Dear Mr McFadden,

I am writing to you on behalf of LUFTHANSA GROUP in relation to the above planning application.

LUFTHANSA GROUP have been partners of London City Airport for many years helping to provide connections, not only between London, Germany and Switzerland, but globally via our hubs in Frankfurt and Zurich.

Central to the application from London City Airport is a commitment to sustainability and ensuring both airport and airlines operate to the highest environmental standards. As operator of the A220-100 (LX) and E190 (LH), we have the youngest fleet at the airport. We believe the extension of operating hours, along with the ability to serve up to 9m passengers per annum, would strengthen the business case to accelerate the refueling of aircraft that would serve LCY.

Furthermore, given our track record in facilitating business and leisure connections, we believe more services to and from London would be mutually beneficial for the UK, German and Swiss economies.

Thank you for your consideration.

Yours sincerely,

Swiss International Air Lines Ltd.
