(1) Each new Agency (that is to say, in this Part, the Agency or SEPA)—

(a) may do anything which, in its opinion, is calculated to facilitate, or is conducive or incidental to, the carrying out of its functions; and

(b) without prejudice to the generality of that power, may, for the purposes of, or in connection with, the carrying out of those functions, acquire and dispose of land and other property and carry out such engineering or building operations as it considers appropriate; and the Agency may institute criminal proceedings in England and Wales.

(2) It shall be the duty of each new Agency to provide the Secretary of State or the Minister with such advice and assistance as he may request.

(3) Subject to subsection (4) below, each new Agency may provide for any person, whether in or outside the United Kingdom, advice or assistance, including training facilities, as respects any matter in which that new Agency has skill or experience.

(4) Without prejudice to any power of either new Agency apart from subsection (3) above to provide advice or assistance of the kind mentioned in that subsection, the power conferred by that subsection shall not be exercised in a case where the person for whom the advice or assistance is provided is outside the United Kingdom, except with the consent in writing of the appropriate Minister which consent may be given subject to such conditions as the Minister giving it thinks fit.

(5) Each new Agency—

(a) shall make arrangements for the carrying out of research and related activities (whether by itself or by others) in respect of matters to which its functions relate; and

(b) may make the results of any such research or related activities available to any person in return for payment of such fee as it considers appropriate.

(6) Subsection (5) above shall not be taken as preventing a new Agency from making the results of any research available to the public free of charge whenever it considers it appropriate to do so.

(7) Each new Agency may by agreement with any person charge that person a fee in respect of work done, or services or facilities provided, as a result of a request made by him for advice or assistance, whether of a general or specific character, in connection with any matter involving or relating to environmental licences.

(3) An agreement under this section may provide for any eligible function to which it relates to be exercisable by the new Agency in question (or any of its employees)—

Value In Force

[41B.— Charging schemes in respect of abstraction and impounding licences: joint charging schemes

(1) A charging scheme under section 41 relating to licences under Chapter II of Part II of the 1991 Act may be made by both of the appropriate agencies acting jointly (referred to in this section as a "joint charging scheme"), if that scheme prescribes charges in relation to licences granted within a combined area that—

- (a) is partly in England and partly in Wales; and
- (b) includes all of, or any part of, the catchment areas of the rivers Dee, Wye and Severn.

(2) A joint charging scheme must—

(a) designate the combined area to which it applies; and

(b) specify the manner in which the sums recovered by way of charges prescribed by the scheme are to be apportioned between, and paid to, each appropriate agency.

(3) Subsections (9) and (9A) of section 41 do not apply to joint charging schemes.

(4) Subject to subsection (5), the appropriate agencies may not make a joint charging scheme unless the provisions of the scheme have been approved under section 42 by the Secretary of State and the Welsh Ministers acting jointly.

(5) Section 42 applies in relation to joint charging schemes as though references in that section to—

(a) anything done by or in relation to either the Secretary of State or the Welsh Ministers were references to that thing being done by or in relation to the Secretary of State and the Welsh Ministers acting jointly;

(b) a charging authority were references to both of the appropriate agencies acting jointly.

(6) This section does not affect any power of an appropriate agency to make a charging scheme under section 41.

[41C.— Charging schemes in respect of abstraction and impounding licences: cross-border arrangements

(1) An appropriate agency may not make or revise a relevant charging scheme unless it has-

(a) notified the other appropriate agency of its proposal; and

(b) had regard to any information provided by the other appropriate agency relating to costs or expenses—

(i) which the other appropriate agency has incurred or expects to incur, and

(ii) in respect of which the other appropriate agency considers that the relevant charging scheme should make provision.

(2) Subsection (1) does not apply to a joint charging scheme made in accordance with section 41B.

(3) An appropriate agency may not, without the consent of the other appropriate agency, enter into any agreement, or any variation of an agreement, as a result of which it will be liable to incur costs or expenses—

(a) in respect of which it would expect a relevant charging scheme made by the other appropriate agency (or by both of the appropriate agencies acting jointly) to make provision; and

(b) which would, if an existing relevant charging scheme were revised to make provision for the purpose of recovering the amount required to meet those costs or expenses in full, result in a significant increase in the charges payable under that charging scheme.

(4) Either appropriate agency may refer the question of whether consent should be given for the purposes of subsection (3) for determination by the Secretary of State and the Welsh Ministers acting jointly.

(5) The Secretary of State and the Welsh Ministers, acting jointly—

- (a) may give guidance to the appropriate agencies as to the exercise of the appropriate agencies' functions under this section;
- (b) must arrange for any guidance given under this subsection to be published in such manner as they consider appropriate.

(6) The appropriate agencies must have regard to any guidance given under subsection (5).

(7) In this section, "relevant charging scheme" means a charging scheme under section 41 which relates to any extent to licences granted under Chapter II of Part II of the 1991 Act in respect of abstractions from, or impounding of, waters in the catchment areas of the rivers Dee, Wye and Severn.

(d) in the case of licences granted by the Natural Resources Body for Wales under Chapter II of Part II of the 1991 Act (abstraction and impounding), which the Agency incurs in carrying out its functions under Part II of that Act or section 6(2) above in the catchment areas of the rivers Dee, Wye and Severn for purposes connected with abstractions from, or impounding of, waters in Wales,]¹¹

as the Secretary of State [or, as the case may be, the Welsh Ministers]¹² may consider it appropriate to attribute to the carrying out of those functions in relation to activities to which environmental licences of the description in question relate.

[(3A) The matter mentioned in subsection (2)(b)(ii) above is the desirability of ensuring that the amounts recovered by the [charging authority]¹⁴ in question by way of charges prescribed by charging schemes are the amounts which, taking one year with another, need to be recovered by that [charging authority]¹⁴ to meet such of the costs and expenses (whether of a revenue or capital nature) which it incurs in carrying out its functions in relation to the matters described in section 41A(1) as the Secretary of State [or, as the case may be, the Welsh Ministers]¹⁵ may consider it appropriate to attribute to the carrying out of those functions.]¹³

(4) Without prejudice to the generality of the expression "costs and expenses", in determining for the purposes of subsection (3) [or (3A)]¹⁶ above the amounts of the costs and expenses which the Secretary of State considers [or which the Welsh Ministers consider]¹⁷ it appropriate to attribute to the carrying out of a [charging authority's]¹⁸ or the Food Standard Agency's functions [...]¹⁹, the Secretary of State [or the Welsh Ministers]²⁰ —

(a) shall take into account any determination of the [charging authority's]²¹ financial duties under section 44 below [or (in the case of the Natural Resources Body for Wales) under article 13 of the Natural Resources Body for Wales (Establishment) Order 2012 (S.I. 2012/1903)]²²; and

(b) may include amounts in respect of the depreciation of, and the provision of a return on, such assets as are held by the [charging authority]²³, or the Food Standards Agency, for purposes connected with the carrying out of the functions in question.

(5) If and to the extent that a charging scheme relates to any licence under Chapter II of Part II of the 1991 Act (abstraction and impounding), the Secretary of State [or the Welsh Ministers (as the case may be)]²⁴ may consider it appropriate to attribute to the carrying out of [an appropriate agency's]²⁵ functions in relation to activities to which such a licence relates any costs and expenses incurred by the [appropriate agency]²⁶ in carrying out any of its functions under Part II of that Act or under [section 6(2) or (2A)]²⁷ above.

(6) Subsection (5) above is without prejudice to what costs and expenses the Secretary of State may consider it appropriate to attribute to the carrying out of any functions of a [charging authority]²⁸, the Minister or the Secretary of State [or the Welsh Ministers]²⁹ in relation to activities to which environmental licences of any particular description relate.

(7) The consent of the Treasury shall be required for the giving of approval to a charging scheme submitted by the Agency [or by both of the appropriate agencies acting jointly]³⁰.

(8) It shall be the duty of a [charging authority]³¹ to take such steps as it considers appropriate for bringing the provisions of any charging scheme made by it which is for the time being in force to the attention of persons likely to be affected by them.

(9) If and to the extent that any sums recovered by a [charging authority]³¹ by way of charges prescribed by charging schemes may fairly be regarded as so recovered for the purpose of recovering the amount required to meet (whether in whole or in part) such of the costs and expenses incurred by the Food Standards Agency as fall within subsection (3) above, those sums shall be paid by that [charging authority]³¹ to the Food Standards Agency.

[(9A) The Agency must pay to the Natural Resources Body for Wales any sums which the Agency recovers under a charging scheme made under section 41 (other than a joint charging scheme made

(9B) The Natural Resources Body for Wales must pay to the Agency any sums which the Body recovers under a charging scheme made under section 41 (other than a joint charging scheme made in accordance with section 41B) that may fairly be regarded as recovered for the purpose of meeting (in whole or in part) any costs and expenses incurred by the Agency in carrying out its functions under Part II of the 1991 Act or section 6(2) above, other than costs and expenses that are deemed to have been incurred by the Body.

(9C) Any sums recovered by an appropriate agency by way of charges prescribed by a joint charging scheme made in accordance with section 41B must be apportioned between, and paid to, each appropriate agency in the manner specified by the scheme pursuant to section 41B(2)(b).

(9D) For the purposes of subsections (9A) and (9B), costs or expenses are deemed to have been incurred by the Natural Resources Body for Wales if the liability for those costs or expenses was transferred from the Agency to the Body on 1st April 2013—

(a) by a transfer scheme made by the Welsh Ministers under section 23 of the Public Bodies Act 2011; or

(b) by virtue of article 10 of, and paragraph 2 of Schedule 7 to, the Natural Resources Body for Wales (Functions) Order 2013.

(10) For the purposes of subsection (9) above, any question as to the extent to which any sums may fairly be regarded as recovered for the purpose of recovering the amount required to meet the costs and expenses falling within that subsection shall be determined by the Secretary of State.

[(10A) Any dispute as to the apportionment or payment of sums under subsection (9A), (9B) or (9C) shall be determined by the Secretary of State and the Welsh Ministers acting jointly.]³³

(a) significant harm is being caused or there is a significant possibility of such harm being caused; or

(b) pollution of controlled waters is being, or is likely to be, caused;

and, in determining whether any land appears to be such land, a local authority shall, subject to subsection (5) below, act in accordance with guidance issued by the Secretary of State in accordance with section 78YA below with respect to the manner in which that determination is to be made.

(3) A "special site" is any contaminated land—

(a) which has been designated as such a site by virtue of section 78C(7) or 78D(6) below; and

(c) whether pollution of controlled waters is being, or is likely to be caused,

shall be determined in accordance with guidance issued for the purpose by the Secretary of State in accordance with section 78YA below.

(6) Without prejudice to the guidance that may be issued under subsection (5) above, guidance under paragraph (a) of that subsection may make provision for different degrees of importance to be assigned to, or for the disregard of,—

(a) different descriptions of living organisms or ecological systems;

- (b) different descriptions of places; or
- (c) different descriptions of harm to health or property, or other interference;

(7) "Remediation" means —

(a) the doing of anything for the purpose of assessing the condition of—

(i) the contaminated land in question;

- (ii) any controlled waters affected by that land; or

(ii) of restoring the land or waters to their former state; or

(c) the making of subsequent inspections from time to time for the purpose of keeping under review the condition of the land or waters;

and cognate expressions shall be construed accordingly.

(8) Controlled waters are "affected by" contaminated land if (and only if) it appears to the enforcing authority that the contaminated land in question is, for the purposes of subsection (2) above, in such a condition, by reason of substances in, on or under the land, that pollution of those waters is being, or is likely to be caused.

(8) For the purposes of this Part, land is required to be designated as a special site if, and only if, it is land of a description prescribed for the purposes of this subsection.

(9) Regulations under subsection (8) above may make different provision for different cases or circumstances or different areas or localities and may, in particular, describe land by reference to the area or locality in which it is situated.

(10) Without prejudice to the generality of his power to prescribe any description of land for the purposes of subsection (8) above, the Secretary of State, in deciding whether to prescribe a particular description of contaminated land for those purposes, may, in particular, have regard to—

(i) serious harm would or might be caused, or

(ii) serious pollution of controlled waters would be, or would be likely to be, caused; or

 - (i) to the relevant persons; and
 - (ii) to the local authority.

(5) Where a decision of a local authority is referred to the Secretary of State under subsection (1) above, the decision shall not take effect until the day after that on which the Secretary of State gives the notice required by subsection (4) above to the persons there mentioned and shall then take effect as confirmed or reversed by him.

(6) Where a decision which takes effect in accordance with subsection (5) above is to the effect that at least some land is land which is required to be designated as a special site, the notice given under subsection (4)(b) above shall have effect, as from the time when the decision takes effect, as the designation of that land as such a site.

(7) In this section "the relevant persons" has the same meaning as in section 78C above.

78E.— Duty of enforcing authority to require remediation of contaminated land etc.

(1) In any case where—

(a) any land has been designated as a special site by virtue of section 78C(7) or 78D(6) above, or

(b) a local authority has identified any contaminated land (other than a special site) in its area,

the enforcing authority shall, in accordance with such procedure as may be prescribed and subject to the following provisions of this Part, serve on each person who is an appropriate person a notice (in this Part referred to as a "remediation notice") specifying what that person is to do by way of remediation and the periods within which he is required to do each of the things so specified.

(2) Different remediation notices requiring the doing of different things by way of remediation may be served on different persons in consequence of the presence of different substances in, on or under any land or waters.

(3) Where two or more persons are appropriate persons in relation to any particular thing which is to be done by way of remediation, the remediation notice served on each of them shall state the proportion, determined under section 78F(7) below, of the cost of doing that thing which each of them respectively is liable to bear.

(4) The only things by way of remediation which the enforcing authority may do, or require to be done, under or by virtue of this Part are things which it considers reasonable, having regard to—

- (a) the cost which is likely to be involved; and
- (b) the seriousness of the harm, or pollution of controlled waters, in question.

(5) In determining for any purpose of this Part—

(a) what is to be done (whether by an appropriate person, the enforcing authority or any other person) by way of remediation in any particular case,

(b) the standard to which any land is, or waters are, to be remediated pursuant to the notice, or

(c) what is, or is not, to be regarded as reasonable for the purposes of subsection (4) above,

the enforcing authority shall have regard to any guidance issued for the purpose by the Secretary of State.

(6) Regulations may make provision for or in connection with—

- (a) the form or content of remediation notices; or
- (b) any steps of a procedural nature which are to be taken in connection with, or in consequence of, the service of a remediation notice.

78F.— Determination of the appropriate person to bear responsibility for remediation.

(1) This section has effect for the purpose of determining who is the appropriate person to bear responsibility for any particular thing which the enforcing authority determines is to be done by way of remediation in any particular case.

(2) Subject to the following provisions of this section, any person, or any of the persons, who caused or knowingly permitted the substances, or any of the substances, by reason of which the contaminated land in question is such land to be in, on or under that land is an appropriate person.

(3) A person shall only be an appropriate person by virtue of subsection (2) above in relation to things which are to be done by way of remediation which are to any extent referable to substances which he caused or knowingly permitted to be present in, on or under the contaminated land in question.

(4) If no person has, after reasonable inquiry, been found who is by virtue of subsection (2) above an appropriate person to bear responsibility for the things which are to be done by way of remediation, the owner or occupier for the time being of the contaminated land in question is an appropriate person.

(5) If, in consequence of subsection (3) above, there are things which are to be done by way of remediation in relation to which no person has, after reasonable inquiry, been found who is an appropriate person by virtue of subsection (2) above, the owner or occupier for the time being of the contaminated land in question is an appropriate person in relation to those things.

(6) Where two or more persons would, apart from this subsection, be appropriate persons in relation to any particular thing which is to be done by way of remediation, the enforcing authority shall determine in accordance with guidance issued for the purpose by the Secretary of State whether any, and if so which, of them is to be treated as not being an appropriate person in relation to that thing.

(7) Where two or more persons are appropriate persons in relation to any particular thing which is to be done by way of remediation, they shall be liable to bear the cost of doing that thing in proportions determined by the enforcing authority in accordance with guidance issued for the purpose by the Secretary of State.

(8) Any guidance issued for the purposes of subsection (6) or (7)` shall be issued in accordance with section 78YA below.

(9) A person who has caused or knowingly permitted any substance ("substance A") to be in, on or under any land shall also be taken for the purposes of this section to have caused or knowingly permitted there to be in, on or under that land any substance which is there as a result of a chemical reaction or biological process affecting substance A.

(10) A thing which is to be done by way of remediation may be regarded for the purposes of this Part as referable to the presence of any substance notwithstanding that the thing in question would not have to be done—

(a) in consequence only of the presence of that substance in any quantity; or

(b) in consequence only of the quantity of that substance which any particular person caused or knowingly permitted to be present.

78G.— Grant of, and compensation for, rights of entry etc.

(1) A remediation notice may require an appropriate person to do things by way of remediation, notwithstanding that he is not entitled to do those things.

(2) Any person whose consent is required before any thing required by a remediation notice may be done shall grant, or join in granting, such rights in relation to any of the relevant land or waters as will enable the appropriate person to comply with any requirements imposed by the remediation notice.

(3) Before serving a remediation notice, the enforcing authority shall reasonably endeavour to consult every person who appears to the authority—

- (a) to be the owner or occupier of any of the relevant land or waters, and
- (b) to be a person who might be required by subsection (2) above to grant, or join in granting, any rights,

concerning the rights which that person may be so required to grant.

(4) Subsection (3) above shall not preclude the service of a remediation notice in any case where it appears to the enforcing authority that the contaminated land in question is in such a condition, by reason of substances in, on or under the land, that there is imminent danger of serious harm, or serious pollution of controlled waters, being caused.

(5) A person who grants, or joins in granting, any rights pursuant to subsection (2) above shall be entitled, on making an application within such period as may be prescribed and in such manner as may be prescribed to such person as may be prescribed, to be paid by the appropriate person compensation of such amount as may be determined in such manner as may be prescribed.

(6) Without prejudice to the generality of the regulations that may be made by virtue of subsection (5) above, regulations by virtue of that subsection may make such provision in relation to compensation under this section as may be made by regulations by virtue of subsection (4) of section 35A above in relation to compensation under that section.

(7) In this section, "relevant land or waters" means —

- (a) the contaminated land in question;
- (b) any controlled waters affected by that land; or
- (c) any land adjoining or adjacent to that land or those waters.

78H.— Restrictions and prohibitions on serving remediation notices.

(1) Before serving a remediation notice, the enforcing authority shall reasonably endeavour to consult—

- (a) the person on whom the notice is to be served,
- (b) the owner of any land to which the notice relates,
- (c) any person who appears to that authority to be in occupation of the whole or any part of the land, and
- (d) any person of such other description as may be prescribed,

concerning what is to be done by way of remediation.

(2) Regulations may make provision for, or in connection with, steps to be taken for the purposes of subsection (1) above.

(3) No remediation notice shall be served on any person by reference to any contaminated land during any of the following periods, that is to say—

(a) the period—

(i) beginning with the identification of the contaminated land in question pursuant to section 78B(1) above, and

(ii) ending with the expiration of the period of three months beginning with the day on which the notice required by subsection (3)(d) or, as the case may be, (4) of section 78B above is given to that person in respect of that land;

(b) if a decision falling within paragraph (b) of section 78C(1) above is made in relation to the contaminated land in question, the period beginning with the making of the decision and ending with the expiration of the period of three months beginning with—

(i) in a case where the decision is not referred to the Secretary of State under section 78D above, the day on which the notice required by section 78C(6) above is given, or

(ii) in a case where the decision is referred to the Secretary of State under section 78D above, the day on which he gives the notice required by subsection (4)(b) of that section;

(c) if the appropriate Agency gives a notice under subsection (4) of section 78C above to a local authority in relation to the contaminated land in question, the period beginning with the day on which that notice is given and ending with the expiration of the period of three months beginning with—

(i) in a case where notice is given under subsection (6) of that section, the day on which that notice is given;

(ii) in a case where the authority makes a decision falling within subsection (5)(b) of that section and the appropriate Agency fails to give notice under paragraph (b) of section 78D(1) above, the day following the expiration of the period of twenty-one days mentioned in that paragraph; or

(iii) in a case where the authority makes a decision falling within section 78C(5)(b) above which is referred to the Secretary of State under section 78D above, the day on which the Secretary of State gives the notice required by subsection (4)(b) of that section.

(4) Neither subsection (1) nor subsection (3) above shall preclude the service of a remediation notice in any case where it appears to the enforcing authority that the land in question is in

such a condition, by reason of substances in, on or under the land, that there is imminent danger of serious harm, or serious pollution of controlled waters, being caused.

(5) The enforcing authority shall not serve a remediation notice on a person if and so long as any one or more of the following conditions is for the time being satisfied in the particular case, that is to say—

(a) the authority is satisfied, in consequence of section 78E(4) and (5) above, that there is nothing by way of remediation which could be specified in a remediation notice served on that person;

(b) the authority is satisfied that appropriate things are being, or will be, done by way of remediation without the service of a remediation notice on that person;

(c) it appears to the authority that the person on whom the notice would be served is the authority itself; or

(d) the authority is satisfied that the powers conferred on it by section 78N below to do what is appropriate by way of remediation are exercisable.

(6) Where the enforcing authority is precluded by virtue of section 78E(4) or (5) above from specifying in a remediation notice any particular thing by way of remediation which it would otherwise have specified in such a notice, the authority shall prepare and publish a document (in this Part referred to as a "remediation declaration") which shall record—

(a) the reasons why the authority would have specified that thing; and

(b) the grounds on which the authority is satisfied that it is precluded from specifying that thing in such a notice.

(7) In any case where the enforcing authority is precluded, by virtue of paragraph (b), (c) or (d) of subsection (5) above, from serving a remediation notice, the responsible person shall prepare and publish a document (in this Part referred to as a "remediation statement") which shall record—

(a) the things which are being, have been, or are expected to be, done by way of remediation in the particular case;

(b) the name and address of the person who is doing, has done, or is expected to do, each of those things; and

(c) the periods within which each of those things is being, or is expected to be, done.

(8) For the purposes of subsection (7) above, the "responsible person" is—

(a) in a case where the condition in paragraph (b) of subsection (5) above is satisfied, the person who is doing or has done, or who the enforcing authority is satisfied will do, the things there mentioned; or

(b) in a case where the condition in paragraph (c) or (d) of that subsection is satisfied, the enforcing authority.

(9) If a person who is required by virtue of subsection (8)(a) above to prepare and publish a remediation statement fails to do so within a reasonable time after the date on which a remediation notice specifying the things there mentioned could, apart from subsection (5) above, have been served, the enforcing authority may itself prepare and publish the statement and may recover its reasonable costs of doing so from that person.

(10) Where the enforcing authority has been precluded by virtue only of subsection (5) above from serving a remediation notice on an appropriate person but—

(a) none of the conditions in that subsection is for the time being satisfied in the particular case, and

(b) the authority is not precluded by any other provision of this Part from serving a remediation notice on that appropriate person,

the authority shall serve a remediation notice on that person; and any such notice may be so served without any further endeavours by the authority to consult persons pursuant to subsection (1) above, if and to the extent that that person has been consulted pursuant to that subsection concerning the things which will be specified in the notice.

78J.— Restrictions on liability relating to the pollution of controlled waters.

(1) This section applies where any land is contaminated land by virtue of paragraph (b) of subsection (2) of section 78A above (whether or not the land is also contaminated land by virtue of paragraph (a) of that subsection).

(2) Where this section applies, no remediation notice given in consequence of the land in question being contaminated land shall require a person who is an appropriate person by virtue of section 78F(4) or (5) above to do anything by way of remediation to that or any other land, or any waters, which he could not have been required to do by such a notice had paragraph (b) of section 78A(2) above (and all other references to pollution of controlled waters) been omitted from this Part.

(3) If, in a case where this section applies, a person permits, has permitted, or might permit, water from an abandoned mine or part of a mine—

- (a) to enter any controlled waters, or
- (b) to reach a place from which it is or, as the case may be, was likely, in the opinion
- of the enforcing authority, to enter such waters,

no remediation notice shall require him in consequence to do anything by way of remediation (whether to the contaminated land in question or to any other land or waters) which he could not have been required to do by such a notice had paragraph (b) of section 78A(2) above (and all other references to pollution of controlled waters) been omitted from this Part.

(4) Subsection (3) above shall not apply to the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31st December 1999.

(5) In determining for the purposes of subsection (4) above whether a mine or part of a mine became abandoned before, on or after 31st December 1999 in a case where the mine or part has become abandoned on two or more occasions, of which—

- (a) at least one falls on or before that date, and
- (b) at least one falls after that date,

the mine or part shall be regarded as becoming abandoned after that date (but without prejudice to the operation of subsection (3) above in relation to that mine or part at, or in relation to, any time before the first of those occasions which falls after that date).

(6) Where, immediately before a part of a mine becomes abandoned, that part is the only part of the mine not falling to be regarded as abandoned for the time being, the abandonment of that part shall not be regarded for the purposes of subsection (4) or (5) above as constituting the abandonment of the mine, but only of that part of it.

(7) Nothing in subsection (2) or (3) above prevents the enforcing authority from doing anything by way of remediation under section 78N below which it could have done apart

from that subsection, but the authority shall not be entitled under section 78P below to recover from any person any part of the cost incurred by the authority in doing by way of remediation anything which it is precluded by subsection (2) or (3) above from requiring that person to do.

(8) In this section "mine" has the same meaning as in the Mines and Quarries Act 1954.

78K.— Liability in respect of contaminating substances which escape to other land.

(1) A person who has caused or knowingly permitted any substances to be in, on or under any land shall also be taken for the purposes of this Part to have caused or, as the case may be, knowingly permitted those substances to be in, on or under any other land to which they appear to have escaped.

(2) Subsections (3) and (4) below apply in any case where it appears that any substances are or have been in, on or under any land (in this section referred to as "land A") as a result of their escape, whether directly or indirectly, from other land in, on or under which a person caused or knowingly permitted them to be.

(3) Where this subsection applies, no remediation notice shall require a person-

- (a) who is the owner or occupier of land A, and
- (b) who has not caused or knowingly permitted the substances in question to be in, on or under that land,

to do anything by way of remediation to any land or waters (other than land or waters of which he is the owner or occupier) in consequence of land A appearing to be in such a condition, by reason of the presence of those substances in, on or under it, that significant harm is being caused, or there is a significant possibility of such harm being caused, or that pollution of controlled waters is being, or is likely to be caused.

(4) Where this subsection applies, no remediation notice shall require a person—

- (a) who is the owner or occupier of land A, and
- (b) who has not caused or knowingly permitted the substances in question to be in, on or under that land,

to do anything by way of remediation in consequence of any further land in, on or under which those substances or any of them appear to be or to have been present as a result of their escape from land A ("land B") appearing to be in such a condition, by reason of the presence of those substances in, on or under it, that significant harm is being caused, or there is a significant possibility of such harm being caused, or that pollution of controlled waters is being, or is likely to be caused, unless he is also the owner or occupier of land B.

(5) In any case where—

(a) a person ("person A") has caused or knowingly permitted any substances to be in, on, or under any land,

(b) another person ("person B") who has not caused or knowingly permitted those substances to be in, on or under that land becomes the owner or occupier of that land, and

(c) the substances, or any of the substances, mentioned in paragraph (a) above appear to have escaped to other land,

no remediation notice shall require person B to do anything by way of remediation to that other land in consequence of the apparent acts or omissions of person A, except to the extent that person B caused or knowingly permitted the escape.

(6) Nothing in subsection (3), (4) or (5) above prevents the enforcing authority from doing anything by way of remediation under section 78N below which it could have done apart from that subsection, but the authority shall not be entitled under section 78P below to recover from any person any part of the cost incurred by the authority in doing by way of remediation anything which it is precluded by subsection (3), (4) or (5) above from requiring that person to do.

(7) In this section, "appear" means appear to the enforcing authority, and cognate expressions shall be construed accordingly.

78L.— Appeals against remediation notices.

(1) A person on whom a remediation notice is served may, within the period of twenty-one days beginning with the day on which the notice is served, appeal against the notice—

(a) if it was served by a local authority, to a magistrates' court or, in Scotland, to the sheriff by way of summary application; or

(b) if it was served by the appropriate Agency, to the Secretary of State;

and in the following provisions of this section "the appellate authority" means the magistrates' court, the sheriff or the Secretary of State, as the case may be.

(2) On any appeal under subsection (1) above the appellate authority—

(a) shall quash the notice, if it is satisfied that there is a material defect in the notice; but

(b) subject to that, may confirm the remediation notice, with or without modification, or quash it.

(3) Where an appellate authority confirms a remediation notice, with or without modification, it may extend the period specified in the notice for doing what the notice requires to be done.

(4) Regulations may make provision with respect to-

(a) the grounds on which appeals under subsection (1) above may be made;

(b) the cases in which, grounds on which, court or tribunal to which, or person at whose instance, an appeal against a decision of a magistrates' court or sheriff court in pursuance of an appeal under subsection (1) above shall lie; or

(c) the procedure on an appeal under subsection (1) above or on an appeal by virtue of paragraph (b) above.

(5) Regulations under subsection (4) above may (among other things)-

(a) include provisions comparable to those in section 290 of the Public Health Act 1936 (appeals against notices requiring the execution of works);

(b) prescribe the cases in which a remediation notice is, or is not, to be suspended until the appeal is decided, or until some other stage in the proceedings;

(c) prescribe the cases in which the decision on an appeal may in some respects be less favourable to the appellant than the remediation notice against which he is appealing;

(d) prescribe the cases in which the appellant may claim that a remediation notice should have been served on some other person and prescribe the procedure to be followed in those cases;

(e) make provision as respects—

- (i) the particulars to be included in the notice of appeal;
- (ii) the persons on whom notice of appeal is to be served and the particulars,
- if any, which are to accompany the notice; and
- (iii) the abandonment of an appeal;
- (f) make different provision for different cases or classes of case.

(6) This section, so far as relating to appeals to the Secretary of State, is subject to section 114 of the Environment Act 1995 (delegation or reference of appeals etc).

78M.— Offences of not complying with a remediation notice.

(1) If a person on whom an enforcing authority serves a remediation notice fails, without reasonable excuse, to comply with any of the requirements of the notice, he shall be guilty of an offence.

(2) Where the remediation notice in question is one which was required by section 78E(3) above to state, in relation to the requirement which has not been complied with, the proportion of the cost involved which the person charged with the offence is liable to bear, it shall be a defence for that person to prove that the only reason why he has not complied with the requirement is that one or more of the other persons who are liable to bear a proportion of that cost refused, or was not able, to comply with the requirement.

(3) Except in a case falling within subsection (4) below, a person who commits an offence under subsection (1) above shall be liable, on summary conviction, to a fine not exceeding level 5 on the standard scale and to a further fine of an amount equal to one-tenth of level 5 on the standard scale for each day on which the failure continues after conviction of the offence and before the enforcing authority has begun to exercise its powers by virtue of section 78N(3)(c) below.

(4) A person who commits an offence under subsection (1) above in a case where the contaminated land to which the remediation notice relates is industrial, trade or business premises shall be liable on summary conviction to a fine not exceeding £20,000 or such greater sum as the Secretary of State may from time to time by order substitute and to a further fine of an amount equal to one-tenth of that sum for each day on which the failure continues after conviction of the offence and before the enforcing authority has begun to exercise its powers by virtue of section 78N(3)(c) below.

(5) If the enforcing authority is of the opinion that proceedings for an offence under this section would afford an ineffectual remedy against a person who has failed to comply with any of the requirements of a remediation notice which that authority has served on him, that authority may take proceedings in the High Court or, in Scotland, in any court of competent jurisdiction, for the purpose of securing compliance with the remediation notice.

(6) In this section, "industrial, trade or business premises" means premises used for any industrial, trade or business purposes or premises not so used on which matter is burnt in connection with any industrial, trade or business process, and premises are used for industrial

purposes where they are used for the purposes of any treatment or process as well as where they are used for the purpose of manufacturing.

(7) No order shall be made under subsection (4) above unless a draft of the order has been laid before, and approved by a resolution of, each House of Parliament.

78N.— Powers of the enforcing authority to carry out remediation.

(1) Where this section applies, the enforcing authority shall itself have power, in a case falling within paragraph (a) or (b) of section 78E(1) above, to do what is appropriate by way of remediation to the relevant land or waters.

(2) Subsection (1) above shall not confer power on the enforcing authority to do anything by way of remediation if the authority would, in the particular case, be precluded by section 78YB below from serving a remediation notice requiring that thing to be done.

(3) This section applies in each of the following cases, that is to say—

(a) where the enforcing authority considers it necessary to do anything itself by way of remediation for the purpose of preventing the occurrence of any serious harm, or serious pollution of controlled waters, of which there is imminent danger;(b) where an appropriate person has entered into a written agreement with the enforcing authority for that authority to do, at the cost of that person, that which he would otherwise be required to do under this Part by way of remediation;

(c) where a person on whom the enforcing authority serves a remediation notice fails to comply with any of the requirements of the notice;

(d) where the enforcing authority is precluded by section 78J or 78K above from including something by way of remediation in a remediation notice;

(e) where the enforcing authority considers that, were it to do some particular thing by way of remediation, it would decide, by virtue of subsection (2) of section 78P below or any guidance issued under that subsection,—

(i) not to seek to recover under subsection (1) of that section any of the reasonable cost incurred by it in doing that thing; or

(ii) to seek so to recover only a portion of that cost;

(f) where no person has, after reasonable inquiry, been found who is an appropriate person in relation to any particular thing.

(4) Subject to section 78E(4) and (5) above, for the purposes of this section, the things which it is appropriate for the enforcing authority to do by way of remediation are—

(a) in a case falling within paragraph (a) of subsection (3) above, anything by way of remediation which the enforcing authority considers necessary for the purpose mentioned in that paragraph;

(b) in a case falling within paragraph (b) of that subsection, anything specified in, or determined under, the agreement mentioned in that paragraph;

(c) in a case falling within paragraph (c) of that subsection, anything which the person mentioned in that paragraph was required to do by virtue of the remediation notice;

(d) in a case falling within paragraph (d) of that subsection, anything by way of remediation which the enforcing authority is precluded by section 78J or 78K above from including in a remediation notice;

(e) in a case falling within paragraph (e) or (f) of that subsection, the particular thing mentioned in the paragraph in question.

(5) In this section "the relevant land or waters" means —

- (a) the contaminated land in question;
- (b) any controlled waters affected by that land; or
- (c) any land adjoining or adjacent to that land or those waters.

78P.— Recovery of, and security for, the cost of remediation by the enforcing authority.

(1) Where, by virtue of section 78N(3)(a), (c), (e) or (f) above, the enforcing authority does any particular thing by way of remediation, it shall be entitled, subject to sections 78J(7)and 78K(6) above, to recover the reasonable cost incurred in doing it from the appropriate person or, if there are two or more appropriate persons in relation to the thing in question, from those persons in proportions determined pursuant to section 78F(7) above.

(2) In deciding whether to recover the cost, and, if so, how much of the cost, which it is entitled to recover under subsection (1) above, the enforcing authority shall have regard—

(a) to any hardship which the recovery may cause to the person from whom the cost is recoverable; and

(b) to any guidance issued by the Secretary of State for the purposes of this subsection.

(3) Subsection (4) below shall apply in any case where—

- (a) any cost is recoverable under subsection (1) above from a person—
 - (i) who is the owner of any premises which consist of or include the contaminated land in question; and
 - (ii) who caused or knowingly permitted the substances, or any of the substances, by reason of which the land is contaminated land to be in, on or under the land; and
- (b) the enforcing authority serves a notice under this subsection (in this Part referred to as a "charging notice") on that person.

(4) Where this subsection applies—

(a) the cost shall carry interest, at such reasonable rate as the enforcing authority may determine, from the date of service of the notice until the whole amount is paid; and

(b) subject to the following provisions of this section, the cost and accrued interest shall be a charge on the premises mentioned in subsection (3)(a)(i) above.

(5) A charging notice shall—

(a) specify the amount of the cost which the enforcing authority claims is recoverable;

(b) state the effect of subsection (4) above and the rate of interest determined by the authority under that subsection; and

(c) state the effect of subsections (7) and (8) below.

(6) On the date on which an enforcing authority serves a charging notice on a person, the authority shall also serve a copy of the notice on every other person who, to the knowledge of the authority, has an interest in the premises capable of being affected by the charge.

- (a) as from the end of the period of twenty-one days beginning with the service of the charging notice, or
- (b) where an appeal is brought under subsection (8) below, as from the final determination or (as the case may be) the withdrawal, of the appeal,

until the cost and interest are recovered.

(8) A person served with a charging notice or a copy of a charging notice may appeal against the notice to a county court within the period of twenty-one days beginning with the date of service.

(9) On an appeal under subsection (8) above, the court may—

- (a) confirm the notice without modification;
- (b) order that the notice is to have effect with the substitution of a different amount
- for the amount originally specified in it; or
- (c) order that the notice is to be of no effect.

(10) Regulations may make provision with respect to-

- (a) the grounds on which appeals under this section may be made; or
- (b) the procedure on any such appeal.

(11) An enforcing authority shall, for the purpose of enforcing a charge under this section, have all the same powers and remedies under the Law of Property Act 1925, and otherwise, as if it were a mortgagee by deed having powers of sale and lease, of accepting surrenders of leases and of appointing a receiver.

(12) Where any cost is a charge on premises under this section, the enforcing authority may by order declare the cost to be payable with interest by instalments within the specified period until the whole amount is paid.

(13) In subsection (12) above—

"interest" means interest at the rate determined by the enforcing authority under subsection (4) above; and

"the specified period" means such period of thirty years or less from the date of service of the charging notice as is specified in the order.

(14) Subsections (3) to (13) above do not extend to Scotland.

78Q.— Special sites.

(1) If, in a case where a local authority has served a remediation notice, the contaminated land in question becomes a special site, the appropriate Agency may adopt the remediation notice and, if it does so,—

(a) it shall give notice of its decision to adopt the remediation notice to the appropriate person and to the local authority;

(b) the remediation notice shall have effect, as from the time at which the appropriate Agency decides to adopt it, as a remediation notice given by that Agency; and

(c) the validity of the remediation notice shall not be affected by—

- (i) the contaminated land having become a special site;
- (ii) the adoption of the remediation notice by the appropriate Agency; or

(iii) anything in paragraph (b) above.

(2) Where a local authority has, by virtue of section 78N above, begun to do anything, or any series of things, by way of remediation—

(a) the authority may continue doing that thing, or that series of things, by virtue of that section, notwithstanding that the contaminated land in question becomes a special site; and

(b) section 78P above shall apply in relation to the reasonable cost incurred by the authority in doing that thing or those things as if that authority were the enforcing authority.

(3) If and so long as any land is a special site, the appropriate Agency may from time to time inspect that land for the purpose of keeping its condition under review.

(4) If it appears to the appropriate Agency that a special site is no longer land which is required to be designated as such a site, the appropriate Agency may give notice—

(a) to the Secretary of State, and

(b) to the local authority in whose area the site is situated,

terminating the designation of the land in question as a special site as from such date as may be specified in the notice.

(5) A notice under subsection (4) above shall not prevent the land, or any of the land, to which the notice relates being designated as a special site on a subsequent occasion.

(6) In exercising its functions under subsection (3) or (4) above, the appropriate Agency shall act in accordance with any guidance given for the purpose by the Secretary of State.

78R.— Registers.

(1) Every enforcing authority shall maintain a register containing prescribed particulars of or relating to—

(a) remediation notices served by that authority;

(b) appeals against any such remediation notices;

(c) remediation statements or remediation declarations prepared and published under section 78H above;

(d) in relation to an enforcing authority in England and Wales, appeals against charging notices served by that authority;

(e) notices under subsection (1)(b) or (5)(a) of section 78C above which have effect by virtue of subsection (7) of that section as the designation of any land as a special site;

(f) notices under subsection (4)(b) of section 78D above which have effect by virtue of subsection (6) of that section as the designation of any land as a special site;

(g) notices given by or to the enforcing authority under section 78Q(4) above terminating the designation of any land as a special site;

(h) notifications given to that authority by persons-

(i) on whom a remediation notice has been served, or

(ii) who are or were required by virtue of section 78H(8)(a) above to prepare and publish a remediation statement,

of what they claim has been done by them by way of remediation;

(j) notifications given to that authority by owners or occupiers of land-

- (i) in respect of which a remediation notice has been served, or
- (ii) in respect of which a remediation statement has been prepared and published,
- of what they claim has been done on the land in question by way of remediation; (k) convictions for such offences under section 78M above as may be prescribed;
- (1) such other matters relating to contaminated land as may be prescribed; but that duty is subject to sections 78S and 78T below.

(2) The form of, and the descriptions of information to be contained in, notifications for the purposes of subsection (1)(h) or (j) above may be prescribed by the Secretary of State.

(3) No entry made in a register by virtue of subsection (1)(h) or (j) above constitutes a representation by the body maintaining the register or, in a case where the entry is made by virtue of subsection (6) below, the authority which sent the copy of the particulars in question pursuant to subsection (4) or (5) below—

- (a) that what is stated in the entry to have been done has in fact been done; or
- (b) as to the manner in which it has been done.

(4) Where any particulars are entered on a register maintained under this section by the appropriate Agency, the appropriate Agency shall send a copy of those particulars to the local authority in whose area is situated the land to which the particulars relate.

(5) In any case where—

(a) any land is treated by virtue of section 78X(2) below as situated in the area of a local authority other than the local authority in whose area it is in fact situated, and

(b) any particulars relating to that land are entered on the register maintained under this section by the local authority in whose area the land is so treated as situated,

that authority shall send a copy of those particulars to the local authority in whose area the land is in fact situated.

(6) Where a local authority receives a copy of any particulars sent to it pursuant to subsection (4) or (5) above, it shall enter those particulars on the register maintained by it under this section.

(7) Where information of any description is excluded by virtue of section 78T below from any register maintained under this section, a statement shall be entered in the register indicating the existence of information of that description.

(8) It shall be the duty of each enforcing authority—

- (a) to secure that the registers maintained by it under this section are available, at all reasonable times, for inspection by the public free of charge; and
- (b) to afford to members of the public facilities for obtaining copies of entries, on payment of reasonable charges;

and, for the purposes of this subsection, places may be prescribed by the Secretary of State at which any such registers or facilities as are mentioned in paragraph (a) or (b) above are to be available or afforded to the public in pursuance of the paragraph in question.

(9) Registers under this section may be kept in any form.

78S.— Exclusion from registers of information affecting national security.

(1) No information shall be included in a register maintained under section 78R above if and so long as, in the opinion of the Secretary of State, the inclusion in the register of that information, or information of that description, would be contrary to the interests of national security.

(2) The Secretary of State may, for the purpose of securing the exclusion from registers of information to which subsection (1) above applies, give to enforcing authorities directions—

(a) specifying information, or descriptions of information, to be excluded from their registers; or

(b) specifying descriptions of information to be referred to the Secretary of State for his determination;

and no information referred to the Secretary of State in pursuance of paragraph (b) above shall be included in any such register until the Secretary of State determines that it should be so included.

(3) The enforcing authority shall notify the Secretary of State of any information which it excludes from the register in pursuance of directions under subsection (2) above.

(4) A person may, as respects any information which appears to him to be information to which subsection (1) above may apply, give a notice to the Secretary of State specifying the information and indicating its apparent nature; and, if he does so—

(a) he shall notify the enforcing authority that he has done so; and

(b) no information so notified to the Secretary of State shall be included in any such

register until the Secretary of State has determined that it should be so included.

78T.— Exclusion from registers of certain confidential information.

(1) No information relating to the affairs of any individual or business shall be included in a register maintained under section 78R above, without the consent of that individual or the person for the time being carrying on that business, if and so long as the information—

(a) is, in relation to him, commercially confidential; and

(b) is not required to be included in the register in pursuance of directions under subsection (7) below;

but information is not commercially confidential for the purposes of this section unless it is determined under this section to be so by the enforcing authority or, on appeal, by the Secretary of State.

(2) Where it appears to an enforcing authority that any information which has been obtained by the authority under or by virtue of any provision of this Part might be commercially confidential, the authority shall—

(a) give to the person to whom or whose business it relates notice that that information is required to be included in the register unless excluded under this section; and

(b) give him a reasonable opportunity—

(i) of objecting to the inclusion of the information on the ground that it is commercially confidential; and

(ii) of making representations to the authority for the purpose of justifying any such objection;

and, if any representations are made, the enforcing authority shall, having taken the representations into account, determine whether the information is or is not commercially confidential.

(3) Where, under subsection (2) above, an authority determines that information is not commercially confidential—

(a) the information shall not be entered in the register until the end of the period of twenty-one days beginning with the date on which the determination is notified to the person concerned;

(b) that person may appeal to the Secretary of State against the decision;

and, where an appeal is brought in respect of any information, the information shall not be entered in the register until the end of the period of seven days following the day on which the appeal is finally determined or withdrawn.

(4) An appeal under subsection (3) above shall, if either party to the appeal so requests or the Secretary of State so decides, take or continue in the form of a hearing (which must be held in private).

(5) Subsection (10) of section 15 above shall apply in relation to an appeal under subsection(3) above as it applies in relation to an appeal under that section.

(6) Subsection (3) above is subject to section 114 of the Environment Act 1995 (delegation or reference of appeals etc).

(7) The Secretary of State may give to the enforcing authorities directions as to specified information, or descriptions of information, which the public interest requires to be included in registers maintained under section 78R above notwithstanding that the information may be commercially confidential.

(8) Information excluded from a register shall be treated as ceasing to be commercially confidential for the purposes of this section at the expiry of the period of four years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to the authority for the information to remain excluded from the register on the ground that it is still commercially confidential and the authority shall determine whether or not that is the case.

(9) Subsections (3) to (6) above shall apply in relation to a determination under subsection(8) above as they apply in relation to a determination under subsection (2) above.

(10) Information is, for the purposes of any determination under this section, commercially confidential, in relation to any individual or person, if its being contained in the register would prejudice to an unreasonable degree the commercial interests of that individual or person.

(11) For the purposes of subsection (10) above, there shall be disregarded any prejudice to the commercial interests of any individual or person so far as relating only to the value of the contaminated land in question or otherwise to the ownership or occupation of that land.

78U.— Reports by the appropriate Agency on the state of contaminated land.

(1) The appropriate Agency shall—

(a) from time to time, or

(b) if the Secretary of State at any time so requests,

prepare and publish a report on the state of contaminated land in England and Wales or in Scotland, as the case may be.

(2) A local authority shall, at the written request of the appropriate Agency, furnish the appropriate Agency with such information to which this subsection applies as the appropriate Agency may require for the purpose of enabling it to perform its functions under subsection (1) above.

(3) The information to which subsection (2) above applies is such information as the local authority may have, or may reasonably be expected to obtain, with respect to the condition of contaminated land in its area, being information which the authority has acquired or may acquire in the exercise of its functions under this Part.

78V.— Site-specific guidance by the appropriate Agency concerning contaminated land.

(1) The appropriate Agency may issue guidance to any local authority with respect to the exercise or performance of the authority's powers or duties under this Part in relation to any particular contaminated land; and in exercising or performing those powers or duties in relation to that land the authority shall have regard to any such guidance so issued.

(2) If and to the extent that any guidance issued under subsection (1) above to a local authority is inconsistent with any guidance issued under this Part by the Secretary of State, the local authority shall disregard the guidance under that subsection.

(3) A local authority shall, at the written request of the appropriate Agency, furnish the appropriate Agency with such information to which this subsection applies as the appropriate Agency may require for the purpose of enabling it to issue guidance for the purposes of subsection (1) above.

(4) The information to which subsection (3) above applies is such information as the local authority may have, or may reasonably be expected to obtain, with respect to any contaminated land in its area, being information which the authority has acquired, or may acquire, in the exercise of its functions under this Part.

78W.— The appropriate Agency to have regard to guidance given by the Secretary of State.

(1) The Secretary of State may issue guidance to the appropriate Agency with respect to the exercise or performance of that Agency's powers or duties under this Part; and in exercising or performing those powers or duties the appropriate Agency shall have regard to any such guidance so issued.

(2) The duty imposed on the appropriate Agency by subsection (1) above is without prejudice to any duty imposed by any other provision of this Part on that Agency to act in accordance with guidance issued by the Secretary of State.

78X.— Supplementary provisions.

(1) Where it appears to a local authority that two or more different sites, when considered together, are in such a condition, by reason of substances in, on or under the land, that—

- (a) significant harm is being caused or there is a significant possibility of such harm being caused, or
- (b) pollution of controlled waters is being, or is likely to be, caused,

this Part shall apply in relation to each of those sites, whether or not the condition of the land at any of them, when considered alone, appears to the authority to be such that significant harm is being caused, or there is a significant possibility of such harm being caused, or that pollution of controlled waters is being or is likely to be caused.

(2) Where it appears to a local authority that any land outside, but adjoining or adjacent to, its area is in such a condition, by reason of substances in, on or under the land, that significant harm is being caused, or there is a significant possibility of such harm being caused, or that pollution of controlled waters is being, or is likely to be, caused within its area—

(a) the authority may, in exercising its functions under this Part, treat that land as if it were land situated within its area; and

- if it were land situated within its area; and
- (b) except in this subsection, any reference—
 - (i) to land within the area of a local authority, or
 - (ii) to the local authority in whose area any land is situated,

shall be construed accordingly;

but this subsection is without prejudice to the functions of the local authority in whose area the land is in fact situated.

(3) A person acting in a relevant capacity—

(a) shall not thereby be personally liable, under this Part, to bear the whole or any part of the cost of doing any thing by way of remediation, unless that thing is to any extent referable to substances whose presence in, on or under the contaminated land in question is a result of any act done or omission made by him which it was unreasonable for a person acting in that capacity to do or make; and

(b) shall not thereby be guilty of an offence under or by virtue of section 78M above unless the requirement which has not been complied with is a requirement to do some particular thing for which he is personally liable to bear the whole or any part of the cost.

(4) In subsection (3) above, "person acting in a relevant capacity" means —

(a) a person acting as an insolvency practitioner, within the meaning of section 388 of the Insolvency Act 1986 (including that section as it applies in relation to an insolvent partnership by virtue of any order made under section 421 of that Act);

(b) the official receiver acting in a capacity in which he would be regarded as acting as an insolvency practitioner within the meaning of section 388 of the Insolvency Act 1986 if subsection (5) of that section were disregarded;

(c) the official receiver acting as receiver or manager;

(d) a person acting as a special manager under section 177 or 370 of the Insolvency Act 1986;

(e) the Accountant in Bankruptcy acting as permanent or interim trustee in a sequestration (within the meaning of the Bankruptcy (Scotland) Act 1985);

(f) a person acting as a receiver or receiver and manager-

- (i) under or by virtue of any enactment; or
- (ii) by virtue of his appointment as such by an order of a court or by any other instrument.

(5) Regulations may make different provision for different cases or circumstances.

78Y.— Application to the Isles of Scilly.

(1) Subject to the provisions of any order under this section, this Part shall not apply in relation to the Isles of Scilly.

(b) in the case of any member of the National Park planning board immediately before the designated date who was holding that office by virtue of his appointment as such by the Secretary of State under and in accordance with paragraph 11 of Schedule 17 to the 1972 Act (which requires prior consultation), the appointment shall, on and after the designated date, have effect for the remainder of the period for which it was made as an appointment as a member of the National Park authority made by the Secretary of State in accordance with paragraph 4(1) of Schedule 7 to this Act;

(b) decides not to proceed with the establishment of the proposed board and to establish instead a National Park authority in relation to that National Park ("the proposed authority"), and

(c) the proposed authority is, or is to be, established before 31st March 1997,

the doing of anything by or in relation to the Secretary of State (other than the making by the Secretary of State of an instrument of a legislative character) with a view to, or otherwise in connection with, establishing the proposed board shall be treated, as respects the proposed authority, as the doing of any corresponding or reasonably similar thing falling to be done for the purposes of, or otherwise in connection with, the establishment of that authority.

(7) Without prejudice to the generality of subsection (6) above, in any case falling within paragraphs (a) to (c) of that subsection—

(b) anything done by or in relation to the Secretary of State for the purposes of the consultation required by paragraph 11 of Schedule 17 to the 1972 Act (appointment of members by Secretary of State) preparatory to the appointment of a person as a member of the proposed board shall be deemed, as respects the proposed authority, to have been done for the purposes of the consultation required by paragraph 4(1) of Schedule 7 to this Act preparatory to the appointment of that person as a member of that authority;

(c) anything done by or in relation to the Secretary of State (other than the making by the Secretary of State of an instrument of a legislative character) for the purposes of, or otherwise in connection with, any other requirement, whether statutory or otherwise, of a consultative or procedural nature—

- (i) which relates to a National Park planning board, and
- (ii) for which there is a corresponding or reasonably similar requirement which relates to a National Park authority,

shall be treated, as respects the proposed authority, as done for the purposes of, or otherwise in connection with, that other corresponding or reasonably similar requirement.

(8) Section 54 of the Local Government (Wales) Act 1994 (powers to make incidental, consequential, transitional or supplemental provision) shall have effect as if this Part were contained in that Act, except that subsection (2)(e) of that section shall have effect as if this Part were contained in an Act passed in the same Session as that Act.

(9) In this section—

"the designated date", in the case of any body corporate constituted as a National Park planning board which becomes, or is to become, a National Park authority by virtue of this section, means the date designated by virtue of subsection (1) above in the order relating to that body;

(3) Subject to any maximum specified in or determined in accordance with any regulations under that section 74, the amount of the levies issued by a National Park authority in respect of any financial year shall be equal to the sum by which the aggregate of the amounts specified in subsection (4) below is exceeded by the aggregate of the sums which it estimates it will require in respect of that year for the following purposes, that is to say—

104.— Fixed penalty system for certain fisheries offences.

(1) After section 37 of the Salmon and Freshwater Fisheries Act 1975 there shall be inserted-

"37A.— Fixed penalty notices for certain offences.

(1) Where on any occasion a water bailiff or other officer of the Agency finds a person who he has reason to believe is committing, or has on that occasion committed, a fixed penalty offence, he may give to that person a notice (in this section referred to as a "fixed penalty notice") offering him the opportunity of discharging any liability to conviction for that offence by payment of a fixed penalty.

(3) The Agency may extend the period for paying the fixed penalty in any particular case if it considers it appropriate to do so in all the circumstances of the case.

(4) If, in any particular case, the Agency considers that a fixed penalty notice which has been given ought not to have been given, it may give to the person to whom the fixed penalty notice was given a notice withdrawing the fixed penalty notice; and where notice under this subsection is given—

(a) the Agency shall repay any amount which has been paid by way of fixed penalty in pursuance of the fixed penalty notice; and

shall be received as evidence of the matters so stated and shall be treated, without further proof, as being so signed unless the contrary is shown.

[2.—

(1) This paragraph has effect for the purposes of determining which mineral sites are Phase I sites, which are Phase II sites, and which are neither Phase I nor Phase II sites.

(2) A mineral site is neither a Phase I site nor a Phase II site where—

(a) all the relevant planning permissions which relate to the site have been granted after 21st February 1982; or

(b) some only of the relevant planning permissions which relate to the site have been granted after 21st February 1982, and the parts of the site to which those permissions relate constitute the greater part of that site.

(3) With the exception of those mineral sites which, by virtue of sub-paragraph (2) above, are neither Phase I nor Phase II sites, every mineral site is either a Phase I site or a Phase II site.

(4) Subject to sub-paragraph (2) above, where any part of a mineral site is situated within—

(a) a National Park;

(b) a site of special scientific interest (within the meaning of the Wildlife and Countryside Act 1981);

(c) an area designated under section 82 of the Countryside and Rights of Way Act 2000 as an area of outstanding natural beauty;

that site is a Phase I site.

(5) Subject to sub-paragraphs (2) and (4) above, where-

(a) all the relevant planning permissions which relate to a mineral site, and which were not granted after 21st February 1982, were granted after the relevant day in 1969; or

(b) the parts of a mineral site to which relate such of the relevant planning permissions relating to the site as were granted after the relevant day in 1969 but before 22nd February 1982 constitute a greater part of the site than is constituted by those parts of the site to which no such relevant planning permission relates but to which a relevant planning permission granted on or before the relevant day in 1969 does relate,

the mineral site is a Phase II site.

(6) In sub-paragraph (5) above, "the relevant day in 1969" means —

(7) Every other mineral site, that is to say any mineral site other than one—

- (a) which is, by virtue of sub-paragraph (2) above, neither a Phase I nor a Phase II site; or
- (b) which is a Phase I site by virtue of sub-paragraph (4) above; or
- (c) which is a Phase II site by virtue of sub-paragraph (5) above,

is a Phase I site.

(8) In ascertaining, for the purposes of sub-paragraph (2) or (5) above, whether any parts of a mineral site constitute the greater part of that site, or whether a part of a mineral site is greater than any other part, that mineral site shall be treated as not including any part of the site—

- (a) to which an old mining permission relates; or
- (b) which is a part where minerals development has been (but is no longer being) carried out and which has, in the opinion of the mineral planning authority, been satisfactorily restored;

but no part of a site shall be treated, by virtue of paragraph (b) above, as being not included in the site unless the mineral planning authority are satisfied that any aftercare conditions which relate to that part have, so far as relating to that part, been complied with. 1^{1}

(1) Any person who is the owner of any land, or is entitled to an interest in a mineral, may, if that land or interest is not a mineral site included in the first list and does not form part of any mineral site included in that list, apply to the mineral planning authority for that land or interest to be included in that list.

(2) An application under sub-paragraph (1) above shall be made no later than the day upon which expires the period of three months from the day when the first list was first advertised in accordance with paragraph 5 above.

(3) Where the mineral planning authority consider that—

(a) the land or interest is, or forms part of, any dormant or active Phase I or II site, they shall accede to the application; or

(b) part only of the land or interest is, or forms part of, any dormant or active Phase I or II site, they shall accede to the application so far as it relates to that part of the land or interest, but shall otherwise refuse the application.

(4) On acceding, whether in whole or in part, to an application made under sub-paragraph (1) above, the mineral planning authority shall amend the first list as follows—

(a) where they consider that the land or interest, or any part of the land or interest, is a dormant site or an active Phase I or II site, they shall add the mineral site consisting of the land or interest or, as the case may be, that part, to the first list and shall cause the list to indicate whether the site is an active Phase I site, an active Phase II site or a dormant site;(b) where they consider that the land or interest, or any part of the land or interest, forms part of any mineral site included in the first list, they shall amend the entry in the first list for that site accordingly.

(5) Where the mineral planning authority amend the first list in accordance with sub-paragraph (4) above, they shall also—

(a) in a case where an active Phase I site is added to the first list pursuant to paragraph (a) of that sub-paragraph, cause that list to specify, in respect of that site, the date by which an application is to be made to the mineral planning authority under paragraph 9 below; (b) in a case where—

(i) the entry for an active Phase I site included in the first list is amended pursuant to paragraph (b) of that sub-paragraph; and

(ii) the date specified in that list in respect of that site as the date by which an application is to be made to the mineral planning authority under paragraph 9 below is a date falling less than 12 months after the date upon which the authority make their decision upon the application in question,

cause that date to be amended so as to specify instead the date upon which expires the period of 12 months from the date on which the applicant is notified under sub-paragraph (10) below of the authority's decision upon his application.

(6) Any date specified pursuant to sub-paragraph (5)(a) above shall be a date—

(a) not earlier than the date upon which expires the period of 12 months from the date on which the applicant is notified under sub-paragraph (10) below of the mineral planning authority's decision upon his application, and

- (b) not later than the later of—
 - (i) the date upon which expires the period of three years from the date upon which the provisions of this Schedule come into force; and
 - (ii) the date mentioned in paragraph (a) above.

(7) On acceding, whether in whole or in part, to an application made under sub-paragraph (1) above, the mineral planning authority shall, if the second list has been first advertised in accordance with paragraph 5 above prior to the time at which they make their decision on the application, amend the second list as follows-

(a) where they consider that the land or interest, or any part of the land or interest, is an active Phase II site, they shall add the mineral site consisting of the land or interest or, as the case may be, that part, to the second list;

(b) where they consider that the land or interest, or any part of the land or interest, forms part of any active Phase II site included in the second list, they shall amend the entry in that list for that site accordingly.

(8) Where the mineral planning authority amend the second list in accordance with sub-paragraph (7) above, they shall also—

(a) in a case where an active Phase II site is added to the second list pursuant to paragraph (a) of that sub-paragraph, cause that list to specify, in respect of that site, the date by which an application is to be made to the authority under paragraph 9 below;

(b) in a case where—

(i) the entry for an active Phase II site included in the second list is amended pursuant to paragraph (b) of that sub-paragraph; and

(ii) the date specified in that list in respect of that site as the date by which an application is to be made to the authority under paragraph 9 below is a date falling less than 12 months after the date upon which the authority make their decision upon the application in question,

cause that date to be amended so as to specify instead the date upon which expires the period of 12 months from the date on which the applicant is notified under sub-paragraph (10) below of the authority's decision upon his application.

(9) Any date specified pursuant to sub-paragraph (8)(a) above shall be a date—

(a) not earlier than the date upon which expires the period of 12 months from the date on which the applicant is notified under sub-paragraph (10) below of the mineral planning authority's decision upon his application, and

 - (i) the date upon which expires the period of six years from the date upon which the provisions of this Schedule come into force; and
 - (ii) the date mentioned in paragraph (a) above.

(10) When a mineral planning authority determine an application made under sub-paragraph (1) above, they shall notify the applicant in writing of their decision and, in a case where they have acceded to the application, whether in whole or in part, shall supply the applicant with details of any amendment to be made to the first or second list in accordance with sub-paragraph (4) or (8) above.

(11) Where a mineral planning authority—

- (a) refuse an application made under sub-paragraph (1) above; or
- (b) accede to such an application only so far as it relates to part of the land or interest in respect of which it was made,

the applicant may by notice appeal to the Secretary of State.

(12) A person who has made such an application may also appeal to the Secretary of State if the mineral planning authority have not given notice to the applicant of their decision on the application within eight weeks of their having received the application or within such extended period as may at any time be agreed upon in writing between the applicant and the authority.

(13) An appeal under sub-paragraph (11) or (12) above must be made by giving notice of appeal to the Secretary of State before the end of the period of six months beginning with—

(a) in the case of an appeal under sub-paragraph (11) above, the determination; or

(b) in the case of an appeal under sub-paragraph (12) above, the end of the period of eight weeks mentioned in that sub-paragraph or, as the case may be, the end of the extended period mentioned in that sub-paragraph.

(d) explain the right to apply to have that date postponed, and indicate the date by which such an application must be made.

(6) Where, in relation to any land or mineral included in an active Phase II site, the mineral planning authority—

(a) has served notice on any person under sub-paragraph (4) above; and

(b) has received no application under paragraph 9 below from that person by the date falling eight weeks before the date specified in the second list as the date by which such applications should be made in respect of the site in question,

the authority shall serve a written reminder on that person, and such a reminder shall—

(i) comply with the requirements of sub-paragraph (5)(a) to (c) above; and

(ii) be served on that person on or before the date falling four weeks before the date specified in the second list in respect of that site as the date by which an application is to be made to the authority under paragraph 9 below.

(7) Sub-paragraph (1) or (4) above shall not require the mineral planning authority to serve notice under that sub-paragraph upon any person whose identity or address for service is not known to and cannot practicably, after reasonable inquiry, be ascertained by them, but in any such case the authority shall cause to be firmly affixed, to each of one or more conspicuous objects on the land or, as the case may be, on the surface of the land above the interest in question, a copy of the notice which they would (apart from the provisions of this sub-paragraph) have had to serve under that sub-paragraph on the owner of that land or interest.

(8) If, in a case where sub-paragraph (7) above applies, no person makes an application to the authority under paragraph 9 below in respect of the active Phase I or II site which includes the land

or interest in question by the date falling eight weeks before the date specified in the first or, as the case may be, the second list as the date by which such applications should be made in respect of that site, the authority shall cause to be firmly affixed, to each of one or more conspicuous objects on the land or, as the case may be, on the surface of the land above the interest in question, a copy of the written reminder that would, in a case not falling within sub-paragraph (7) above, have been served under sub-paragraph (3) or (6) above.

(9) Where by sub-paragraph (7) or (8) above a copy of any notice is required to be affixed to an object on any land that copy shall—

(a) be displayed in such a way as to be easily visible and legible;

(b) be first displayed—

(i) in a case where the requirement arises under sub-paragraph (7) above, no later than the date upon which the first or, as the case may be, the second list is first advertised in accordance with paragraph 5 above; or

(ii) in a case where the requirement arises under sub-paragraph (8) above, no later than the date falling four weeks before the date specified in the first or, as the case may be, the second list in respect of the site in question as the date by which an application is to be made to the authority under paragraph 9 below; and

(c) be left in position for at least the period of 21 days from the date when it is first displayed, but where the notice is, without fault or intention of the authority, removed, obscured or defaced before that period has elapsed, that requirement shall be treated as having been complied with if the authority has taken reasonable steps for protection of the notice and, if need be, its replacement.

(10) In sub-paragraph (7) and (8) above, any reference to a conspicuous object on any land includes, in a case where the person serving a notice considers that there are no or insufficient such objects on the land, a reference to a post driven into or erected upon the land by the person serving the notice for the purpose of having affixed to it the notice in question.

(11) Where the mineral planning authority, being required—

(a) by sub-paragraph (3) or (6) above to serve a written reminder on any person; or

(b) by sub-paragraph (8) above to cause a copy of such a reminder to be displayed in the manner set out in that sub-paragraph,

fail to comply with that requirement by the date specified for the purpose, they may at any later time serve or, as the case may be, cause to be displayed, such a written reminder and, in any such case, the date by which an application in relation to the mineral site in question is to be made under paragraph 9 below is the date upon which expires the period of three months from the date when the reminder was served or posted in accordance with the provisions of this sub-paragraph.

(1) Any person who is the owner of any land, or who is entitled to an interest in a mineral, may, if that land or mineral is or forms part of a dormant site or an active Phase I or II site, apply to the mineral planning authority to determine the conditions to which the relevant planning permissions relating to that site are to be subject.

(2) An application under this paragraph shall be in writing and shall—

(a) identify the mineral site to which the application relates;

(b) specify the land or minerals comprised in the site of which the applicant is the owner or, as the case may be, in which the applicant is entitled to an interest;

(c) identify any relevant planning permissions relating to the site;

(d) identify, and give a postal address for, each other person that the applicant knows or, after reasonable inquiry, has cause to believe to be an owner of any land, or entitled to any interest in any mineral, comprised in the site;

(e) set out the conditions to which the applicant proposes the permissions referred to in paragraph (c) above should be subject; and

(f) be accompanied by the appropriate certificate (within the meaning of sub-paragraph (3) below).

(3) For the purposes of sub-paragraph (2) above, the appropriate certificate is such a certificate—
(a) as would be required, under section 65 of the 1990 Act (notice etc. of applications for planning permission) and any provision of a development order made by virtue of that section, to accompany the application if it were an application for planning permission for minerals development, but

(b) with such modifications as are required for the purposes of this paragraph, and section 65(6) of that Act (offences) shall also have effect in relation to any certificate purporting to be the appropriate certificate.

(5) Section 65 of the 1990 Act (by virtue of which a development order may provide for publicising applications for planning permission) shall have effect, with any necessary modifications, as if subsection (1) of that section also authorised a development order to provide for publicising applications under this paragraph.

(6) Where the mineral planning authority receive an application under this paragraph in relation to a dormant site or an active Phase I or II site they shall determine the conditions to which each relevant planning permission relating to the site is to be subject; and any such permission shall, from the date when the conditions to which it is to be subject are finally determined, have effect subject to the conditions which are determined under this Schedule as being the conditions to which it is to be subject.

(7) The conditions imposed by virtue of a determination under sub-paragraph (6) above—

(a) may include any conditions which may be imposed on a grant of planning permission for minerals development;

(b) may be in addition to, or in substitution for, any existing conditions to which the permission in question is subject.

(8) In determining that a relevant planning permission is to be subject to any condition relating to development for which planning permission is granted by a development order, the mineral planning authority shall have regard to any guidance issued for the purpose by the Secretary of State.

(9) Subject to sub-paragraph (10) below, where, within the period of three months from the mineral planning authority having received an application under this paragraph, or within such extended period as may at any time be agreed upon in writing between the applicant and the authority, the authority have not given notice to the applicant of their decision upon the application, the authority shall be treated as having at the end of that period or, as the case may be, that extended period, determined that the conditions to which any relevant planning permission to which the application relates is to be subject are those specified in the application as being proposed in relation to that permission; and any such permission shall, from that time, have effect subject to those conditions.

(10) Where a mineral planning authority, having received an application under this paragraph, are of the opinion that they are unable to determine the application unless further details are supplied to them, they shall within the period of one month from having received the application give notice to the applicant—

- (a) stating that they are of such opinion; and
- (b) specifying the further details which they require,

and where the authority so serve such a notice the period of three months referred to in sub-paragraph (9) above shall run not from the authority having received the application but from the time when the authority have received all the further details specified in the notice.

(11) Without prejudice to the generality of sub-paragraph (10) above, the further details which may be specified in a notice under that sub-paragraph include any—

(a) information, plans or drawings; or

(b) evidence verifying any particulars of details supplied to the authority in respect of the application in question,

which it is reasonable for the authority to request for the purpose of enabling them to determine the application.

(1) This paragraph applies in a case where—

(a) on an application made to the mineral planning authority under paragraph 9 above in respect of an active Phase I or II site the authority determine under that paragraph the conditions to which the relevant planning permissions relating to the site are to be subject;(b) those conditions differ in any respect from the proposed conditions set out in the application; and

(c) the effect of the conditions, other than any restoration or aftercare conditions, so determined by the authority, as compared with the effect of the conditions, other than any restoration or aftercare conditions, to which the relevant planning permissions in question were subject immediately prior to the authority making the determination, is to restrict working rights in respect of the site.

(2) In a case where this paragraph applies, the mineral planning authority shall, upon giving to the applicant notice of the conditions determined by the authority under paragraph 9 above, also give to the applicant notice—

(a) stating that the conditions determined by the authority differ in some respect from the proposed conditions set out in the application;

(b) stating that the effect of the conditions, other than any restoration or aftercare conditions, determined by the authority, as compared with the effect of the conditions, other than any restoration or aftercare conditions, to which the relevant planning permissions relating to the site in question were subject immediately prior to the making of the authority's determination, is to restrict working rights in respect of the site;

(c) identifying the working rights so restricted; and

(d) stating whether, in the opinion of the authority, the effect of that restriction of working rights would be such as to prejudice adversely to an unreasonable degree—

- (i) the economic viability of operating the site; or
- (ii) the asset value of the site.

(3) In determining whether, in their opinion, the effect of that restriction of working rights would be such as is mentioned in sub-paragraph (2)(d) above, a mineral planning authority shall have regard to any guidance issued for the purpose by the Secretary of State.

(4) In this paragraph, "the applicant" means the person who made the application in question under paragraph 9 above.

- (1) This paragraph applies in a case where—
 - (a) an application made under paragraph 9 above in respect of an active Phase I or II site is finally determined; and
 - (b) the requirements of either sub-paragraph (2) or (3) below are satisfied.
- (2) The requirements, referred to in sub-paragraph (1)(b) above, of this sub-paragraph are—
 - (a) that the conditions to which the relevant planning permissions relating to the site are to be subject were determined by the mineral planning authority;
 - (b) no appeal was made under paragraph 11(1)(a) above in respect of that determination or any such appeal was withdrawn or dismissed; and
 - (c) the authority gave notice under paragraph (d) of paragraph 10(2) above and either—
 - (i) that notice stated that, in the authority's opinion, the restriction of working rights in question would be such as to prejudice adversely to an unreasonable degree either of the matters referred to in sub-paragraph (i) and (ii) of the said paragraph (d); or

(ii) that notice stated that, in the authority's opinion, the restriction in question would not be such as would so prejudice either of those matters but an appeal under paragraph 11(1) above in respect of the giving of the notice has been allowed.

(3) The requirements, referred to in sub-paragraph (1)(b) above, of this sub-paragraph are that the conditions to which the relevant planning permissions are to be subject were determined by the Secretary of State (whether upon an appeal under paragraph 11(1)(a) above or upon a reference under paragraph 13 above) and—

(a) in a case where those conditions were determined upon an appeal under paragraph 11(1)(a) above either—

(i) the mineral planning authority gave notice under paragraph (d) of paragraph 10(2) above stating that, in their opinion, the restriction of working rights in question would be such as to prejudice adversely to an unreasonable degree either of the matters referred to in sub-paragraphs (i) and (ii) of the said paragraph (d), or

(ii) the authority gave a notice under the said paragraph (d) stating that, in their opinion, the restriction in question would not be such as would so prejudice either of those matters but an appeal under paragraph 11(1)(b) above in respect of the giving of that notice has been allowed;

or

(b) in a case where those conditions were determined upon a reference under paragraph 13 above, the Secretary of State gave notice under paragraph (d) of paragraph 10(2) above stating that, in his opinion, the restriction of working rights in question would be such as to prejudice adversely to an unreasonable degree either of the matters referred to in sub-paragraphs (i) and (ii) of the said paragraph (d).

(4) In a case to which this paragraph applies—

(a) as respects England and Wales, Parts IV and XI of the 1990 Act,

shall have effect as if an order made under section 97 of the 1990 Act had been confirmed by the Secretary of State under section 98 of the 1990 Act at the time when the application in question was finally determined and, as so confirmed, had effect to modify those permissions to the extent specified in sub-paragraph (5) below.

(5) For the purposes of sub-paragraph (4) above, the order which is treated by virtue of that sub-paragraph as having been made under section 97 of the 1990 Act is one whose only effect adverse to the interests of any person having an interest in the land or minerals comprised in the mineral site is to restrict working rights in respect of the site to the same extent as the relevant restriction.

(6) For the purposes of section 116 of the 1990 Act and of any regulations made under [that section]², the permissions treated as being modified by the order mentioned in sub-paragraph (4) above shall be treated as if they were planning permissions for development which neither consists of nor includes any minerals development.

[(A1) This paragraph has effect for the purposes of paragraphs 2A and 2B above.]²

(1) Subject to sub-paragraph (7) below, in a case where the mineral permissions relating to a mining site include an old mining permission, the [relevant date]³ means—

(a) the date falling fifteen years after the date upon which, pursuant to an application made under paragraph 2 of Schedule 2 to the 1991 Act, the conditions to which that old mining permission is to be subject are finally determined under that Schedule; or

(b) where there are two or more old mining permissions relating to that site, and the date upon which those conditions are finally determined is not the same date for each of those permissions, the date falling fifteen years after the date upon which was made the last such final determination to be so made in respect of any of those permissions,

and paragraph 10(2) of Schedule 2 to the 1991 Act (meaning of "finally determined") shall apply for the purposes of this sub-paragraph as it applies for the purposes of section 22 of and Schedule 2 to the 1991 Act.

(2) Subject to sub-paragraph (7) below, in the case of a mining site which is a Phase I or II site within the meaning of Schedule 13 to this Act, the [relevant date]³ means the date falling fifteen years after the date upon which, pursuant to an application made under paragraph 9 of that Schedule, there is determined under that paragraph the conditions to which the relevant planning permissions (within the meaning of that Schedule) relating to the site are to be subject.

- (a) which is not a Phase I or II site within the meaning of Schedule 13 to this Act; and
- (b) to which no old mining permission relates,

the [relevant date] 3 is the date falling fifteen years after the date upon which was granted the most recent mineral permission which relates to the site.

(4) Where, in the case of a mining site falling within sub-paragraph (3) above, the most recent mineral permission relating to that site relates, or the most recent such permissions (whether or not granted on the same date) between them relate, to part only of the site, and in the opinion of the mineral planning authority it is expedient, for the purpose of ascertaining, under that sub-paragraph, the [relevant date]³ in respect of that site, to treat that permission or those permissions as having been granted at the same time as the last of the other mineral permissions relating to the site, the [relevant date]³ for that site shall be ascertained under that sub-paragraph accordingly.

(5) A mineral planning authority shall, in deciding whether they are of such an opinion as is mentioned in sub-paragraph (4) above, have regard to any guidance issued by the Secretary of State for the purpose.

(6) Subject to sub-paragraph (7) below, in the case of a mining site—

(a) to which relates a mineral permission in respect of which an order has been made under section 97 of the 1990 Act, or

(a) where a mineral planning authority for an area in England determines that it will carry out a periodic review $[\ldots]^2$, and that periodic review is the first periodic review of the permissions relating to that site, and

(b) in relation to the first periodic review by a mineral planning authority for an area in Wales of the mineral permissions relating to a mining site.

]¹

(1) The mineral planning authority shall, in connection with the first periodic review of the mineral permissions relating to a mining site, no later than 12 months before the first review date, serve notice upon each person appearing to them to be the owner of any land, or entitled to an interest in any mineral, included in [the site to which the review relates]³.

(2) A notice required to be served under sub-paragraph (1) above shall—

- (a) specify the mining site to which it relates;
- (b) identify the mineral permissions relating to that site;
- (c) state the first review date;

(d) state that the first review date is the date by which an application must be made for approval of the conditions to which the mineral permissions relating to the site are to be subject and explain the consequences which will occur if no such application is made by that date; and

(e) explain the right to apply for postponement of the first review date and give the date by which such an application has to be made.

(3) Where, in relation to any land or mineral included in a mining site, the mineral planning authority—

- (a) has served notice on any person under sub-paragraph (1) above; and
- (b) has received no application under paragraph 6 below from that person by the date falling

eight weeks before the first review date,

(4) A reminder required to be served under sub-paragraph (3) above shall—

- (a) indicate that the land or mineral in question is included in a mining site;
- (b) comply with the requirements of sub-paragraph (2)(a) to (d) above; and

(c) be served on the person in question on or before the date falling four weeks before the first review date.

(5) Sub-paragraph (1) above shall not require the mineral planning authority to serve notice under that sub-paragraph upon any person whose identity or address for service is not known to and cannot practicably, after reasonable inquiry, be ascertained by them, but in any such case the authority shall cause to be firmly affixed, to each of one or more conspicuous objects on the land or, as the case may be, on the surface of the land above the interest in question, a copy of the notice which they would (apart from the provisions of this sub-paragraph) have had to serve under that sub-paragraph on the owner of that land or interest.

(6) If, in a case where sub-paragraph (5) above applies, no person makes an application to the authority under paragraph 6 below in respect of the mining site which includes the land or interest in question by the date falling eight weeks before the first review date, the authority shall cause to be firmly affixed, to each of one or more conspicuous objects on the land or, as the case may be, on the surface of the land above the interest in question, a copy of the written reminder that would, in a case not falling within sub-paragraph (5) above, have been served under sub-paragraph (3) above.

(7) Where by sub-paragraph (5) or (6) above a copy of any notice is required to be affixed to an object on any land that copy shall—

- (a) be displayed in such a way as to be easily visible and legible;
- (b) be first displayed—

(i) in a case where the requirement arises under sub-paragraph (5) above, no later than 12 months before the first review date; or

(ii) in a case where the requirement arises under sub-paragraph (6) above, no later than the date falling four weeks before the first review date;

and

(c) be left in position for at least the period of 21 days from the date when it is first displayed, but where the notice is, without fault or intention of the authority, removed, obscured or defaced before that period has elapsed, that requirement shall be treated as having been complied with if the authority has taken reasonable steps for protection of the notice and, if need be, its replacement.

(8) In sub-paragraphs (5) and (6) above, any reference to a conspicuous object on any land includes, in a case where the person serving a notice considers that there are no or insufficient such objects on the land, a reference to a post driven into or erected upon the land by the person serving the notice for the purpose of having affixed to it a copy of the notice in question.

(1) This paragraph applies where—

(a) an application made under paragraph 6 above in respect of a mining site is finally determined; and

(b) the conditions to which the mineral permissions relating to the site are to be subject, as determined under this Schedule, differ in any respect from the proposed conditions set out in the application; and

(c) the effect of the new conditions, except insofar as they are restoration or aftercare conditions, as compared with the effect of the existing conditions, except insofar as they were restoration or aftercare conditions, is to restrict working rights in respect of the site.

(2) For the purposes of this paragraph—

"the new conditions", in relation to a mining site, means the conditions, determined under this Schedule, to which the mineral permissions relating to the site are to be subject; and "the existing conditions", in relation to a mining site, means the conditions to which the mineral permissions relating to the site were subject immediately prior to the final determination of the application made under paragraph 6 above in respect of that site.

(3) For the purposes of this paragraph, working rights are restricted in respect of a mining site if any of—

(a) the size of the area which may be used for the winning and working of minerals or the depositing of mineral waste;

- (b) the depth to which operations for the winning and working of minerals may extend;
- (c) the height of any deposit of mineral waste;
- (d) the rate at which any particular mineral may be extracted;
- (e) the rate at which any particular mineral waste may be deposited;
- (f) the period at the expiry of which any winning or working of minerals or depositing of mineral waste is to cease; or

(g) the total quantity of minerals which may be extracted from, or of mineral waste which may be deposited on, the site,

is restricted or reduced in respect of the mining site in question.

(4) In a case to which this paragraph applies, but subject to sub-paragraph (6) below, Part IV and XI of the 1990 Act and, as respects Scotland, Parts VIII and XI of the 1972 Act, shall have effect as if an order made undersection 97 of the 1990 Act—

(a) had been confirmed by the Secretary of State under section 98 of the 1990 Act at the time when the application in question was finally determined; and

(b) as so confirmed, had effect to modify those permissions to the extent specified in sub-paragraph (6) below.

(5) For the purposes of this paragraph, the order referred to in sub-paragraph (4) above is one whose only effect adverse to the interests of any person having an interest in the land or minerals comprised in the mineral site is to restrict working rights in respect of the site to the same extent as the relevant restriction.

(6) For the purposes of section 116 of the 1990 Act and of any regulations made under [that section]², the permissions treated as being modified by the order mentioned in sub-paragraph (4) above shall be treated as if they were planning permissions for development which neither consists of nor includes any minerals development. 1¹

(a) at least seven clear days before the hearing, and

(b) where he has previously appeared before a court in connection with the alleged offence, within one month of his first such appearance,

he has served on the prosecutor a notice in writing giving such information identifying or assisting in the identification of that other person as was then in his possession.

(11) Any reference in subsection (10) above to appearing before a court includes a reference to being brought before a court.

(12) The obligations imposed by subsections (2) to (6) above, except so far as relating to farmed fish, shall not be in force during such period (if any) in each year as may be prescribed by byelaw.

(13) The obligations imposed by subsections (2) to (6) above on the occupier of a mill shall apply only where the conduit or channel was constructed on or after 18th July 1923.

(14) Any reference in this section to ensuring that a screen is placed and maintained includes, in a case where the screen takes the form of apparatus the operation of which prevents the passage of fish of the descriptions in question, a reference to ensuring that the apparatus is kept in continuous operation.

POLLUTION OF RIVERS AND COASTAL WATERS IN SCOTLAND: AMENDMENT OF THE CONTROL OF POLLUTION ACT 1974

Section 106

V Law In Force

1.

The Control of Pollution Act 1974, as it has effect in Scotland, shall be amended in accordance with the following paragraphs.

Sch. 16 para. 1: April 1, 1996 (1995 c. 25 Pt V s. 106; SI 1996/186 art. 3)

Extent

Sch. 16 para. 1: Scotland

Value In Force

2.

After section 30E there shall be inserted the following sections—

"Control of entry of polluting matter and effluents into water

30F.— Pollution offences.

(1) A person contravenes this section if he causes or knowingly permits any poisonous, noxious or polluting matter or any solid waste matter to enter any controlled waters.

(2) A person contravenes this section if he causes or knowingly permits any matter, other than trade effluent or sewage effluent, to enter controlled waters by being discharged from a sewer or from a drain in contravention of a prohibition imposed under section 30G below.

(3) A person contravenes this section if he causes or knowingly permits any trade effluent or sewage effluent to be discharged—

- (a) into any controlled waters; or
- (b) from land in Scotland, through a pipe, into the sea outside the seaward limits of controlled waters.

(4) A person contravenes this section if he causes or knowingly permits any trade effluent or sewage effluent to be discharged, in contravention of any prohibition imposed under section 30G below, from a building or from any plant—

- (a) on to or into any land; or
- (b) into any waters of a loch or pond which are not inland waters.

(5) A person contravenes this section if he causes or knowingly permits any matter whatever to enter any inland waters so as to tend (either directly or in combination with other matter which he or another person causes or permits to enter those waters) to impede the proper flow of the waters in a manner leading, or likely to lead, to a substantial aggravation of—

- (a) pollution due to other causes; or
- (b) the consequences of such pollution.

(6) Subject to the following provisions of this Part, a person who contravenes this section shall be guilty of an offence and liable—

(a) on summary conviction, to imprisonment for a term not exceeding three months or to a fine not exceeding $\pounds 20,000$ or to both;

(b) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine or to both.

30G.— Prohibition of certain discharges by notice or regulations.

(1) For the purposes of section 30F above a discharge of any effluent or other matter is, in relation to any person, in contravention of a prohibition imposed under this section if, subject to the following provisions of this section—

(a) SEPA has given that person notice prohibiting him from making or, as the case may be, continuing the discharge; or

(b) SEPA has given that person notice prohibiting him from making or, as the case may be, continuing the discharge unless specified conditions are observed, and those conditions are not observed.

(2) For the purposes of section 30F above a discharge of any effluent or other matter is also in contravention of a prohibition imposed under this section if the effluent or matter discharged—

(a) contains a prescribed substance or a prescribed concentration of such a substance; or

(b) derives from a prescribed process or from a process involving the use of prescribed substances or the use of such substances in quantities which exceed the prescribed amounts.

(3) Nothing in subsection (1) above shall authorise the giving of a notice for the purposes of that subsection in respect of discharges from a vessel; and nothing in any regulations made by virtue of subsection (2) above shall require any discharge from a vessel to be treated as a discharge in contravention of a prohibition imposed under this section.

(4) A notice given for the purposes of subsection (1) above shall expire at such time as may be specified in the notice.

(5) The time specified for the purposes of subsection (4) above shall not be before the end of the period of three months beginning with the day on which the notice is given, except in a case where SEPA is satisfied that there is an emergency which requires the prohibition in question to come into force at such time before the end of that period as may be so specified.

(6) Where, in the case of such a notice for the purposes of subsection (1) above as (but for this subsection) would expire at a time at or after the end of the said period of three months, an application is made before that time for a consent in pursuance of section 34 of this Act in respect of the discharge to which the notice relates, that notice shall be deemed not to expire until the result of the application becomes final—

(a) on the grant or withdrawal of the application;

(b) on the expiration, without the bringing of an appeal with respect to the decision on the application, of any period prescribed by virtue of section 39(2) below as the period within which any such appeal must be brought; or

(c) on the withdrawal or determination of any such appeal.

30H.— Discharges into and from sewers etc.

(1) For the purposes of section 30F above where-

- (a) any sewage effluent is discharged as mentioned in subsection (3) or (4) of that section from any sewer or works—
 - (i) vested in a sewerage authority; or

(ii) vested in a person other than a sewerage authority and forming (or forming part of) a system provided by him such as is mentioned in section 98(1)(b) of the Local Government etc. (Scotland) Act 1994; and

(b) the authority or, as the case may be, the person did not cause or knowingly permit the discharge but was bound (either unconditionally or subject to conditions which were observed) to receive into the sewer or works matter included in the discharge,

the authority or person shall be deemed to have caused the discharge.

(2) A sewerage authority shall not be guilty of an offence under section 30F of this Act by reason only of the fact that a discharge from a sewer or works vested in the authority contravenes conditions of a consent relating to the discharge if—

(a) the contravention is attributable to a discharge which another person caused or permitted to be made into the sewer or works; and

(b) the authority either was not bound to receive the discharge into the sewer or works or was bound to receive it there subject to conditions but the conditions were not observed; and

(c) the authority could not reasonably have been expected to prevent the discharge into the sewer or works;

and a person shall not be guilty of such an offence in consequence of a discharge which he caused or permitted to be made into a sewer or works vested in a sewerage authority if the authority was bound to receive the discharge there either unconditionally or subject to conditions which were observed.

(3) A person in whom any such sewer or works as is described in subsection (1)(a)(ii) above is vested (such person being in this subsection referred to as a "relevant person") shall not be guilty of an offence under section 30F of this Act by reason only of the fact that a discharge from the sewer or works contravenes conditions of a consent relating to the discharge if—

(a) the contravention is attributable to a discharge which another person caused or permitted to be made into the sewer or works; and

(b) the relevant person either was not bound to receive the discharge into the sewer or works or was bound to receive it there subject to conditions but the conditions were not observed; and

(c) the relevant person could not reasonably have been expected to prevent the discharge into the sewer or works;

and another person shall not be guilty of such an offence in consequence of a discharge which he caused or permitted to be made into a sewer or works vested in a relevant person if the relevant person was bound to receive the discharge there either unconditionally or subject to conditions which were observed.

30I.— Defence to principal offences in respect of authorised discharges.

(1) Subject to the following provisions of this section, a person shall not be guilty of an offence under section 30F above in respect of the entry of any matter into any waters or any discharge if the entry occurs or the discharge is made under and in accordance with, or as a result of, any act or omission under and in accordance with—

(b) an authorisation for a prescribed process designated for central control granted under Part I of the Environmental Protection Act 1990;

(c) a waste management or disposal licence;

(d) a licence granted under Part II of the Food and Environment Protection Act 1985;

(e) section 33 of the Water (Scotland) Act 1980 (temporary discharge by authorities in connection with the construction of works);

(f) any provision of a local Act or statutory order which expressly confers power to discharge effluent into water; or

(g) any prescribed enactment.

(2) Nothing in any disposal licence shall be treated for the purposes of subsection (1) above as authorising—

(a) any such entry or discharge as is mentioned in subsections (2) to (4) of section 30F above; or

(b) any act or omission so far as it results in any such entry or discharge.

(3) In this section—

"disposal licence" means a licence issued in pursuance of section 5 of this Act; "local Act" includes enactments in a public general Act which amend a local Act; "statutory order" means an order, byelaw, scheme or award made under an Act of Parliament, including an order or scheme confirmed by Parliament or brought into operation in accordance with special parliamentary procedure; and

"waste management licence" means such a licence granted under Part II of the Environmental Protection Act 1990.

30J.— Other defences to principal offences.

(1) A person shall not be guilty of an offence under section 30F above in respect of the entry of any matter into any waters or any discharge if—

(a) the entry is caused or permitted, or the discharge is made, in an emergency in order to avoid danger to life or health;

(b) that person takes all such steps as are reasonably practicable in the circumstances

for minimising the extent of the entry or discharge and of its polluting effects; and (c) particulars of the entry or discharge are furnished to SEPA as soon as reasonably practicable after the entry occurs.

(2) A person shall not be guilty of an offence under section 30F above by reason of his causing or permitting any discharge of trade or sewage effluent from a vessel.

(3) A person shall not be guilty of an offence under section 30F above by reason only of his permitting water from an abandoned mine or an abandoned part of a mine to enter controlled waters.

(4) Subsection (3) above shall not apply to the owner or former operator of any mine or part of a mine if the mine or part in question became abandoned after 31st December 1999.

(5) In determining for the purposes of subsection (4) above whether a mine or part of a mine became abandoned before, on or after 31st December 1999 in a case where the mine or part has become abandoned on two or more occasions, of which—

- (a) at least one falls on or before that date, and
- (b) at least one falls after that date,

the mine or part shall be regarded as becoming abandoned after that date (but without prejudice to the operation of subsection (3) above in relation to that mine or part at, or in relation to, any time before the first of those occasions which falls after that date).

(6) Where, immediately before a part of a mine becomes abandoned, that part is the only part of the mine not falling to be regarded as abandoned for the time being, the abandonment of that part shall not be regarded for the purposes of subsection (4) or (5) above as constituting the abandonment of the mine, but only of that part of it.

(7) A person shall not, otherwise than in respect of the entry of any poisonous, noxious or polluting matter into any controlled waters, be guilty of an offence under section 30F above by reason of his depositing the solid refuse of a mine or quarry on any land so that it falls or is carried into inland waters if—

- (a) he deposits the refuse on the land with the consent of SEPA;
- (b) no other site for the deposit is reasonably practicable; and
- (c) he takes all reasonably practicable steps to prevent the refuse from entering those inland waters.

(8) A roads authority obliged or entitled to keep open a drain by virtue of section 31 of the Roads (Scotland) Act 1984 shall not be guilty of an offence under section 30F above by reason of its causing or permitting any discharge to be made from a drain kept open by virtue of that section unless the discharge is made in contravention of a prohibition imposed under section 30G above."

(b) harm to human health.

(5C) Where the reference falls within subsection (5B) above, if, on the application of the holder or former holder of the consent, the Secretary of State (or other person determining the question referred) determines that SEPA acted unreasonably in excluding the application of subsection (5A) above, then—

(a) if the reference is still pending at the end of the day on which that determination is made, subsection (5A) above shall apply to the reference from the end of that day; and

(b) the holder or former holder of the consent shall be entitled to recover compensation from SEPA in respect of any loss suffered by him in consequence of the exclusion of the application of that subsection;

(b) no information so notified to the Secretary of State shall be included in any such register until the Secretary of State has determined that it should be so included.

(1) No information relating to the affairs of any individual or business shall, without the consent of that individual or the person for the time being carrying on that business, be included in a register kept or maintained by SEPA under section 41 of this Act, if and so long as the information—

- (a) an application for a consent under section 34 of this Act;
- (b) complying with any condition of such a consent; or
- (c) complying with a notice under section 93 of this Act,

then, if the person furnishing it applies to SEPA to have the information excluded from any register kept or maintained by SEPA under section 41 of this Act, on the ground that it is commercially confidential (as regards himself or another person), SEPA shall determine whether the information is or is not commercially confidential.

(3) A determination under subsection (2) of this section must be made within the period of fourteen days beginning with the date of the application and if SEPA fails to make a determination within that period it shall be treated as having determined that the information is commercially confidential.

(4) Where it appears to SEPA that any information (other than information furnished in circumstances within subsection (2) of this section) which has been obtained by SEPA under or by virtue of any provision of any enactment might be commercially confidential, SEPA shall—

(b) subsection (5) of this section is subject to section 114 of the Environment Act 1995 (delegation or reference of appeals etc).

(7) The Secretary of State may give SEPA directions as to specified information, or descriptions of information, which the public interest requires to be included in registers kept or maintained by SEPA under section 41 of this Act notwithstanding that the information may be commercially confidential.

(8) Information excluded from a register shall be treated as ceasing to be commercially confidential for the purposes of this section at the expiry of the period of four years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to SEPA for the information to remain excluded from the register on the ground that it is still commercially confidential and SEPA shall determine whether or not that is the case.

(9) Subsections (5) and (6) of this section shall apply in relation to a determination under subsection (8) of this section as they apply in relation to a determination under subsection (2) or (4) of this section.

(10) The Secretary of State may prescribe the substitution (whether in all cases or in such classes or descriptions of case as may be prescribed) for the period for the time being specified in subsection (3) above of such other period as he considers appropriate.

(1B) Without prejudice to the power of SEPA to carry out investigations under subsection (1A) above, the power conferred by subsection (1) above to carry out operations shall be exercisable only in a case where—

(a) SEPA considers it necessary to carry out forthwith any operations falling within paragraph (a) or (b) of subsection (1) above; or

(b) it appears to SEPA, after reasonable inquiry, that no person can be found on whom to serve a works notice under section 46A of this Act.";

(22) After section 46 there shall be inserted the following sections-

"46A.— Notices requiring persons to carry out anti-pollution operations.

(1) Subject to the following provisions of this section, where it appears to SEPA that any poisonous, noxious or polluting matter or any solid waste matter is likely to enter, or to be or to have been present in, any controlled waters, SEPA shall be entitled to serve a works notice on any person who, as the case may be,—

(a) caused or knowingly permitted the matter in question to be present at the place from which it is likely, in the opinion of SEPA, to enter any controlled waters; or

(b) caused or knowingly permitted the matter in question to be present in any controlled waters.

(2) For the purposes of this section, a "works notice" is a notice requiring the person on whom it is served to carry out such of the following operations as may be specified in the notice, that is to say—

(a) in a case where the matter in question appears likely to enter any controlled waters, operations for the purpose of preventing it from doing so; or

(b) in a case where the matter appears to be or to have been present in any controlled waters, operations for the purpose—

(i) of removing or disposing of the matter;

(ii) of remedying or mitigating any pollution caused by its presence in the waters; or

(iii) so far as it is reasonably practicable to do so, of restoring the waters, including any flora and fauna dependent on the aquatic environment of the waters, to their state immediately before the matter became present in the waters.

(3) A works notice—

(a) must specify the periods within which the person on whom it is served is required to do each of the things specified in the notice; and

(b) is without prejudice to the powers of SEPA by virtue of section 46(1B)(a) of this Act.

(4) Before serving a works notice on any person, SEPA shall reasonably endeavour to consult that person concerning the operations which are to be specified in the notice.

(5) The Secretary of State may by regulations make provision for or in connection with—

(d) any other steps of a procedural nature which are to be taken in connection with, or in consequence of, the service of a works notice.

(6) A works notice shall not be regarded as invalid, or as invalidly served, by reason only of any failure to comply with the requirements of subsection (4) above or of regulations made by virtue of paragraph (b) of subsection (5) above.

(7) Nothing in subsection (1) above shall entitle SEPA to require the carrying out of any operations which would impede or prevent the making of any discharge in pursuance of a consent given by SEPA by virtue of section 34 of this Act.

(8) No works notice shall be served on any person requiring him to carry out any operations in respect of water from an abandoned mine or an abandoned part of a mine which that person permitted to reach such a place as is mentioned in subsection (1)(a) above or to enter any controlled waters.

(11) Where SEPA—

(a) carries out any such investigations as are mentioned in section 46(1A) of this Act, and

(b) serves a works notice on a person in connection with the matter to which the investigations relate,

it shall (unless the notice is quashed or withdrawn) be entitled to recover the costs or expenses reasonably incurred in carrying out those investigations from that person.

(12) The Secretary of State may, if he thinks fit in relation to any person, give directions to SEPA as to whether or how it should exercise its powers under this section.

46B.— Grant of. and compensation for, rights of entry etc.

(2) Any person whose consent is required before any operations required by a works notice may be carried out shall grant, or join in granting, such rights in relation to any land or waters as will enable the person on whom the works notice is served to comply with any requirements imposed by the works notice.

(3) Before serving a works notice, SEPA shall reasonably endeavour to consult every person who appears to it—

- (a) to be the owner or occupier of any relevant land, and
- (b) to be a person who might be required by subsection (2) above to grant, or join in granting, any rights,

concerning the rights which that person may be so required to grant.

(4) A works notice shall not be regarded as invalid, or as invalidly served, by reason only of any failure to comply with the requirements of subsection (3) above.

(5) A person who grants, or joins in granting, any rights pursuant to subsection (2) above shall be entitled, on making an application within such period as may be prescribed and in such manner as may be prescribed to such person as may be prescribed, to be paid by the person on whom the works notice in question is served compensation of such amount as may be determined in such manner as may be prescribed.

(6) Without prejudice to the generality of the regulations that may be made by virtue of subsection (5) above, regulations by virtue of that subsection may make such provision in relation to compensation under this section as may be made by regulations by virtue of subsection (4) of section 35A of the Environmental Protection Act 1990 in relation to compensation under that section.

46C.— Appeals against works notices.

(2) On any appeal under this section the Secretary of State—

(a) shall quash the notice, if he is satisfied that there is a material defect in the notice; but

(b) subject to that, may confirm the notice, with or without modification, or quash it.

(3) The Secretary of State may by regulations make provision with respect to—

- (a) the grounds on which appeals under this section may be made; or
- (b) the procedure on any such appeal.

(c) prescribe the cases in which the decision on an appeal may in some respects be less favourable to the appellant than the works notice against which he is appealing;(d) prescribe the cases in which the appellant may claim that a works notice should have been served on some other person and prescribe the procedure to be followed in those cases;

- (e) make provision as respects—

(b) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine or to both.

(3) If a person on whom a works notice has been served fails to comply with any of the requirements of the notice, SEPA may do what that person was required to do and may recover from him any costs or expenses reasonably incurred by SEPA in doing it.

(4) If SEPA is of the opinion that proceedings for an offence under subsection (1) above would afford an ineffectual remedy against a person who has failed to comply with the requirements of a works notice, SEPA may take proceedings in any court of competent jurisdiction for the purpose of securing compliance with the notice.

(5) In this section "works notice" means a works notice under section 46A of this Act."

(5) The Secretary of State may, if he thinks fit in relation to any person, give to SEPA directions as to whether it should exercise its powers under this section and as to the steps which must be taken.

(1) The Health and Safety at Work etc. Act 1974 (in this paragraph referred to as "the 1974 Act") shall have effect in accordance with the following provisions of this paragraph.

(2) The appropriate new Agency shall, in consequence of the transfer effected by virtue of section 2(2)(c) or, as the case may be, 21(2)(a) of this Act, be regarded for the purposes of Part I of the 1974 Act as the authority which is, by any of the relevant statutory provisions, made responsible in relation to England and Wales or, as the case may be, Scotland for the enforcement of the relevant enactments (and, accordingly, as the enforcing authority in relation to those enactments).

(3) Neither the Agency nor SEPA shall have power to appoint inspectors under section 19 of the 1974 Act.

(4) Sections 21 to 23 (improvement notices and prohibition notices) shall have effect in any case where the relevant statutory provision in question is any of the relevant enactments as if references in those sections to an inspector were references to the appropriate new Agency.

(5) Section 27 (obtaining of information by the Commission etc) shall have effect in relation to the appropriate new Agency, in its relevant capacity, as it has effect in relation to [the Health and Safety Executive]¹ (and not as it has effect in relation to an enforcing authority), except that the consent of the Secretary of State shall not be required to the service by the appropriate new Agency of a notice under subsection (1) of that section; and, accordingly, where that section has effect by virtue of this sub-paragraph—

(a) any reference in that section to the Commission shall be construed as a reference to the appropriate new Agency;

(b) any reference to an enforcing authority shall be disregarded; and

(c) in subsection (3) of that section, the words from "and also" onwards shall be disregarded.

(6) In section 28 (restrictions on disclosure of information)-

- (b) do any other thing,

which he might not be entitled to carry out or do.

(2) Before issuing the licence, the waste regulation authority shall serve on every person appearing to the authority to be a person falling within subsection (3) below a notice which complies with the requirements set out in subsection (4) below.

(3) A person falls within this subsection if—

(6) Before the waste regulation authority issues the licence it must, subject to subsection (7) below, consider any representations made in relation to the condition in question, or its possible effects, by any person on whom a notice has been served under subsection (2) above.

(7) Subsection (6) above does not require the waste regulation authority to consider any representations made by a person after the date specified in the notice served on him under subsection (2) above as the date by which his representations in relation to the condition or its possible effects are to be made.

(8) In subsection (3) above—

- "owner", in relation to any land in England and Wales, means the person who-
 - (a) is for the time being receiving the rack-rent of the land, whether on his own account or as agent or trustee for another person; or
 - (b) would receive the rack-rent if the land were let at a rack-rent,

but does not include a mortgagee not in possession; and

"owner", in relation to any land in Scotland, means a person (other than a creditor in a heritable security not in possession of the security subjects) for the time being entitled to receive or who would, if the land were let, be entitled to receive, the rents of the land in connection with which the word is used and includes a trustee, factor, guardian or curator and in the case of public or municipal land includes the persons to whom the management of the land is entrusted."

(8) Subsection (7) above does not require the waste regulation authority to consider any representations made by a person after the date specified in the notice served on him under

subsection (3) above as the date by which his representations in relation to the condition or its possible effects are to be made.

(9) A waste regulation authority may postpone the service of any notice or the consideration of any representations required under the foregoing provisions of this section so far as the authority considers that by reason of an emergency it is appropriate to do so.

(3) Without prejudice to the generality of subsection (2)(c) above, regard shall be had to the following considerations, so far as relevant, in determining whether it is appropriate for any sewer to be provided by virtue of this section—

(a) the geology of the locality in question or of any other locality;

(b) the number of premises, being premises on which there are buildings, which might reasonably be expected to be drained by means of that sewer;

(c) the costs of providing that sewer;

(d) the nature and extent of any adverse effects to the environment or amenity arising, or likely to arise, as a result of the premises or, as the case may be, the locality in question not being drained by means of a public sewer; and

(e) the extent to which it is practicable for those effects to be overcome otherwise than by the provision (whether by virtue of this section or otherwise) of public sewers, and the costs of so overcoming those effects.

(4) Guidance issued by the Secretary of State under this section may—

(a) relate to how regard is to be had to the considerations mentioned in paragraphs (a) to (e) of subsection (3) above;

(b) relate to any other matter which the Secretary of State considers may be a relevant consideration in any case and to how regard is to be had to any such matter; (c) set out considerations, other than those mentioned in paragraphs (a) to (e) of subsection (3) above, to which (so far as relevant) regard shall be had in determining whether it is appropriate for any sewer to be provided by virtue of this section;

(d) relate to how regard is to be had to any such consideration as is mentioned in paragraph (c) above;

(e) without prejudice to paragraphs (a) to (d) above, relate to how a sewerage undertaker is to discharge its functions under this section.

(5) Before issuing guidance under this section the Secretary of State shall consult—

- (a) the Environment Agency;
- (b) the Director; and
- (c) such other bodies or persons as he considers appropriate;

and the Secretary of State shall arrange for any guidance issued by him under this section to be published in such manner as he considers appropriate.

(6) Subject to the following provisions of this section, the duty of a sewerage undertaker by virtue of subsection (1) above shall be enforceable under section 18 above—

(a) by the Secretary of State; or

(b) with the consent of or in accordance with a general authorisation given by the Secretary of State, by the Director.

(7) Any dispute between a sewerage undertaker and an owner or occupier of any premises in its area as to—

(a) whether the undertaker is under a duty by virtue of subsection (1) above to provide a public sewer to be used for any such drainage of those premises as is mentioned in that subsection;

(b) the domestic sewerage purposes for which any such sewer should be provided; or

(c) the time by which any such duty of the undertaker should be performed,

shall be determined by the Environment Agency, and may be referred to the Environment Agency for determination by either of the parties to the dispute.

(8) The Environment Agency—

(a) shall notify the parties of the reasons for its decision on any dispute referred to it under subsection (7) above; and

(b) may make any such recommendations, or give any such guidance, relating to or in connection with the drainage of the premises or locality in question as it considers appropriate.

(9) The decision of the Environment Agency on any dispute referred to it under subsection(7) above shall be final.

(10) A sewerage undertaker shall only be taken to be in breach of its duty under subsection (1) above where, and to the extent that, it has accepted, or the Environment Agency has determined under this section, that it is under such a duty and where any time accepted by it, or determined by the Environment Agency under this section, as the time by which the duty is to that extent to be performed has passed.".

(3) A drought permit shall specify—

- (a) the day on which it comes into force; and
- (b) the period for which, subject to subsections (4) and (5) below, any authorisation given, or suspension or modification effected, by the permit is to have effect.

(4) Subject to subsection (5) below, the period for which—

- (a) an authorisation given by a drought permit, or
- (b) a suspension or modification effected by such a permit,

has effect shall expire before the end of the period of six months beginning with the day on which the permit comes into force.

(5) At any time before the expiration of the period for which such an authorisation, suspension or modification has effect, the Agency may, by giving notice to the water undertaker to which the permit in question was issued, extend that period, but not so as to extend it beyond the end of the period of one year beginning with the day on which the permit came into force.

(6) A drought permit which—

(a) authorises the taking of water from a source from which water is supplied to an inland navigation; or

(b) suspends or modifies—

(i) a restriction as respects the taking of water from a source from which water is supplied to an inland navigation; or

(ii) an obligation to discharge compensation water into a canal or into any river or stream which forms part of, or from which water is supplied to, an inland navigation,

shall not be issued without the consent of every navigation authority exercising functions over any or all of the parts of the canal or inland navigation in question which are affected by the permit.

(7) Schedule 8 to this Act shall have effect with respect to the procedure on an application for a drought permit as it has effect with respect to the procedure on an application for a drought order, but with the following modifications, that is to say—

(a) with the substitution for any reference to a drought order of a reference to a drought permit;

(b) with the substitution for any reference to the Secretary of State of a reference to the Agency;

(c) with the omission of the reference to the Agency in the Table in paragraph 1;

(d) with the insertion, in paragraph 1(3)(c), of a requirement that the notice in question shall specify the address at which any objections are to be made to the Agency; and

(e) with the omission—

(i) of paragraph 2(1)(a) and the word "either" immediately preceding it, and(ii) of paragraph 2(6).

(8) For the purposes of sections 125 to 129 below any water authorised by a drought permit to be abstracted from a source of supply shall be treated as if it had been authorised to be so abstracted by a licence granted under Chapter II of this Part, whether the water undertaker to which the permit is issued is the holder of such a licence or not.

(9) Section 79 above and Schedule 9 to this Act shall apply in relation to drought permits and their issue as they apply in relation to ordinary drought orders and their making.

(10) A drought permit may—

(a) make different provision for different cases, including different provision in relation to different persons, circumstances or localities; and

(b) contain such supplemental, consequential and transitional provisions as the Agency considers appropriate.

(11) In this section—

"compensation water" has the same meaning as in section 77 above;

"drought permit" means a drought permit under this section;

"inland navigation" has the same meaning as in section 77 above."

After section 90 of that Act (offences in connection with deposits and vegetation in rivers) there shall be inserted—

90A.— Applications for consent under section 89 or 90.

(1) Any application for a consent for the purposes of section 89(4)(a) or 90(1) or (2) above—

- (a) must be made on a form provided for the purpose by the Agency, and
- (b) must be advertised in such manner as may be required by regulations made by the Secretary of State,

except that paragraph (b) above shall not have effect in the case of an application of any class or description specified in the regulations as being exempt from the requirements of that paragraph.

(2) The applicant for such a consent must, at the time when he makes his application, provide the Agency—

- (a) with all such information as it reasonably requires; and

(3) The information required by subsection (2) above must be provided either on, or together with, the form mentioned in subsection (1) above.

90B.— Enforcement notices.

(1) If the Agency is of the opinion that the holder of a relevant consent is contravening any condition of the consent, or is likely to contravene any such condition, the Agency may serve on him a notice (an "enforcement notice").

(2) An enforcement notice shall—

(a) state that the Agency is of the said opinion;

(b) specify the matters constituting the contravention or the matters making it likely that the contravention will arise;

(c) specify the steps that must be taken to remedy the contravention or, as the case may be, to remedy the matters making it likely that the contravention will arise; and

(b) on conviction on indictment, to imprisonment for a term not exceeding two years or to a fine or to both.

(4) If the Agency is of the opinion that proceedings for an offence under subsection (3) above would afford an ineffectual remedy against a person who has failed to comply with the requirements of an enforcement notice, the Agency may take proceedings in the High Court for the purpose of securing compliance with the notice.

(5) The Secretary of State may, if he thinks fit in relation to any person, give to the Agency directions as to whether the Agency should exercise its powers under this section and as to the steps which must be taken.

(6) In this section—

"relevant consent" means —

(a) a consent for the purposes of section 89(4)(a) or 90(1) or (2) above; or

(a) if the appeal is still pending at the end of the day on which the determination is made, subsection (2F) above shall apply to the decision from the end of that day; and

(b) the holder or former holder of the consent shall be entitled to recover compensation from the Agency in respect of any loss suffered by him in consequence of the exclusion of the application of that subsection;

(1) Subject to the following provisions of this section, where it appears to the Agency that any poisonous, noxious or polluting matter or any solid waste matter is likely to enter, or to be or to have been present in, any controlled waters, the Agency shall be entitled to serve a works notice on any person who, as the case may be,—

(a) caused or knowingly permitted the matter in question to be present at the place from which it is likely, in the opinion of the Agency, to enter any controlled waters; or

(b) caused or knowingly permitted the matter in question to be present in any controlled waters.

(2) For the purposes of this section, a "works notice" is a notice requiring the person on whom it is served to carry out such of the following works or operations as may be specified in the notice, that is to say—

(a) in a case where the matter in question appears likely to enter any controlled waters, works or operations for the purpose of preventing it from doing so; or

(b) in a case where the matter appears to be or to have been present in any controlled waters, works or operations for the purpose—

(i) of removing or disposing of the matter;

(ii) of remedying or mitigating any pollution caused by its presence in the waters; or

(iii) so far as it is reasonably practicable to do so, of restoring the waters, including any flora and fauna dependent on the aquatic environment of the waters, to their state immediately before the matter became present in the waters.

(b) is without prejudice to the powers of the Agency by virtue of section 161(1A)(a) above.

(4) Before serving a works notice on any person, the Agency shall reasonably endeavour to consult that person concerning the works or operations which are to be specified in the notice.

(5) The Secretary of State may by regulations make provision for or in connection with—

(7) Nothing in subsection (1) above shall entitle the Agency to require the carrying out of any works or operations which would impede or prevent the making of any discharge in pursuance of a consent given under Chapter II of Part III of this Act.

(8) No works notice shall be served on any person requiring him to carry out any works or operations in respect of water from an abandoned mine or an abandoned part of a mine which that person permitted to reach such a place as is mentioned in subsection (1)(a) above or to enter any controlled waters.

concerning the rights which that person may be so required to grant.

(4) A works notice shall not be regarded as invalid, or as invalidly served, by reason only of any failure to comply with the requirements of subsection (3) above.

(5) A person who grants, or joins in granting, any rights pursuant to subsection (2) above shall be entitled, on making an application within such period as may be prescribed and in such manner as may be prescribed to such person as may be prescribed, to be paid by the person on whom the works notice in question is served compensation of such amount as may be determined in such manner as may be prescribed.

161C.— Appeals against works notices.

(1) A person on whom a works notice is served may, within the period of twenty-one days beginning with the day on which the notice is served, appeal against the notice to the Secretary of State.

(2) On any appeal under this section the Secretary of State—

(a) shall quash the notice, if he is satisfied that there is a material defect in the notice; but

(b) subject to that, may confirm the notice, with or without modification, or quash it.

(3) The Secretary of State may by regulations make provision with respect to—

(a) the grounds on which appeals under this section may be made; or

(4) Regulations under subsection (3) above may (among other things)—

(b) prescribe the cases in which a works notice is, or is not, to be suspended until the appeal is decided, or until some other stage in the proceedings;

(c) prescribe the cases in which the decision on an appeal may in some respects be less favourable to the appellant than the works notice against which he is appealing;(d) prescribe the cases in which the appellant may claim that a works notice should have been served on some other person and prescribe the procedure to be followed in those cases;

- (e) make provision as respects—
 - (i) the particulars to be included in the notice of appeal;

- (b) on conviction on indictment to imprisonment for a term not exceeding two years or to a fine or to both.

(3) If a person on whom a works notice has been served fails to comply with any of the requirements of the notice, the Agency may do what that person was required to do and may recover from him any costs or expenses reasonably incurred by the Agency in doing it.

(4) If the Agency is of the opinion that proceedings for an offence under subsection (1) above would afford an ineffectual remedy against a person who has failed to comply with the requirements of a works notice, the Agency may take proceedings in the High Court for the purpose of securing compliance with the notice.

(5) In this section "works notice" means a works notice under section 161A above."

Value In Force

170.

After section 191 of that Act (register for the purposes of works discharges) there shall be inserted-

"191A.— Exclusion from registers of information affecting national security.

(1) No information shall be included in a register kept or maintained by the Agency under any provision of this Act if and so long as, in the opinion of the Secretary of State, the inclusion in such a register of that information, or information of that description, would be contrary to the interests of national security.

(2) The Secretary of State may, for the purpose of securing the exclusion from registers of information to which subsection (1) above applies, give to the Agency directions—

(a) specifying information, or descriptions of information, to be excluded from their registers; or

(b) specifying descriptions of information to be referred to the Secretary of State for his determination;

and no information referred to the Secretary of State in pursuance of paragraph (b) above shall be included in any such register until the Secretary of State determines that it should be so included.

(3) The Agency shall notify the Secretary of State of any information it excludes from a register in pursuance of directions under subsection (2) above.

(4) A person may, as respects any information which appears to him to be information to which subsection (1) above may apply, give a notice to the Secretary of State specifying the information and indicating its apparent nature; and, if he does so—

(a) he shall notify the Agency that he has done so; and

(b) no information so notified to the Secretary of State shall be included in any such register until the Secretary of State has determined that it should be so included.

191B.— Exclusion from registers of certain confidential information.

(1) No information relating to the affairs of any individual or business shall, without the consent of that individual or the person for the time being carrying on that business, be included in a register kept or maintained by the Agency under any provision of this Act, if and so long as the information—

(a) is, in relation to him, commercially confidential; and

(b) is not required to be included in the register in pursuance of directions under subsection (7) below;

but information is not commercially confidential for the purposes of this section unless it is determined under this section to be so by the Agency or, on appeal, by the Secretary of State.

(2) Where information is furnished to the Agency for the purpose of—

- (a) an application for a discharge consent or for the variation of a discharge consent,
 - (b) complying with any condition of a discharge consent, or
 - (c) complying with a notice under section 202 below,

then, if the person furnishing it applies to the Agency to have the information excluded from any register kept or maintained by the Agency under any provision of this Act, on the ground that it is commercially confidential (as regards himself or another person), the Agency shall determine whether the information is or is not commercially confidential.

(3) A determination under subsection (2) above must be made within the period of fourteen days beginning with the date of the application and if the Agency fails to make a determination within that period it shall be treated as having determined that the information is commercially confidential.

(4) Where it appears to the Agency that any information (other than information furnished in circumstances within subsection (2) above) which has been obtained by the Agency under or by virtue of any provision of any enactment might be commercially confidential, the Agency shall—

(a) give to the person to whom or whose business it relates notice that that information is required to be included in a register kept or maintained by the Agency under any provision of this Act, unless excluded under this section; and

(b) give him a reasonable opportunity—

(5) Where, under subsection (2) or (4) above, the Agency determines that information is not commercially confidential—

(a) the information shall not be entered on the register until the end of the period of twenty-one days beginning with the date on which the determination is notified to the person concerned; and

(b) that person may appeal to the Secretary of State against the decision;

and, where an appeal is brought in respect of any information, the information shall not be entered on the register until the end of the period of seven days following the day on which the appeal is finally determined or withdrawn.

(6) Subsections (2A), (2C) and (2K) of section 91 above shall apply in relation to appeals under subsection (5) above; but—

(a) subsection (2C) of that section shall have effect for the purposes of this subsection with the substitution for the words from "(which may" onwards of the words "(which must be held in private)"; and

(b) subsection (5) above is subject to section 114 of the 1995 Act (delegation or reference of appeals etc).

(7) The Secretary of State may give to the Agency directions as to specified information, or descriptions of information, which the public interest requires to be included in registers kept or maintained by the Agency under any provision of this Act notwithstanding that the information may be commercially confidential.

(8) Information excluded from a register shall be treated as ceasing to be commercially confidential for the purposes of this section at the expiry of the period of four years beginning with the date of the determination by virtue of which it was excluded; but the person who furnished it may apply to the Agency for the information to remain excluded from the register on the ground that it is still commercially confidential and the Agency shall determine whether or not that is the case.

(9) Subsections (5) and (6) above shall apply in relation to a determination under subsection(8) above as they apply in relation to a determination under subsection (2) or (4) above.

(10) The Secretary of State may by regulations substitute (whether in all cases or in such classes or descriptions of case as may be specified in the regulations) for the period for the time being specified in subsection (3) above such other period as he considers appropriate.

(11) Information is, for the purposes of any determination under this section, commercially confidential, in relation to any individual or person, if its being contained in the register would prejudice to an unreasonable degree the commercial interests of that individual or person.

(12) In this section "discharge consent" has the same meaning as in section 91 above."

"SCHEDULE 10

DISCHARGE CONSENTS

Section 88

Application for consent

1.—

(1) An application for a consent, for the purposes of section 88(1)(a) of this Act, for any discharges—

(a) shall be made to the Agency on a form provided for the purpose by the Agency; and

(b) must be advertised by or on behalf of the applicant in such manner as may be required by regulations made by the Secretary of State.

(2) Regulations made by the Secretary of State may make provision for enabling the Agency to direct or determine that any such advertising of an application as is required under sub-paragraph (1)(b) above may, in any case, be dispensed with if, in that case, it appears to the Agency to be appropriate for that advertising to be dispensed with.

(3) The applicant for such a consent must provide to the Agency, either on, or together with, the form mentioned in sub-paragraph (1) above—

(a) such information as the Agency may reasonably require; and

(b) such information as may be prescribed for the purpose by the Secretary of State; but, subject to paragraph 3(3) below and without prejudice to the effect (if any) of any other contravention of the requirements of this Schedule in relation to an application under this paragraph, a failure to provide information in pursuance of this sub-paragraph shall not invalidate an application.

(4) The Agency may give the applicant notice requiring him to provide it with such further information of any description specified in the notice as it may require for the purpose of determining the application.

(5) An application made in accordance with this paragraph which relates to proposed discharges at two or more places may be treated by the Agency as separate applications for consents for discharges at each of those places.

Consultation in connection with applications

2.—

(1) Subject to sub-paragraph (2) below, the Agency shall give notice of any application under paragraph 1 above, together with a copy of the application, to the persons who are prescribed or directed to be consulted under this paragraph and shall do so within the specified period for notification.

(2) The Secretary of State may, by regulations, exempt any class of application from the requirements of this paragraph or exclude any class of information contained in applications from those requirements, in all cases or as respects specified classes only of persons to be consulted.

(3) Any representations made by the persons so consulted within the period allowed shall be considered by the Agency in determining the application.

(4) For the purposes of sub-paragraph (1) above—

(a) persons are prescribed to be consulted on any description of application if they are persons specified for the purposes of applications of that description in regulations made by the Secretary of State;

(b) persons are directed to be consulted on any particular application if the Secretary of State specifies them in a direction given to the Agency;

and the "specified period for notification" is the period specified in the regulations or in the direction.

(5) Any representations made by any other persons within the period allowed shall also be considered by the Agency in determining the application.

(6) Subject to sub-paragraph (7) below, the period allowed for making representations is—
(a) in the case of persons prescribed or directed to be consulted, the period of six weeks beginning with the date on which notice of the application was given under sub-paragraph (1) above, and

(b) in the case of other persons, the period of six weeks beginning with the date on which the making of the application was advertised in pursuance of paragraph 1(1)(b) above.

(7) The Secretary of State may, by regulations, substitute for any period for the time being specified in sub-paragraph (6)(a) or (b) above, such other period as he considers appropriate.

Consideration and determination of applications

3.—

(1) On an application under paragraph 1 above the Agency shall be under a duty, if the requirements—

- (a) of that paragraph, and
- (b) of any regulations made under paragraph 1 or 2 above or of any directions under paragraph 2 above,

are complied with, to consider whether to give the consent applied for, either unconditionally or subject to conditions, or to refuse it.

(2) Subject to the following provisions of this Schedule, on an application made in accordance with paragraph 1 above, the applicant may treat the consent applied for as having been refused if it is not given within the period of four months beginning with the day on which the application is received or within such longer period as may be agreed in writing between the Agency and the applicant.

(3) Where any person, having made an application to the Agency for a consent, has failed to comply with his obligation under paragraph 1(3) or (4) above to provide information to the Agency, the Agency may refuse to proceed with the application, or refuse to proceed with it until the information is provided.

(4) The conditions subject to which a consent may be given under this paragraph shall be such conditions as the Agency may think fit and, in particular, may include conditions—

(a) as to the places at which the discharges to which the consent relates may be made and as to the design and construction of any outlets for the discharges;

(b) as to the nature, origin, composition, temperature, volume and rate of the discharges and as to the periods during which the discharges may be made;

(c) as to the steps to be taken, in relation to the discharges or by way of subjecting any substance likely to affect the description of matter discharged to treatment or any other process, for minimising the polluting effects of the discharges on any controlled waters;

(d) as to the provision of facilities for taking samples of the matter discharged and, in particular, as to the provision, maintenance and use of manholes, inspection chambers, observation wells and boreholes in connection with the discharges;

(e) as to the provision, maintenance and testing of meters for measuring or recording the volume and rate of the discharges and apparatus for determining the nature, composition and temperature of the discharges;

(f) as to the keeping of records of the nature, origin, composition, temperature, volume and rate of the discharges and, in particular, of records of readings of meters and other recording apparatus provided in accordance with any other condition attached to the consent; and

(g) as to the making of returns and the giving of other information to the Authority about the nature, origin, composition, temperature, volume and rate of the discharges;

and it is hereby declared that a consent may be given under this paragraph subject to different conditions in respect of different periods.

(5) The Secretary of State may, by regulations, substitute for any period for the time being specified in sub-paragraph (2) above, such other period as he considers appropriate.

4.

The Secretary of State may give the Agency a direction with respect to any particular application, or any description of applications, for consent under paragraph 1 above requiring the Agency not to determine or not to proceed with the application or applications of that description until the expiry of any such period as may be specified in the direction, or until directed by the Secretary of State that it may do so, as the case may be.

Reference to Secretary of State of certain applications for consent

5.—

(1) The Secretary of State may, either in consequence of representations or objections made to him or otherwise, direct the Agency to transmit to him for determination such applications for consent under paragraph 1 above as are specified in the direction or are of a description so specified.

(2) Where a direction is given to the Agency under this paragraph, the Agency shall comply with the direction and inform every applicant to whose application the direction relates of the transmission of his application to the Secretary of State.

(3) Paragraphs 1(1) and 2 above shall have effect in relation to an application transmitted to the Secretary of State under this paragraph with such modifications as may be prescribed.

(4) Where an application is transmitted to the Secretary of State under this paragraph, the Secretary of State may at any time after the application is transmitted and before it is granted or refused—

(a) cause a local inquiry to be held with respect to the application; or

(b) afford the applicant and the Agency an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State for the purpose.

(5) The Secretary of State shall exercise his power under sub-paragraph (4) above in any case where a request to be heard with respect to the application is made to him in the prescribed manner by the applicant or by the Agency.

(6) It shall be the duty of the Secretary of State, if the requirements of this paragraph and of any regulations made under it are complied with, to determine an application for consent transmitted to him by the Agency under this paragraph by directing the Agency to refuse its consent or to give its consent under paragraph 3 above (either unconditionally or subject to such conditions as are specified in the direction).

(7) Without prejudice to any of the preceding provisions of this paragraph, the Secretary of State may by regulations make provision for the purposes of, and in connection with, the consideration and disposal by him of applications transmitted to him under this paragraph.

Consents without applications

6.—

(1) If it appears to the Agency—

- (a) that a person has caused or permitted effluent or other matter to be discharged in contravention—
 - (i) of the obligation imposed by virtue of section 85(3) of this Act; or
 - (ii) of any prohibition imposed under section 86 of this Act; and

(b) that a similar contravention by that person is likely,

the Agency may, if it thinks fit, serve on him an instrument in writing giving its consent, subject to any conditions specified in the instrument, for discharges of a description so specified.

(2) A consent given under this paragraph shall not relate to any discharge which occurred before the instrument containing the consent was served on the recipient of the instrument.

(3) Sub-paragraph (4) of paragraph 3 above shall have effect in relation to a consent given under this paragraph as it has effect in relation to a consent given under that paragraph.

(4) Where a consent has been given under this paragraph, the Agency shall publish notice of the consent in such manner as may be prescribed by the Secretary of State and send copies of the instrument containing the consent to such bodies or persons as may be so prescribed.

(5) It shall be the duty of the Agency to consider any representations or objections with respect to a consent under this paragraph as are made to it in such manner, and within such period, as may be prescribed by the Secretary of State and have not been withdrawn.

(6) Where notice of a consent is published by the Agency under sub-paragraph (4) above, the Agency shall be entitled to recover the expenses of publication from the person on whom the instrument containing the consent was served.

Revocation of consents and alteration and imposition of conditions

7.—

(1) The Agency may from time to time review any consent given under paragraph 3 or 6 above and the conditions (if any) to which the consent is subject.

(2) Subject to such restrictions on the exercise of the power conferred by this sub-paragraph as are imposed under paragraph 8 below, where the Agency has reviewed a consent under this paragraph, it may by a notice served on the person making a discharge in pursuance of the consent—

- (a) revoke the consent;
- (b) make modifications of the conditions of the consent; or

(c) in the case of an unconditional consent, provide that it shall be subject to such conditions as may be specified in the notice.

(3) If on a review under sub-paragraph (1) above it appears to the Agency that no discharge has been made in pursuance of the consent to which the review relates at any time during the preceding twelve months, the Agency may revoke the consent by a notice served on the holder of the consent.

(4) If it appears to the Secretary of State appropriate to do so-

(a) for the purpose of enabling Her Majesty's Government in the United Kingdom to give effect to any [EU]¹ obligation or to any international agreement to which the United Kingdom is for the time being a party;

(b) for the protection of public health or of flora and fauna dependent on an aquatic environment; or

(c) in consequence of any representations or objections made to him or otherwise, he may, subject to such restrictions on the exercise of the power conferred by virtue of paragraph (c) above as are imposed under paragraph 8 below, at any time direct the Agency, in relation to a consent given under paragraph 3 or 6 above, to do anything mentioned in sub-paragraph (2)(a) to (c) above.

(5) The Agency shall be liable to pay compensation to any person in respect of any loss or damage sustained by that person as a result of the Agency's compliance with a direction given in relation to any consent by virtue of sub-paragraph (4)(b) above if—

(a) in complying with that direction the Agency does anything which, apart from that direction, it would be precluded from doing by a restriction imposed under paragraph 8 below; and

- (b) the direction is not shown to have been given in consequence of—
 - (i) a change of circumstances which could not reasonably have been foreseen at the beginning of the period to which the restriction relates; or
 - (ii) consideration by the Secretary of State of material information which
 - was not reasonably available to the Agency at the beginning of that period.

(6) For the purposes of sub-paragraph (5) above information is material, in relation to a consent, if it relates to any discharge made or to be made by virtue of the consent, to the interaction of any such discharge with any other discharge or to the combined effect of the matter discharged and any other matter.

Restriction on variation and revocation of consent and previous variation

8.—

(1) Each instrument signifying the consent of the Agency under paragraph 3 or 6 above shall specify a period during which no notice by virtue of paragraph 7(2) or (4)(c) above shall be served in respect of the consent except, in the case of a notice doing anything mentioned in paragraph 7(2)(b) or (c), with the agreement of the holder of the consent.

(2) Each notice served by the Agency by virtue of paragraph 7(2) or (4)(c) above (except a notice which only revokes a consent) shall specify a period during which a subsequent such notice which alters the effect of the first-mentioned notice shall not be served except, in the case of a notice doing anything mentioned in paragraph 7(2)(b) or (c) above, with the agreement of the holder of the consent.

(3) The period specified under sub-paragraph (1) or (2) above in relation to any consent shall not, unless the person who proposes to make or makes discharges in pursuance of the consent otherwise agrees, be less than the period of four years beginning—

- (a) in the case of a period specified under sub-paragraph (1) above, with the day on which the consent takes effect; and
- (b) in the case of a period specified under sub-paragraph (2) above, with the day on which the notice specifying that period is served.

(4) A restriction imposed under sub-paragraph (1) or (2) above shall not prevent the service by the Agency of a notice by virtue of paragraph 7(2) or 4(c) above in respect of a consent given under paragraph 6 above if—

(a) the notice is served not more than three months after the beginning of the period prescribed under paragraph 6(5) above for the making of representations and objections with respect to the consent; and

(b) the Agency or, as the case may be, the Secretary of State considers, in consequence of any representations or objections received by it or him within that period, that it is appropriate for the notice to be served.

(5) A restriction imposed under sub-paragraph (1) or (2) above shall not prevent the service by the Agency of a notice by virtue of paragraph 7(2)(b) or (c) or (4)(c) above in respect of a consent given under paragraph 6 above if the holder has applied for a variation under paragraph 10 below.

General review of consents

9.—

(1) If it appears appropriate to the Secretary of State to do so he may at any time direct the Agency to review—

- (a) the consents given under paragraph 3 or 6 above, or
- (b) any description of such consents,

and the conditions (if any) to which those consents are subject.

(2) A direction given by virtue of sub-paragraph (1) above—

- (a) shall specify the purpose for which, and
- (b) may specify the manner in which,

the review is to be conducted.

(3) After carrying out a review pursuant to a direction given by virtue of sub-paragraph (1) above, the Agency shall submit to the Secretary of State its proposals (if any) for—

(a) the modification of the conditions of any consent reviewed pursuant to the direction, or

(b) in the case of any unconditional consent reviewed pursuant to the direction, subjecting the consent to conditions.

(4) Where the Secretary of State has received any proposals from the Agency under sub-paragraph (3) above in relation to any consent he may, if it appears appropriate to him to do so, direct the Agency to do, in relation to that consent, anything mentioned in paragraph 7(2)(b) or (c) above.

(5) A direction given by virtue of sub-paragraph (4) above may only direct the Agency to do, in relation to any consent,—

(a) any such thing as the Agency has proposed should be done in relation to that consent, or

(b) any such thing with such modifications as appear to the Secretary of State to be appropriate.

Applications for variation

10.—

(1) The holder of a consent under paragraph 3 or 6 above may apply to the Agency, on a form provided for the purpose by the Agency, for the variation of the consent.

(2) The provisions of paragraphs 1 to 5 above shall apply (with the necessary modifications) to applications under sub-paragraph (1) above, and to the variation of consents in pursuance of such applications, as they apply to applications for, and the grant of, consents.

Transfer of consents

11.—

(1) A consent under paragraph 3 or 6 above may be transferred by the holder to a person who proposes to carry on the discharges in place of the holder.

(2) On the death of the holder of a consent under paragraph 3 or 6 above, the consent shall, subject to sub-paragraph (4) below, be regarded as property forming part of the deceased's personal estate, whether or not it would be so regarded apart from this sub-paragraph, and shall accordingly vest in his personal representatives.

(3) If a bankruptcy order is made against the holder of a consent under paragraph 3 or 6 above, the consent shall, subject to sub-paragraph (4) below, be regarded for the purposes of any of the Second Group of Parts of the Insolvency Act 1986 (insolvency of individuals;

bankruptcy), as property forming part of the bankrupt's estate, whether or not it would be so regarded apart from this sub-paragraph, and shall accordingly vest as such in the trustee in bankruptcy.

(4) Notwithstanding anything in the foregoing provisions of this paragraph, a consent under paragraph 3 or 6 above (and the obligations arising out of, or incidental to, such a consent) shall not be capable of being disclaimed.

(5) A consent under paragraph 3 or 6 above which is transferred to, or which vests in, a person under this section shall have effect on and after the date of the transfer or vesting as if it had been granted to that person under paragraph 3 or 6 above, subject to the same conditions as were attached to it immediately before that date.

(6) Where a consent under paragraph 3 or 6 above is transferred under sub-paragraph (1) above, the person from whom it is transferred shall give notice of that fact to the Agency not later than the end of the period of twenty-one days beginning with the date of the transfer.

(7) Where a consent under paragraph 3 or 6 above vests in any person as mentioned in sub-paragraph (2) or (3) above, that person shall give notice of that fact to the Agency not later than the end of the period of fifteen months beginning with the date of the vesting.

(8) If—

(a) a consent under paragraph 3 or 6 above vests in any person as mentioned in sub-paragraph (2) or (3) above, but

(b) that person fails to give the notice required by sub-paragraph (7) above within the period there mentioned,

the consent, to the extent that it permits the making of any discharges, shall cease to have effect.

(9) A person who fails to give a notice which he is required by sub-paragraph (6) or (7) above to give shall be guilty of an offence and liable—

(a) on summary conviction, to a fine not exceeding the statutory maximum;

(b) on conviction on indictment, to a fine or to imprisonment for a term not exceeding two years, or to both."

The Local Government Finance Act 1988

🕓 Not Yet In Force

15.—

(1) Without prejudice to the generality of subsection (4) of section 64 of this Act, where an order has been made under section 63 of this Act by virtue of section 64(1) of this Act designating a date in relation to a Welsh National Park planning board, the body corporate constituted as that board may at any time before the designated date issue a levy by virtue of section 71 of this Act for a year at or before the beginning of which that body becomes the National Park authority for the National Park in question by virtue of section 64 of this Act as if it were the National Park authority

for that National Park, notwithstanding that it has not in fact become a National Park authority at the date when it issues the levy.

(2) Without prejudice to the generality of section 74 of the Local Government Finance Act 1988, where—

(a) an order is made under section 63 of this Act by virtue of section 64(1) of this Act designating a date in relation to a Welsh National Park planning board; and

(b) the designated date is a date falling after the beginning, but before the end, of a year in respect of which, at the time the order is made, that board has not issued any levy under that section 74,

that board may nonetheless issue such a levy in respect of that year as if the body corporate constituted as that board was not in fact going to become the National Park authority for the National Park in question by virtue of that order before the end of that year.

(3) Sub-paragraph (5) below applies in a case where a levy is issued in respect of any year by a Welsh National Park planning board under section 74 of the Local Government Finance Act 1988 and—

(a) that levy is issued by that board at a time when no order has been made under section 63 of this Act by virtue of section 64(1) of this Act designating a date in relation to that board; and

(b) after the levy is issued, but no later than the end of the year in respect of which it is issued, such an order is so made designating in relation to that board a date falling not later than the end of that year.

(4) Sub-paragraph (5) below also applies in a case where a levy is issued in respect of any year by a Welsh National Park planning board under section 74 of the Local Government Finance Act 1988 and—

(a) that levy is issued by that board at a time after an order has been made under section 63 of this Act by virtue of section 64(1) of this Act designating a date in relation to that board; and

(b) the designated date is a date falling after the beginning, but before the end, of that year.

(5) In a case where this sub-paragraph applies, the levy in question or any levy substituted for that levy—

(a) shall have effect or, as the case may be, continue to have effect; and

(b) in particular, but without prejudice to the generality of paragraph (a) above, shall be paid or, as the case may be, continue to be paid,

as if the body corporate constituted as that board was not to, or had not, so become the National Park authority for the National Park in question (but was to continue, or had continued, to be the National Park planning board for that Park for the whole of that year).

(6) Where a body corporate constituted as a Welsh National Park planning board has or is to become the National Park authority for the National Park in question by virtue of an order made under section 63 of this Act by virtue of section 64(1) of this Act, nothing in this paragraph authorises that body corporate to issue for any year both a levy under section 74 of the Local Government Finance Act 1988 and a levy by virtue of section 71 of this Act.

(7) In this paragraph—

"the designated date" has the same meaning as in section 64 of this Act;

"National Park planning board" has the meaning given by section 64(9) of this Act;

"Welsh National Park planning board" means a National Park planning board for the area of a National Park in Wales;

"year" means a period of 12 months beginning with 1st April;

and any reference to the issue of a levy under section 74 of the Local Government Finance Act 1988 by a Welsh National Park planning board is a reference to the issue of a levy under that section by such a board by virtue of subsection (7) of that section.
