

Consultation: Bristol Airport - Planning application no: 18/P/5118/OUT

Dear Sirs

Kenn Parish Council considered this application at their recent meeting.

While they have no objections to the proposals on the airport site itself, they are very concerned about the impact of increased traffic on the road infrastructure to and from the airport, as these local and largely country roads are not adequate for the purpose. Night flights were also mentioned as a concern.

Regards

Eleanor Wade

Clerk of Kenn Parish Council
