67	MES36540	TQ 7810 2490	Roman	A Roman bloomery called Bodiam 2 identified in Jaimie Kaminski's PhD thesis.
				An undated bloomery recorded on the Wealden Iron Research group online database. One of two sites in Lordship Wood. Widespread scatter of bloomery tap slag with charcoal-stained soil and some furnace lining. Exploratory excavation has revealed a semi-circular stone structure with evidence of multiple relining and in situ furnace bottom. Residues include ore fines, tapped slag, possible smithing slag, hammerscale and roasted ore.
68	MES36553	TQ 7720 2310	Roman	
69	MES33756	TQ 7870 2410	Roman?	Shoreham Farm, Ewhurst : Bloomery (site of)
				Bugsell Farm, Salehurst And Robertsbridge. Partially extant medieval farmstead. The farmstead is of a dispersed plan with multiple yards. The farmstead is in an isolated location. There has been a partial loss (less than 50%) of traditional buildings. Additional information recorded within the Historic Farmsteads Project survey notes: 'Multi yard disp'. [2][3][4][5]
70	MES19413	TQ 7268 2415	Medieval

76	MES31529	TQ 7487 2428	Medieval	Church Farm, Salehurst And Robertsbridge : Med Farmstead
77	MES3893	TQ 7575 2346	Medieval	A short length of bank up to nearly 1m high surviving in coppice woodland. This may be a further length of park pale.
				Two parallel banks between 0.5m and 1m high and each 2-4m wide run around the west side of the wood and may represent a former park bank. They appear to be cut by, and therefore earlier than, the c. 13th century kiln
78	MES3894	TQ 7560 2308	Medieval	
79	MES22896	TQ 7384 2385	Medieval to post-medieval	Two sets of intercutting Medieval/Post Medieval ditches were discovered during a watching brief
80	MES25579	TQ 7384 2337	Medieval to post-medieval	Grove Farm, Robertsbridge: Med Features and Pot
81	EES14314	TQ 73901 23637	Post-medieval	18 Fair Lane, Robertsbridge: Watching Brief : brick lined well and two other post-medieval features
				The George Inn, George Hill, Robertsbridge: Watching Brief: 18th - 19th century deposits and 19th – 20th century deposits were identified during the watching brief with some, earlier residual finds of 16th – 17th date.
82	EES14331	TQ 73780 23442	Post-medieval	
83	MES19778	TQ 7481 2421	Post-medieval	Old Stone Cottage: PM rubbish pit

84	MES2301	TQ 7522 2308	Post-medieval	Robertsbridge Abbey forge, furnace and fish pond: already mentioned in ES but the HER reference is incorrectly given as MES2031
85	MES24590	TQ 75434 23732	Post-medieval	Summertree Stud Farm, Robertsbridge: PM pit and finds
86	MES25580	TQ 7384 2337	Post-medieval	Grove Farm, Robertsbridge: PM Features and Finds
87	MES31477	TQ 7237 2344	Post-medieval	Peans Farm, Salehurst And Robertsbridge : C17 Farmstead
88	MES31526	TQ 7401 2475	Post-medieval	Bantony, Salehurst And Robertsbridge : C17 Farmstead
89	MES35239	TQ 7390 2364	Post-medieval	A small collection of post medieval finds were recorded during a watching brief for the construction of a new house at 19-20 Fair Lane.
90	MES36569	TQ 7891 2423	Post-medieval	Snagshall , Ewhurst : C17-C18 farmstead (site of)
91	MES3884	TQ 7825 2345	Post-medieval	A slight kink in the hedge indicates the north side of a windmill mound which survives as an earthwork on the south side of the hedge. A mill site is shown here on the first edition Ordnance Survey one-inch map and the southern field is called Millfield on the Tithe Award Map. Note however that the field to the north-east, TQ 78352360, is called Windmill Field in 1635 and may possibly be the earlier site of a mill.
92	MES3885	TQ 784 237	Post-medieval	Field name and possible earthworks suggest that this may be the site of a brick-making kiln.
93	MES31530	TQ 7496 2419		Goodgrooms, Salehurst And Robertsbridge : C18 Farmstead
94	MES31593	TQ 7797 2434		Dykes Farm, Ewhurst : C17 Farmstead

96	MES19571	TQ 7367 2318	Modern	Italiam POW Camp located where Heathfield Gardens and Bishops Lane now are. Artefacts have been recovered from back gardens in the area.
97	MES2333	TQ 73 24	Modern	Salehurst Halt: C20 station
98	MES23477	TQ 7668 2396	Modern	Pillbox overlooking bridge on River Rother. Extant
99	MES36554	TQ 7711 2308	Undated	An undated bloomery recorded in 2016 on the Wealden Iron Research group online database. One of two sites in Lordship Wood 98m SW of site Loedship 1. Concentration of bloomery furnace wall fragments exposed in the roots (rotting) of a tree throw. Adjacent test pit (SHS14, TP 10) contained ore fines, tap slag and very numerous pea-sized pieces of roasted ore.
