Dear Sirs

Planning Application 18/P/5118/OUT - Bristol Airport Limited

West Harptree Parish Council would like to register objection to the outline planning application 18/P/5118/OUT

We support the submissions by the Parish Councils Airport Association and are in particular concerned by the potential environmental and traffic impacts on our Parish of expansion from 8m to 12m passengers per year.

While Bristol Airport falls within North Somerset, the potential adverse impacts of expansion are far reaching and in our view have not as yet been adequately and correctly quantified by the applicant. We consider that the only appropriate approach in this case would be for the decision on this application to be called in by the Secretary of State so that it is properly evaluated by means of a public enquiry, thus enabling proper evaluation of the impacts on residents of Bristol, Bath and North East Somerset and further afield.

Yours faithfully

[REDACTED]

Jan Burdge
Clerk to the Council
