Hi Shenaz,

My address is:
12 Ashbourne Crescent,
Ashington,
NE63 8AN

My main objection is that due to where the exit will be, this will affect my street and the my local area. There is already fly tipping, dog fouling and anti-social behaviour in my area and I believe this would only increase with the proposed underpass.

Thanks

Michelle Symons

Dear Michelle,

Thank you for your email objecting to the TWA Application. In order to register your objection, we require a postal address?

Kind regards

Shenaz Choudhary

Subject: Proposal of underpass

To whom this may concern, I wish to object to the proposal of a underpass at the side of a property on Darnley Road. As a resident close by this will only attract anti social behaviour which I do not want close to my own property. The path already attracts motor bikes, teenagers setting fires let alone what an underpass could attract. Why can't the underpass be sited either where the current crossing is or just further up where the garages have been knocked down on the left heading towards green lane?? This would also allow much more room and will not impact residents as much as the proposed site.

I feel that local residents should of had the opportunity to hear of this underpass proposal directly, such as a letter through the post not just expectly them to log on to the council website.

I hope any objections to this proposal will be taken seriously.

Thanks,

Michelle Symons
