Subject: Network Rail (Oxford Station Phase 2 Improvements (Land Only)) Order
Date: 20 June 2021 14:12:21

Dear sirs

As the leaseholder of _____, I am writing formally to object to the above order.

My grounds of objection is that what is proposed is both excessive and premature. It is proposed to take permanent or temporary possession of the entire corridor of Roger Dudman Way - which is the only access to Venniet Close and its neighbouring residential properties - from the Botley Road to the Walton Well Road car park. From the chairman of the County council - who also lives in Venniet Close, I understand that it has not yet been decided whether our access during the works will be via Walton Well Road (the feasibility of which I doubt) or by the creation of the proposed new access from Cripsey Road before the existing access by the current youth hostel is closed. This is clearly a fundamental decision and one that should be made before these land rights are taken. Only once this decision has been made would it be appropriate to seek rights over that portion of the land that is needed.

I am copying this to my local MP, and county and city councillors.

Yours faithfully,

David Bradbury
