Thank you for the email of 1 November seeking HSE's comments on planning application 18/P/5118/OUT for developments to increase the operational capacity of the airport to 12 million passengers per annum at Bristol Airport.

HSE is a statutory consultee for certain developments within the consultation distance of major hazard sites and major accident hazard pipelines, and has provided planning authorities with access to the HSE Planning Advice Web App - <https://pa.hsl.gov.uk/> - for them to use to consult HSE and obtain our advice.

As the proposed development does not lie within the consultation distance of a major hazard site or major accident hazard pipeline, there is no need to consult HSE on this application, and HSE therefore has no comments to make.

I should be grateful if you would arrange for the HSE Planning Advice Web App to be used to consult HSE for advice on all future proposals for developments which do lie within the consultation distance of a major hazard site or major accident hazard pipeline.

Regards
