Date: 08 July 2021 16:45:42

Good afternoon,

Please accept this email as holding objection against the Order while NGET continue to assess the impact it has on its apparatus.

There are several interactions along the route which include NGETs high voltage Over Head Lines:

- ZZA 400kV route
- XF067 275kV route
- YG 400kV route

Can someone from the project team please get in touch as soon as possible to discuss the interactions with NGETs assets.

Kind Regards
