied by a statement of the grounds of refusal; and
- (c) may be given subject to such reasonable requirements as the drainage authority may make for the protection of any drainage work, fishery, water resources, or for the prevention of flooding or pollution or in the discharge of its environmental duties.

(4) The drainage authority must use its reasonable endeavours to respond to the submission of any plans before the expiration of the period mentioned in sub-paragraph (3)(b).

3. Without limitation on the scope of paragraph 2, the requirements which the drainage authority may make under that paragraph include conditions requiring Network Rail at its own expense to construct such protective works, whether temporary or permanent, before or during the construction of the specified works (including the provision of flood banks, walls or embankments or other new works and the strengthening, repair or renewal of existing banks, walls or embankments) as are reasonably necessary—

- (a) to safeguard any drainage work against damage; or
- (b) to secure that its efficiency for flood defence purposes is not impaired and that the risk of flooding is not otherwise increased,

by reason of any specified work.

4.—(1) Subject to sub-paragraph (2), any specified work, and all protective works required by the drainage authority under paragraph 3, must be constructed—

- (a) without unnecessary delay in accordance with the plans approved or settled under this Schedule; and
- (b) to the reasonable satisfaction of the drainage authority,

(a) 1991 c. 59

and an officer of the drainage authority is entitled to watch and inspect the construction of such works.

(2) Network Rail must give to the drainage authority not less than 14 days' notice in writing of its intention to commence construction of any specified work and notice in writing of its completion not later than 7 days after the date on which it is completed .

(3) If any part of a specified work or any protective work required by the drainage authority is constructed otherwise than in accordance with the requirements of this Schedule, the drainage authority may by notice in writing require Network Rail at Network Rail's own expense to comply with the requirements of this Schedule or (if Network Rail so elects and the drainage authority in writing consents, such consent not to be unreasonably withheld or delayed) to remove, alter or pull down the work and, where removal is required, to restore the site to its former condition to such extent and within such limits as the drainage authority reasonably requires.

(4) Subject to sub-paragraph (5) and paragraph 8, if within a reasonable period, being not less than 28 days from the date when a notice under sub-paragraph (3) is served upon Network Rail, it has failed to begin taking steps to comply with the requirements of the notice and subsequently to make reasonably expeditious progress towards their implementation, the drainage authority may execute the works specified in the notice and any expenditure incurred by it in so doing is recoverable from Network Rail.

(5) In the event of any dispute as to whether sub-paragraph (3) is properly applicable to any work in respect of which notice has been served under that sub-paragraph, or as to the reasonableness of any requirement of such a notice, the drainage authority must not except in an emergency exercise the powers conferred by sub-paragraph (4) until the dispute has been finally determined.

(6) If by reason of construction of the specified work the Agency's access to flood defences or equipment maintained for flood defence purposes is materially obstructed, Network Rail must provide such alternative means of access to allow the Agency to maintain the flood defence or use the equipment no less effectively than before the obstruction.

5.—(1) Subject to sub-paragraph (5) Network Rail must from the commencement of the construction of the specified works maintain in good repair and condition and free from obstruction any drainage work which is situated within the limits of deviation and on land held by Network Rail for the purposes of or in connection with the specified works, whether or not the drainage work is constructed under the powers conferred by this Order or is already in existence.

(2) If any such drainage work which Network Rail is liable to maintain is not maintained to the reasonable satisfaction of the drainage authority, the drainage authority may by notice in writing require Network Rail to repair and restore the work, or any part of such work, or (if Network Rail so elects and the drainage authority in writing consents, such consent not to be unreasonably withheld or delayed), to remove the work and restore the site to its former condition, to such extent and within such limits as the drainage authority reasonably requires.

(3) Subject to sub-paragraph 5 and paragraph 8, if, within a reasonable period being not less than 28 days beginning with the date on which a notice in respect of any drainage work is served under sub-paragraph (2) on Network Rail, Network Rail has failed to begin taking steps to comply with the reasonable requirements of the notice and has not subsequently made reasonably expeditious progress towards their implementation, the drainage authority may do what is necessary for such compliance and may recover any expenditure reasonably incurred by it in so doing from Network Rail.

(4) In the event of any dispute as to the reasonableness of any requirement of a notice served under sub-paragraph (2), the drainage authority must not except in a case of an emergency exercise the powers conferred by sub-paragraph (3) until the dispute has been finally determined.

(5) This paragraph does not apply to—

- (a) drainage works which are vested in the drainage authority, or which the drainage authority or another person is liable to maintain and is not precluded by the powers of the Order from doing so; and

- (b) any obstruction of a drainage work for the purpose of a work or operation authorised by this Order and carried out in accordance with the provisions of this Schedule.

6. Subject to paragraph 8, if by reason of the construction of any specified work or of the failure of any such work the efficiency of any drainage work for flood defence purposes is impaired, or that drainage work is otherwise damaged, such impairment or damage must be made good by Network Rail to the reasonable satisfaction of the drainage authority and if Network Rail fails to do so, the drainage authority may make good the same and recover from Network Rail the expense reasonably incurred by it in so doing.

7.—(1) Network Rail must take all such measures as may be reasonably practicable to prevent any interruption of the free passage of fish in the fishery during the construction of any specified work.

(2) If by reason of—

- (a) the construction of any specified work; or
- (b) the failure of any such work,

damage to a fishery is caused, or the Agency has reason to expect that such damage may be caused, the drainage authority may serve notice on Network Rail requiring it to take such steps as may be reasonably practicable to make good the damage, or, as the case may be, to protect the fishery against such damage.

(3) Subject to paragraph 8, if within such time as may be reasonably practicable for that purpose after the receipt of written notice from the Agency of any damage or expected damage to a fishery, Network Rail fails to take such steps as are described in sub-paragraph (2), the drainage authority may take those steps and may recover from Network Rail the expense reasonably incurred by it in doing so.

(4) Subject to paragraph 8, in any case where immediate action by the Agency is reasonably required in order to secure that the risk of damage to the fishery is avoided or reduced, the drainage authority may take such steps as are reasonable for the purpose, and may recover from Network Rail the reasonable cost of so doing provided that notice specifying those steps is served on Network Rail as soon as reasonably practicable after the Agency has taken, or commenced to take, the steps specified in the notice.

8. Nothing in paragraphs 4(4), 5(3), 6, 7(3) and (4) authorises the drainage authority to execute works on or affecting an operational railway forming part of Network Rail's network without the prior consent in writing of Network Rail such consent not to be unreasonably withheld or delayed.

9. Network Rail must indemnify the drainage authority in respect of all costs, charges and expenses which the drainage authority may reasonably incur or have to pay or which it may sustain—

- (a) in the examination or approval of plans under this Schedule; and
- (b) in the inspection of the construction of the specified works or any protective works required by the drainage authority under this Schedule.

10.—(1) Without affecting the other provisions of this Schedule, Network Rail must indemnify the drainage authority from all claims, demands, proceedings, costs, charges, penalties, damages, expenses and losses, which may be made or taken against, recovered from, or incurred by, the drainage authority by reason of—

- (a) any damage to any drainage work so as to impair its efficiency for the purposes of flood defence;
- (b) any damage to the fishery;
- (c) any raising or lowering of the water table in land adjoining the authorised development or any sewers, drains and watercourses;
- (d) any flooding or increased flooding of any such lands, or

- (e) inadequate water quality in any watercourse or other surface waters or in any groundwater,

which is caused by the construction of any of the specified works or any act or omission of Network Rail, its contractors, agents or employees whilst engaged upon the work.

(2) The drainage authority must give to Network Rail reasonable notice of any such claim or demand and no settlement or compromise may be made without the agreement of Network Rail which agreement must not be unreasonably withheld or delayed.

11. The fact that any work or thing has been executed or done by Network Rail in accordance with plans approved by the drainage authority, or to the drainage authority's satisfaction, or in accordance with any directions or award of an arbitrator, does not relieve Network Rail from any liability under the provisions of this Schedule.

12. Any dispute arising between Network Rail and the drainage authority under this Schedule, if the parties agree, is to be determined by arbitration under article 37 (arbitration), but otherwise is to be determined by the Secretary of State for Environment, Food and Rural Affairs and the Secretary of State for Transport acting jointly on a reference to them by Network Rail or the drainage authority, after notice in writing by one to the other.

EXPLANATORY NOTE
