Subject: details requested by Inspectors on Tuesday
Attachments: Luton map.png

Hello Brenda,

Hope you're well and the tech is behaving itself?

The area where I live with the parking scheme, Vauxhall Park, is the eastern part of Crawley Ward, just north of the legend De Havilland House.

The area I mentioned with the yellow lines is Hartsfield Road. Parking issues are happening in Stopsley and Wigmore Wards.

Going further West those areas of Luton are congested as there is little resident off road parking at houses.

The road I mentioned on the approach to the airport, which was created a redway, but then concrete blocked, is on the map as Airport Way.

If the Inspectors wish to look at these areas, as you can see, they are on the route from Breachwood Green back to the Town Hall.

Hope this is sufficient for the Inspectors, if not or they require any other details, please let me know?

Regards

Pete White
