Dear Mr Lecointe

As mentioned previously, it is likely the submission in relation to condition 66 will be determined by the Development & Regulation Committee.

Representations are not viewable via our web planning system. I attach a document that includes the text of comments which have been received from several representees and also extracts of all other comments received to date. Responses from consultees as opposed to representees are made public on the web and can be viewed using the reference ESS/34/15/BTE/66/01 at the following link.

<https://planning.essex.gov.uk/disclaimer.aspx?returnURL=%2f>

Consideration of compliance with the IWMF planning permission will need to form part of the consideration of the determination of condition 66, as a result of comments made in representations/consultation responses. Therefore at this stage it is not felt appropriate to meet to discuss the interpretation of condition 2, until after determination of condition 66.

Claire,

Following our meeting last week are you available/ready for a follow up call to discuss Condition 2 interpretation and any update on condition 66?

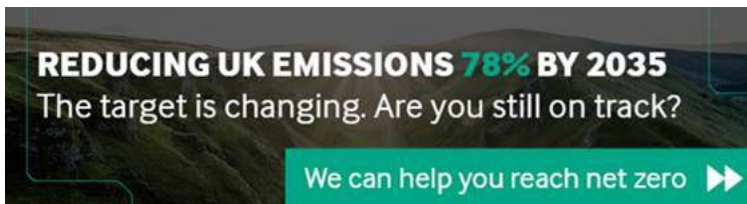

Regards
