

Dear Secretary of State for Transport

I would like to express an interest for the application of the reopening of the Northumberland TWA railway line from the Town of Ashington to Newcastle Upon Tyne .

The reopening of the line would be a valuable asset for social and economic reasons . We all hope it would have a huge impact on protecting the environment by reducing the amount of vehicles on the road and help to minimise the effects of climate change .

I was two years old when the line closed , It would be great to take young family members on a local train journey . A lovely asset for tourism and the outstanding natural beauty of the Northumberland coast line .

Yours faithfully

Elaine and Paul Peverley
