

GENERAL NOTES:

1. All dimensions are in millimeters. All vertical levels in metres and referenced to MSL datum unless noted otherwise.
2. All Architecture drawings to be read in conjunction with all relevant specifications, Structural Engineer's drawings, Services Engineer's and other Specialist's drawings.
3. Any discrepancies between graphic and written information must be immediately reported to the Architect in writing.

NB. The image provided is an architectural impression of the proposed development. Although care has been taken to ensure the accuracy, completeness and reliability of the information provided, images shown are intended only to provide an impression of the appearance of the intended completed development. In some instances, features such as landscaping, trees, etc. have been omitted from the visualisation in order to provide a clearer image of the proposed building. Please refer to relevant drawings for further information.
