Dear Joanna,

Please find my statement below.

Thanks again for offering me the opportunity to voice my concerns about the proposal.

Kind regards

Valentina Cavallini

I would like to voice my deep concerns about the proposal for Bristol Airport expansion.

I am the mother of a 3 year old girl and I feel a profound sense of responsibility for the actions we take or endorse today and which will have a significant impact on the lives of future generations.

As part of the decision process about the airport expansion application, I would like the following questions to be considered:

- Can we justify backing an airport expansion now, when we have become fully aware of the catastrophic consequences of air pollution on climate change and the future of our Planet?
- Can a city which calls itself “Green Capital” endorse this expansion without feeling fraudulent?
- What is more important to our children, that we provide them with new holiday destinations or that we safeguard our eco system?

Thank you for creating a space to voice my concerns.

Yours sincerely,

Valentina Cavallini

(Bristol resident, Associate Lecturer at UWE, mother of a 3 year old)

Dear Valentina

It is your opportunity to speak and present to the Inspectors what your views/statements about the case are.

Most statements are up to about 10 minutes, but if you need longer, that's fine too, just let me know in advance if you can.

Kind regards
