Good morning Stephanie,

National Grid exercises its right to place a Holding Objection to the above proposal which is in close proximity to a High Voltage Transmission Overhead Line and Underground Electricity Cables.

National Grid's Overhead Lines and cables are protected by a Deed of Easement/Wayleave Agreement which provides full right of access to retain, maintain, repair and inspect our asset.

REASON FOR OBJECTION: National Grid require the applicant to overlay our shapefiles (via the link below) to be overlaid onto their plans and sent through to us to determine the impact on our assets ahead of making a considered decision.

Please can this activity be carried out and returned to us asap for our review?

Any questions please let me know.
