Dear Ms Vincent

This email is to confirm that I fully support the councils efforts to implement the CPO now necessary in response to the Twickenham Riverside Trust's (TRT) volte-face regarding the approved planning permission for the site. This will be an outstandingly wonderful addition to Twickenham, where I am a resident.

This action by the TRT seems to me to be a subversion of the democratic process by an organised clique of self-interested residents and I most certainly do not approve of their actions.

Yours Sincerely

Niall Blair
