Comment Details

Commenter Type: Neighbour response

Stance: Customer objects to the Planning Application

Comment Reasons:

- Highway Safety/Parking

Comment: I understand that 5.5m is the minimum width for a two lane road.

My concern is that, despite the prevailing 20mph speed limit (which is generally ignored as has already been reported to WY Police through the local Neighbourhood Watch), such a narrow road, together with what will remain poor sight lines for traffic travelling North across the bridge, will result in 'surprise' meetings on the bridge causing vehicles to mount the pavement.

I also feel that, given the amount being spent on the project, footways should be provided on both sides of the carriageway.
