

Elissa Gordon Statement on Luton Airport Expansion:

Good afternoon everyone.

My name is Elissa Gordon, and I'm speaking as a local resident in Wigmore. I live very close to the airport and Wigmore Park and am very affected by the noise pollution. I hear flights everyday at home and whilst working in the town centre and I find them very disruptive and distracting. Expanding will only make this worse.

Furthermore, I strongly disagree with plans onto Wigmore Park. I've lived in Wigmore all my life, I'm 23, and the park is beautiful and essential for well-being. Frankly, there is no way to sustainably expand an airport on top of a park especially in a climate emergency.
