

## The Airports Act 1986 and the Acquisition of Land Act 1981

### The Bristol Airport Limited (Land at A38 and Downside Road) Compulsory Purchase Order 2020

#### Statement of Compliance with Statutory Formalities

We confirm that:

1. A notice in the Form numbered 7 in the Compulsory Purchase of Land (Prescribed Forms) (Ministers) Regulations 2004 (SI 2004 No. 2595) was published in two issues of the Western Daily Press dated **17 September 2020** and **24 September 2020** (see **Enclosure 1**). The time allowed for objections was not less than 21 days from the date of the first publication of the notice and the last date for them was **16 October 2020**.

As recommended by the Ministry for Housing, Communities and Local Government Coronavirus (COVID-19): compulsory purchase guidance (as updated on 27 May 2020) (**the COVID-19 Guidance**), Bristol Airport Limited increased the time period for objections to the making of the order to be submitted to the Secretary of State from the minimum statutory 21 day period to 28 days.

A notice in the same Form addressed to persons occupying or having an interest in the land was affixed to a conspicuous object or objects on or near the land comprised in the order on **17 September 2021** and from that date remained in place for a period of at least 21 days which was the period allowed for objections, the last date being **16 October 2020** (see **Enclosure 2**)

2. Notices in the Form numbered 8 in the said Regulations (see **Enclosure 3**) were duly served on
  - (i) every owner, lessee, tenant and occupier of all land to which the order relates;
  - (ii) every person to whom the acquiring authority would, if proceeding under section 5(1) of the Compulsory Purchase Act 1965, be required to give a notice to treat; and
  - (iii) every person the acquiring authority thinks is likely to be entitled to make a claim for compensation under section 10 of the 1965 Act if the order is confirmed and the compulsory purchase takes place, so far as such a person is known to the acquiring authority after making diligent inquiry.
3. The time allowed for objections in each of the notices was not less than 21 days and the last date for them was **16 October 2020**. The notices were served by one or more of the methods described in section 6(1) of the 1981 Act.
4. The COVID-19 Guidance advised that the Government considered that publication of the Order and its supporting map online by an acquiring authority fulfilled the requirement under the Acquisition of Land Act 1981 to publish these documents in a 'place'. A copy of the order, the map and the Statement of Reasons were made available at the following website address: [www.bristolairport.co.uk/CPO](http://www.bristolairport.co.uk/CPO) from **17 September 2020** and remain available for inspection there. In addition, to mitigate the risk of prejudicing interests of those who may not have access to the internet, Bristol Airport Limited's notices for the making of the order referred individuals who would like a hard copy of the order and map to contact Bristol Airport Limited and provided the necessary contact details accordingly.
5. The signed and dated compulsory purchase order and map (x2), together with copies of the unsigned compulsory purchase order and map, the Statement of Reasons, the general certificate and the protected assets certificate (nil-return) were sent by email to the Secretary of State on **28 September 2020**. Copies of the general certificate and protected assets certificate are provided at **Enclosures 4** and **5** respectively.

6. Two pre inquiry meetings were held, virtually on **8 March 2021** and a blended event on **30 June 2021**.
7. All objectors were sent either a hard copy of Bristol Airport Limited's Statement of Case including a list of core documents and details of how to access the core documents by letter dated **11 March 2021** which were received on **12 March 2021** or were provided with a link via email to access the same where Bristol Airport Limited had received prior approval of electronic service.
8. Details of how to access Bristol Airport Limited's proofs of evidence in support of confirmation of the order online were sent to all non-statutory objectors on **28 June 2021** (for hard copy letters to arrive on 29 June 2021) and **29 June 2021** respectively (where details were sent electronically). Proofs of evidence were exchanged directly with statutory objectors on **29 June 2021**.
9. Notices of the inquiry have been publicised in accordance with Rule 11 of the Compulsory Purchase (Inquiries Procedure) Rules 2007 by the publication of a notice in the Western Daily Press on **29 June 2021** (**Enclosure 6**) and by affixing notices on site on **30 June 2021** (**Enclosure 7**).

Your desire to have fun without counting the cost will please your friends but not your family. An older relative will complain about your self-indulgent behaviour. You may have to agree to curb some of your extravagant plans if you hope to restore harmony in the home.

### **Inquiry Attendance Information**

A panel of Inspectors appointed by the Secretary of State will hold an Inquiry opening on the date shown above.

Due to COVID-19, the Inquiry will be held as a blended event run by the Inspectors in the normal way, but with sessions being conducted on a 'limited attendance' basis at the above-named venue; with use of technology and 'virtual participation' using the MS Teams platform.

It is important to emphasise that prior to the opening of the Inquiry should national or local regulations relating to COVID-19 indicate that physical sessions would not be possible the Inquiry will proceed on an entirely virtual basis.

All sessions will be livestreamed. Due to the limited capacity of the venue, those who wish to observe the event without taking an active part in the proceedings should do so by these means rather than attending at the venue.

The livestream will be available via the following link:

[www.n-somerset.gov.uk/airportappeal](http://www.n-somerset.gov.uk/airportappeal)

If you would like to participate more fully in the inquiry and take an active part in proceedings you must make that interest known to the Programme Officer **as soon as possible**, after reading the information set out below. **Contact details below.**

Before deciding whether to take an active part in the Inquiry, you need to think carefully about the points you wish to make. All written submissions from application and appeal stage will be taken into account by the Inspectors and re-stating the same points won't add any additional weight to them.

If you feel that taking part in the Inquiry is right for you in whatever capacity, you can participate in a number of ways:

To take part using video, participants will need to have access to Microsoft Teams (via an app or web browser). This link gives further information on how to use this. <https://support.office.com/en-us/teams>. Alternatively you can take part by telephone. Calls would be to an 020 number which will incur charges. <https://www.gov.uk/call-charges>

If you wish to take an active part in the proceedings, please make clear in your response:

- whether you wish to appear at the Inspectors opening to address any procedural matters;
- whether you wish only to make a statement to the Inquiry; or
- whether you would also wish to ask questions on particular topics.

If you want to take an active part but feel unable to for any reason, and/or the points you want to make are not covered in the evidence of others, consider whether someone else could raise them on your behalf.

Registered participants in whatever capacity will receive individual joining instructions, providing details of any requirements, guidance and support, whether joining by Teams or telephone or physical attendance at the venue. Due to the limited capacity of the venue, it may not be possible to accommodate everyone who wishes to participate in person. However, the Inspectors will ensure that parties will have equal opportunity to put their points across whether that be at physical or virtual sessions.
