**Subject:** RVR Inquiry

Good Afternoon Brenda,

Please find the attached Annex A to OBJ/729 that I presented to the Inquiry this morning.

The Inspector asked that I measure the height of the pavilion which I have done, the height from ground level to the base of the steel framed door is 126cm.

I believe that the Inspector will be starting his tour of the railway from the car park next to the Cricket Ground tomorrow afternoon at 1300hrs. If it would be useful for him to have access to the ground, the pavilion and survey the three culverts under the Clappers please let me know and I can be there to unlock for him.

Many Thanks and Stay Well  
Yours Aye  
Nick
