Dear Joanna

## **CAMBRIDGE SOUTH INFRASTRUCTURE ENHANCEMENTS PUBLIC INQUIRY ASTRAZENECA UK LTD AND MEDIMMUNE LTD**

I am writing with an update on the objection made by AstraZeneca and MedImmune to the Network Rail Cambridge South Infrastructure Enhancements TWAO.

The parties have been working together to resolve the objection and anticipated reaching an agreement which was to be signed and exchanged by 23 December 2021. Despite the agreement not being signed it is in an agreed form and a timetable for its completion in the next few days is emerging.

Given our focus had been on completing the agreement before Christmas we are not now ready to exchange our proofs of evidence this Friday and I wanted to make you aware so that you can inform the Inspector.

You already have our letter of objection and Statement of Case. Should it become necessary, and if you allow, we may wish to supplement these documents with further evidence and then attend the Inquiry to make our case such that it has not by then proved possible to complete the agreement. We will know what the position is within the next few days at which time I will write to update you again.

Yours sincerely

**STEPHEN WALKER  
EXECUTIVE DIRECTOR**
