Subject: Re: CSIE Public Inquiry - 22nd February Programme - Protective Provisions
Date: 22 February 2022 11:48:27

Dear Joanna,

I have just had an email exchange with Paul.

We have agreed that point 1 in my letter will be dealt with by increasing the margin covered by the Protective Provision from 5 metres to 16 metres, (rather than the 50 metres that I requested).

Paul has confirmed that the other items set out in my letter are uncontentious for Network Rail.

I hope that this assists. Please will you convey this to the Inspector ?

All good wishes and best regards

John

Dear Joanna,

My apologies I have just picked up a couple of annoying minor typos in the letter I sent you just now.

I have corrected these in the version attached below.

Please will you substitute this for the earlier one ?

Many thanks indeed

All best

John

Dear Joanna,

In the light of the programme for today have attached a letter to the Inspector which I hope will provide a comprehensive submission from Hobson's Conduit Trust on Protective Provisions.

Many thanks indeed

All good wishes

John
