Subject: Hatfield Aerodrome Public Inquiry

Dear Sirs,

Hatfield Aerodrome Public Inquiry

At a meeting of Sandridge Parish Council, held on November 10th 2021, I was asked to write to you with the following comments on this public enquiry:

- (i) The development would impact the character and appearance of the area for a significant time. It would therefore effect the openness of the Green Belt and its purpose of preventing urban sprawl;
- (ii) The harm caused would not be outweighed by other considerations;
- (iii) The activities of the quarry, both in the extraction of gravel and the transport of it, would result in increased levels of air pollution;
- (iv) The development would result in the loss of open green space and natural habitat.

Thank you for your consideration of these points.

Yours faithfully,

Simon Thwaites
Parish Clerk
Sandridge Parish Council
