Further to your email my address is [REDACTED]

Hope you listen to the objection because like I pointed out you have turned Shepreth Crossing into a joke with the new barriers so think you seriously need to stop waisting money and change it back to how It was and stop holding up the traffic and making people miss there trains because the barriers are down to long and people can't get across to the other side of the road to catch there trains.

Regards  
Mrs Sue Nash

I've come to the conclusion you clearly think people have nothing better to do then site at this crossing while the traffic builds up because you thought it would be a good idea to change the barriers for whatever stupid reason this was done, seriously it's a joke and a total inconvenience that you changed these barriers to a crossing that had never had any issues and the fact I have to use this route daily to work puts more time on my journey while waiting for the invisible train that appears sometimes 10 minutes after the barriers have gone, so seriously sort the timing out and for god sake don't make meldreth the same inconvenience.

About time you lot started listening to the people that your stupid railway crossing barriers actually affect.

My journey to work now because of the incompetent idiots changing barriers has become a pain in my life and others im sure.

Listen to this and all the other complaints you will get and sort it out

Thanks Sue Nash
