Comments	<p>Thank you for consulting the Environmental Protection Team on this application.</p> <p>The acoustic report submitted in support of the application identifies that there are a number of properties that will experience a significant loss of amenity and for which there is no further cost-effective mitigation available. This negative impact ought to be balanced with positive impacts on noise exposure that the proposed scheme will provide at other locations.</p> <p>I therefore offer no objection to the scheme, but recommend that a condition be applied requiring that a Construction Noise and Vibration Management Plan be submitted and approved in writing prior to the commencement of the development. Such a plan may form part of a wider Construction Environmental Management Plan.</p> <p>Regards</p> <p>Alick Natton Environmental Health Officer Vale of White Horse DC South Oxfordshire DC Abbey House Abbey Close Abingdon OX14 3JE</p>
