I would like to put a objection in against the proposal of a underpass near to where I live. My back garden faces the railway lines and not far from where the underpass is going to be put. I believe it would be a haven for groups to congregate and cause trouble. I would not feel save walking by as I walk along the back path near the lines every day and night. I live in a bungalow in Featherwood drive,Ashington, myself and others who live in the street facing the lines have all ready had problems with large stones thrown in our gardens and at our windows from the lines. People that live near the railway lines has not had any letters regarding the plans or any information at all. Myself and others only recently got to find out the information bye the plans been tied onto lamp posts and they are hard to understand,plus most of the pages have been torn off. There is going to be others who will be against the proposals as I have spoken to others near the lines,and they are also not happy with a underpass. Could you please contact me on mobile 07930247253 to discuss this matter
